Stock Breeders' Committee Meeting.

The meetings of representatives of stock bredeers' associations, announced to be held in Toronto, March 23rd to 26th, were well attended. A lively interest was manifested in each, and much business of a practical nature was transacted. The outlook in all lines of stock raising appears encouraging. The directors of the

of the

met in the Palmer House, Toronto, on Tuesday, March 23rd. There were present the

Verbal reports were given by Mr. Hobson
and Mr. Johnston on behalf of the Tariff and
Transportation Committees. Mr. Johnston referred at some length to the impedied schedule
of freight rates and classification which the
railroads had conceded in response to the
representations of the Committee, and which
were published in the last issue of the FarmER'S ADVOCATE.

The Secretary suggested that an effort
should be made to secure reduced rates for
carloads of pure-bred stock to Quebec and the
Maritime Provinces, similar to those obtained
for shipments to Manitoba and the Northwest.

Mr. G. S. Mc Donald, Montreal, addressed the
meeting at considerable length, explaining the
results of his investigations on the subject of
railway tariffs and classification, condemning
the extraordinary discrepancy between the
rates charged for small shipments of live stock
as compared with carload lots, small lots
being listed in 1st class and car lots in 9th
class, and claiming that the difference should
not be more than from 40 to 100 per cent.

An executive committee was appointed, to
consist of Messrs. J. I. Hobson, J. C. Snell, A.
Johnston, D. McCrae, and the Secretary. The
same committee to be the programme and
transportation committee.
