THE FARMER'S ADVOCATE.

GOSSIP

Bishop Sanford Olmsted, of Colorado, at a dinner in Denver, said apropos of Sabbath breaking : "I was talking to an Eastern clergyman the other day about his church attendance. 'I suppose,' I said, ' that in your district rain affects the attendance considerably.' He smiled faintly. 'Indeed, yes,' he said, 'I hardly have a vacant seat when it is too wet for golf or motoring.'

An old farmer who lived by himself sent for the parish grave-digger and explained to him where he wished to be buried. And here, Sandy," said he, "are ten shillings for digging my grave. Ye see, ye wadna, meybe, be sae sure o' the pay efter I'm awa'."

"''Deed, sir," replied Sandy, overcome at such unwonted liberality, "it wad be a pleasure tae me tae dig yer grave for naething at ony time.'

W. R. Elliott & Sons, Guelph, Ont., write: "Our Shorthorns are on the pasture, and looking well. Our present crop of calves, sired by Wanderer's Star =48585=, are the most promising lot ever bred at Haple Hill, and among them are several young bulls that are worthy of the attention of anyone requiring a right good calf. Their breeding is good, being sired by Wanderer's Star, he by the \$2,000 bull, Wanderer's Last (imp.), dam Sittyton Lavender 9th (imp.), by Silver Plate, and their dams are imported and home-bred cows of good breeding, and are also mostly heavy milkers. We would also sell some one- and twoyear-old heifers, and some young cows at very moderate prices. Anyone wanting a young bull will do well to look them up early, as we have been entirely sold out of bull calves of our own breeding very early in the season the last two years, and this season's crop will also be sold very reasonably. Visitors will be met by appointment at Guelph, two miles from the farm.'

"It requires a vast deal of courage and charity to be a philanthropist," Sir Thomas Lipton was saying the other day apropos of one of Andrew Carnegie's book-bounties. "I remember when I was just starting in business. I was very poor, and making every sacrifice to enlarge my little shop. My only assistant was a boy of fourteen, faithful and willing and honest. One day I heard him complaining, and with justice, that his clothes were so shabby that he was ashamed to go to chapel.

" ' There's no chance of my getting a new suit this year,' he told me. 'Dad's out of work, and it takes all of my wages to pay the rent.'

" I thought the matter over, and then took a sovereign from my carefullyhoarded savings and bought the boy a stout warm suit of blue cloth. He was so grateful that I felt repaid for my sacrifice. But the next day he didn't come to work. I met his mother in the street and asked her the reason.

" Why, Mr. Lipton," she said, curtseying, ' Jimmie looks so respectable, thanks to you, sir, that I thought I would send him round town to-day to see if he couldn't get a better job."

Mr. A. C. Hallman, Breslau, Ont., writes : " Business and sales have been good the last year, in both Holsteins and Tamworths, and numerous sales have been made. My herd of Holsteins now consists of some 35 head of very choice animals. My herd bull, Nanuet Pietertje Paul, first prize at Toronto in the twoyear-old class, has developed very nicely, and is leaving splendid stock. For individual excellence and uniformity of type, I consider my herd is hard to equal. In Tamworths, business has been exceedingly good. Numerous sales have parts of the United States. I have ju made a very valuable addition to my herd by a recent importation direct from England. I secured an exceedingly handsome pair of pigs from the famous herd of R. Ibbotson, Knowle, Warwickshire, England. The boar, Knowle King David, farrowed July 13th, 1906, is just the type I was looking for. He is very smooth and strong in every point, great length, very even, nice bone and beautiful color. His breeding is right in the purple, his sire having won many first prizes at leading English shows. I believe he will make one of the best boars ever brought to Canada. In the sow, Knowle Sultana, I was equally fortunate in getting a prize. She is ten months old and a regular beauty, wonderfully even, great depth of side, standing on excellent legs and feet. Her breeding is gilt-edged. Her dam, Knowle Beauty II., won five first prizes and three cups in 1906, competing against all breeds. She was bred to Knowle Surprise, whose dam, Cholderton Buzzar, won gold medal at R. A. S., in 1906, and his sire, Knowle Bounder, also first prize at same show. She farrowed a litter of 12 pigs, July 1st, eleven of which are living. They are a very fine, strong, even litter, without a spot or swirl. I feel that I have one of the best sows in Canada for her addition to Spring Brook herd."

CLYDESDALES FOR CANADA. Mr. R. Ness, of Howick, Que., has pur-chased from Messrs. A. & W. Montgomery a couple of two-year-old colts, a. two-year-old filly, a yearling colt, and a yearling filly. The two-year-old colts were Fickle Baron (13474) and Fusilier (13482), both bred by Messrs. Montgomery, and got by Baron's Pride, out of full sisters, which were by Macgregor, grandam by Cedric, great-grandam by Knight of Lothian, while the great-greatgrandam was the famous Barlae Doll. These colts are, therefore, of the most illustrious breeding, and individually they are a credit to their excellent lineage. The two-year-old filly was got by a son of Sir Everard, and won second at the Kirkcudbright and Dalbeattie shows when in the hands of Mr. John Montgomerv. The yearling colt and filly are both got by the Highland champion horse, Benedict, which the Messrs. Montgomery repatriated after he had been sent to America. The colt won second at the recent Castle-Douglas Show, and the filly was bred by Mr. Philips, Dildawn, and is out of a Lord Lothian mare. Mr. Ness, says a Scottish exchange, is not taking out such a large lot as usual this time, but he was very particular about them age. The pair will make a very valuable being extra good.
