## All Need Life Insurance

Life Insurance not only protects those dependent upon you as no other investment can, but it is the surest preventative of poverty in old age that civilization has produced. There is no better "old age pension" fund, the payments for which are largely at your own disposal.

You need it for the protection of your business; it has often proved a man's greatest friend. You may have it payable in a lump sum to provide for unforeseen losses through business troubles, or it may be paid in equal monthly sums as a guaranteed support to your family after death.

You need it when the storms of life are about to lift the waters of adversity above your head. Whether you be poor or rich, young or middle-aged, you need life insurance NOW. Now is the only time to take out your first policy, or add to your present security.

To get into the Ark of Safety see one of our agents or write to-day for particulars of our inexpensive, liberal policies, giving age and date of your nearest birthday.

First-class openings for agents in Toronto and other points in Ontario. Write to H. A. Kenty, Superintendent of Agencies.

## A Good Projection Lantern

The Victor Projection Lantern is highly recommended by us as one of the most convenient and efficient

of its kind. We have introduced it to many Sunday Schools and Churches during the past few years, and it has given uniform satisfaction. If you have the opportunity of visiting this city, we shall esteem it a pleasure to show it to you and demonstrate its many excellent features. A room for this purpose is among the facilities of this house in order that customers may be shown actual screen exhibitions of slides and lanterns in which they may be interested.

May we send you particulars and literature?

## "The Only One"

THE Mutual Life of Canada is the only life insurance company in Canada established and operated on the Mutual Basis.

This means that The Mutual Life of Canada is absolutely the only company ever organized in this country for the express purpose of selling life insurance at net cost.

Every dollar earned by The Mutual Life of Canada is used to increase the insurance for the same premium or to give the same insurance for a reduced premium.

The Mutual Life of Canada is the only truly democratic, "people's" insurance company ever organized in the history of this country.
