U-BOATMENACE COMBATTED BY BRITISH SUBS

Old Belief That Submarine Could Not Sink Submarine, Shattered

London, May 27.—(Via Rector's Limited)—The sinking of a German submarine by a British submarine off Cape St. Vincent shows that the British have cruising submarines, and this is only one incident where a submarine has sunk a submarine, says Archibald Hurd in The Daily Telegraph. The Cape St. Vincent incident took place more than 2,000 nautical miles from Plymouth. "In neutral countries," the naval critics continue, "it has been assumed that only the Germans could build submarines capable of operating far out in the Atlantic. Conclusive evidence is now supplied that we also possess submarines which can cruise far afield, remaining at sea many days on end without refuelling and reequipping."

It is indeed no secret to the Germans that soon after the outbreak of the war a large number of submarines were laid down in this country. It is also no secret that for many months past many of these craft have been used in submarine hunting.

"Four or five years ago it was claimed in some quarters that a submarine could not fight a submarine, and later on the Germans adopted that theory only too readily as events have shown. They were wrong. "British submarines have been employed in this way with great success. They also have proved useful in convoy work."

PRESIDENT WILSON WALKS THROUGH CHEERING CROWDS IN NEW YORK.
 Alone except for the ever present guard of Secret Service men on all sides of him, President Woodrow Wilson is shown walking up Fifth Ave., N.Y. City. He kept his hat raised almost continuously responding to the enthusiastic greetings from the crowds as they caught a glimpse of the war-time President.

TRIED TO COMMIT SUICIDE

 bars and then jumped from his bed with the rope about his neck. James Hutton, another prisoner, was in the same cell, and was awakened by the noise. He immediately cut ladders down and summoned Governor Jones. Drs. Secord and Palmer were called, and the Indian, who was in an unconscious condition, was put under medical care. He will no doubt recover from the shock, but in the meantime a night guard will be placed over him.

Farmers Home From Ottawa

The Farmers' M.S.A. Committee appointed as a delegation to wait on the Cabinet Ministers at Ottawa were present at a general meeting on Saturday afternoon and made reports. The Court Chambers and corridors were packed and though the meeting had received little advertising over 400 people were present. The delegation, Messrs. C. W. Guerne, Jos. Dunston, Frank Cross, and Alf. Kendrick reported that no satisfaction had been obtained from the Government and suggested no way of getting round the Act. W. F. Cookshutt, M.P., and Arthur Hawke, parliamentary journalist were present and presented the situation to the farmers. However no action was taken, those present being unable to present any practical suggestions.

P. F. Brockel, of Belleville, has been appointed supervisor of the soldiers of the soil for six counties in that district.

Feldcamp, song and piano solo; Misses Patterson and Thomas piano duets.

As this was the election of officers for the coming year, Mrs. J. J. Burke, before retiring, thanked the ladies for their good work during the year and their kindly co-operation, and congratulated them on all they had achieved, and wished them every success in the years to come.

Mrs. J. J. Hurley occupied the chair while the officers were elected as follows:

President, Mrs. C. Edmondson; 1st vice-president, Mrs. J. J. Burke; 2nd vice-president, Mrs. A. Edmondson; secretary-treasurer, Mrs. A. Williams; assistant secretary-treasurer, Mrs. F. Brillinger; board of directors, Mrs. Geo. Smith, Mrs. J. L. Barnes, Mrs. A. Cornell, Mrs. J. W. Foster; district representative, Mrs. J. J. Burke; press correspondent, Mrs. M. W. Smith; representatives to annual meeting, Mrs. H. F. Patterson, Mrs. Williams; Mrs. C. Edmondson, Mrs. A. E. James; auditors, Mrs. Cornell, Mrs. Mowat; pianist, Mrs. J. W. Foster.

The secretary's report for last year was well given, and shows a busy year. Members, forty-six; meetings, ten; addresses, thirty-six; four Red Cross teas; six quilts; seventy-five parcels sent to boys overseas. These parcels contained soap, vermin suits, chocolate, maple sugar, handkerchiefs, writing pads, envelopes, pencils, soap, wash-cloths, towels, and sugar and french candies.

During the year there have been 176 pairs of sock knit; 155 pairs pyjamas made; ten pairs sock given to boys at present enlisting. Credit must be given the school children, who have knit wash cloths and 32 pairs sock. The meeting closed by singing God Save the King and God Save our Splendid Men.

OFFERTORY COINS.
 A census, not of heads, but of coins in the collection-plate, was taken in the United Free Church congregation of Edinburgh on a single Sunday. The number of coins amounted to 36,121, of which 20,839 were pennies. Of silver coins the three-penny-piece, of which there were 5,213, were far and away the most frequent, being nearly twice as numerous as the sixpences, and four times as numerous as the shillings. There were, indeed, more three-penny pieces than halfpennies in the collection-plate.—E. Suffolk Gazette.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts For Backache or Bladder Trouble.
 Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacy four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drugists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

CAKE OF SOAP CAUSED RIOT

Two British Sailors Start Trouble in Halifax—\$5,000 Damage

Halifax, N.S., May 27.—Mob rule prevailed in the downtown section of this city Saturday night, when a crowd of soldiers, sailors and civilians attacked the city hall and caused damage estimated at \$5,000. The police court was wrecked, most of the windows in the building were smashed, the office of the City Engineer was damaged by chemicals used to extinguish an incipient blaze started by the rioters, the city patrol wagon was thrown into the harbor, and an automobile and a large crowd were taken from the wagon shed and badly battered.

So far as is known, no one was seriously hurt in the melee.

The trouble started about 8 o'clock in the evening, when two British sailors were arrested by Policeman Linnor in F. W. Woolworth's five and ten cent store on Barrington street for refusing to pay for a purchased cake of soap. One of the sailors was taken to the police station at the city hall, but the other escaped, and evidently enlisted the sympathy of a number of soldiers and bluejackets, for the police were notified about 5 minutes later that a large crowd had collected at a street corner a few yards away.

LOSS OF APPETITE

Loss of appetite is accompanied by loss of vitality, which is serious. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is necessary for their proper performance of their functions.

Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments that are so prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

Hood's Sarsaparilla makes the rich red blood that the stomach and other digestive organs need. Get it today.

"THE FLANEUR"
 A Widely Appreciated Department
 Appearing Every Saturday in
The Mail and Empire.

Many years ago the late Mr. Wiltshire thought that a page devoted to whimsical observations on men, manners and customs would be of interest to readers of The Mail and Empire. He wrote under the pen-name of "Flaneur," which means "Man about Town."

This page has continued, and has been much appreciated and many enquirers seek it for information on all sorts of subjects, whether social, literary, scientific or general, which Flaneur gathers or comments on for his weekly readers. Flaneur, with the friendly aid of thousands of readers from Canada, the United States, and from even further fields, is a constant source of help to many readers, and receives many letters of commendation from all sorts and conditions of men. Many a well known Canadian Poet began his literary career as a contributor to his page.

This, and other special features, combined with its unique position as a national newspaper, give outstanding leadership to The Mail and Empire.
