WANTED

WANTED—Entire Series of Powerfully Fortified Bulgar Positions Taken
FOE FLEE IN DISORDER
Berlin Admits Defeat—Fight Endured Four Days

HEAVY BATTLE

BY SERBS

London, Dec. 5.—The Serbian official communication issued yesterday tells of the capture of heavily fortified Bulgar positions north of Grunishite and Budimirta, east of the Cerna River in Serbia, in fighting lasting over several days and in which the Bulgarians suffered heavy casualties and lost prisoners, guns, machine guns and ammunition. The statement says:

"After sanguinary fighting, lasting several days without interruption despite the bad weather, the difficulties of terrain and the desperate resistance of the enemy, our troops by a brilliant attack yesterday captured an entire series of powerfully fortified Bulgar positions in the region north of Grunishite and Budimirta. The ruins of the ancient fortress above Grunishite are in our hands, and the Bulgarians are fleeing north, leaving a large number of dead on the battlefield.

"By this brilliant victory we captured numerous trophies, including five field guns and five caissons, many machine guns, a quantity of ammunition and other material and many prisoners who have not yet been counted. The number of guns we have captured up to now total 75."

Berlin Admits Retreat.
The realignment of a portion of the Germano-Bulgar front in Macedonia, east of the Cerna River, is announced by the War Office in its official statement on operations along the Macedonian front. The change followed the capture of a height situated on the east bank of the Cerna, which was taken Sunday by the Serbians and the alteration of a part of position there in this connection has no influence upon the situation in Roumania, which are being striven in the effort to obtain a decision.

The French War Office report read:

"At a point to the east of the River Cerna on December 3rd, Serbian forces occupied a height to the north of Grunishite. The enemy has driven back in disorder upon Stravina."

BOMBS WRECK RUSS SHIPS

Terrible Havoc Wrought by Explosion in Archangel Harbor.
A CHARGE MADE That Bombs Were Laid to Conceal Thefts
New York, Dec. 4.—The steamships blown up in the Russian harbor of Archangel several weeks ago with the loss of millions of dollars in munitions and other war supplies were destroyed by bombs placed in the cargoes of the ships at the pier of the Bush Terminal Company in this city; it was charged today at police headquarters by the imperial Russian Embassy.
According to the Russian representative, I. Nedakov, the bombs were planted to hide evidence of extensive thefts in this country. Samuel Gatter, a Brooklyn junk dealer, has been arrested in connection with the case, on a Federal charge of having stolen articles in his possession. The police alleged that Gatter had in his possession binoculars which had been identified as part of a \$12,000 shipment consigned to the Russian government by a Rochester firm.
According to the official report of the explosion from Petrograd, 341 persons were killed and 667 hurt. According to the German Overseas News Agency seven steamers were blown up and thirty-seven storehouses were razed by the force of the explosion.
The German report said that a German submarine was responsible, having torpedoed the steamer Baron Breclini, one of the ships at anchor in the harbor. The report described the harbor as resembling at the time a "burning volcano."
The explosion occurred about November 15, although both the date and the circumstances as cable from various sources were indefinite.
