DR. KITCHEN **DISCOURSES** ON LOUVAIN

Tells Knights of Columbus of Former Glories of Belgian University Town and Describes Her Sad State Now

A great intellectual treat was afforded the Knights of Columbus and their friends last night, when the Rev. Dr. Kitchen discoursed before them on

Louvain. Many years of study in the famed university of that city, had given the learned lecturer a most intimate knowledge of its student life, and in a pleasing manner he laid before his listeners a picture showing how compatible with the most serious study may be the rollicking prankish and

The story of the old bookseller of Louvain, moved the audience to mirth. This old fellow was a perfect gentleman on one side, so suave, so courteous, so obliging, but on the other he was all that was mean. He was avaricious, cunning and miserly, and carried this so far, that it might be said of him in truth, that he would skin a

After painting all the glories and dimensions of the University, with its marvellous laboratories, and immense Mbrary, and the vast minds that seemed to overflow even the immensity of that great seat of learning, he turned to the sad history of Belgium.

He touchingly referred to the valour and heroic fortitude of her noble sons. He pictured for his eager and sympathetic hearers the ruined shrines, cathedrals, palaces, hospitals and schools. He laid before them a sad picture of ruin complete, of devasted fields and desolated homes.

PATRIOTIC DANCE GREAT GOOD TIME

Engineered by Young Ladies -It Was Held at British Hall Last Night and Proved Most Successful

The Patriotic Dance arranged by Misses L. Brown, F. Ewing, Marie West and S. Taylor, took place at the British Hall last evening and was a decided success. A large number of young folk were present and a very enjoyable time was spent. The music was furnished by Mr. Ryall's orchestra and was splendid.

At midnight the party sat down to supper, which was provided by a number of lady friends of the promoters. The receipts are not yet known, but
