

## McClary's Kootenay

**T**OP, bottom and all four sides of the Kootenay oven are evenly heated. That is why it is so famous as a dependable baker. There is a thermometer, too, to tell whether the heat is right or not.

No range is quite so easily managed. Duplex grates clear the ashes at a single turn. Burnished cooking-top never needs blacklead. Nickered steel oven walls are kept clean with a damp cloth. Well-fitted joints and dampers hold the fire—and the oven heat—for hours. Let us show you the Kootenay.

WATERDOWN,

ONTARIO

It was a grand review of German troops at Potsdam. The Kaiser called out to the officer commanding the Prussian Guard in a voice loud enough to be heard by all the distinguished guests around: "Pick me out a hundred men from the Prussian Guard." Then, taking the arm of our late King Edward VII., he escorted him round the hundred men, and said bantering-ly: "Well, do you think you could find a hundred men in England to beat those?"

"I don't know about that," promptly replied the late king, "but I could easily find fifty who would try."
