

HAIR HELP So many persons have hair that is stubborn and dull. It won't grow. What's the reason? Hair needs help just as anything else does at times. The roots require feeding. When hair stops growing it loses its luster. It looks dead. AYE'S HAIR VISOR acts almost instantly on such hair. It awakens new life in the hair bulbs. The effect is astonishing. Your hair grows, becomes thicker, and all dandruff is removed. And the original color of early life is restored to faded or gray hair. This is always the case.

Chipman of Grand Pre were delegates at the Methodist conference held here Wednesday and Thursday. Mr. John K. Martin, who has been seriously ill for some time with pneumonia and other complications, is recovering slowly and is now able to walk out a little. Elijah Forsyth, of this town, has a promising colt foaled this spring, sired by Sir William, dam, his Sherman Frenchman mare. The youngster shows evidence of speed. For a June thunder storm, that of last Friday was very heavy. The lightning burned out the fuses in the telephone central at Pentz's drugstore here. Stephen Duncanson's barn at Mount Pleasant, near Hantsport was struck and somewhat damaged. The lightning also did considerable damage in the Middleton central telephone office. During the storm the rain fell in torrents. Miss Nettie Burgess gave a reception to Miss May Earle on Thursday evening. The W. W. W. Club were present, and all had a royal good time. Miss Earle favored the company with a recitation and also sang a song, both of which were well rendered. During the evening refreshments were served, and in addition to the feast of reason the inner man, or w. man, were satisfied. The schr Rebecca Tauln, Capt Smith, master, Boston, recently loaded plaster at Cheverie for a Yankee port. After leaving her anchorage she was found to be leaking and was run up the river opposite Hantsport, where she is being caulked. The load of plaster is thought to have strained her bottom. Capt Smith says the season is two weeks earlier here than in the U. S. A very interesting picture was taken the other day by A. E. Cornwell, photographer, of this place. The photo included five generations, as follows: Roland M. Davison, Mrs. A. W. Davison, Mrs. C. Margeson, Mrs. T. A. Robinson and Mrs. D. Messenger. The latter being great grand mother to the first mentioned. There are probably few families who can show as many generations. A Sunday school superintendent, who happened to be a dry goods merchant and who was teaching a class of very little tots, asked when he had finished explaining the lesson: Now, has any one a question to ask? A very small girl raised her hand. What is it, Martha? asked the superintendent. Why, Mr. Brooks, how much are those little red parasols in your window? said Martha.—Current Literature.

A Lady's Lunch Has been rudely defined by some cynic as "slops and sweets." And after all there's more truth than poetry in the definition. Ice cream and cake may satisfy the palate, but they are far from satisfying to the stomach, which requires that food be nutritious first and nice afterward. By careless eating women pave the way for stomach "trouble," and its kindred miseries. Dr. Pierce's Golden Medical Discovery is confidently commended as a cure for diseases of the stomach and by curing diseases which prevent the assimilation of food it enables the body to be built up and strengthened in the only way known to nature—by food digested and assimilated. "For twelve long months I suffered untold misery," writes Mrs. Mollie Colgate, of Randolph, Charlotte Co., Va. "No tongue could express the pain that I endured before I commenced taking Dr. Pierce's medicine. I was unable to eat anything at all. Could not eat anything except bread and tea—or if I did the top of my head hurt so it seemed it would kill me, with all that I could do it would burn like fire. But now, since using your 'Golden Medical Discovery' and 'Favorite Prescription,' I can eat a little of almost anything I want, and can do a good day's work just as anybody else. A letter than I have been for years." Dr. Pierce's Pleasant Pellets cure sick headache.

KINGSPOUR What has happened to the correspondent of this bustling little town—have they gone dead or only to Philadelphia, we wonder. Rumor says we are soon to lose two of our highly esteemed young lady's, which we regret very much—but what is our loss is to be some body else's gain. Mrs. (Capt.) Clement Barkhouse and daughter Florence and sister Miss Ida, went to Halifax last week to meet Capt. Barkhouse. Misses Mabel Spicer and Leora Fuller wheeled to Wolfville last week to attend the Anniversary exercises. Miss's Laura and Hattie Masters also attended the Anniversary. Miss Blanche Lawford arrived home from Mass., recently to spend a few weeks at her home here. Mrs. Palmeter and children and Miss Hart of Montreal, are spending the summer months at Mr. E. Cox's. We are pleased to note that Miss Amy Tupper is recovering from a severe attack of La grippe. Miss Lila Bishop of New Minas, visited her friend, Leora Fuller a few days last week. Mrs. (Rev.) J. M. Austin and children, is visiting her parents, Mr. and Mrs. Benjamin Tupper for a few weeks. Mr. Wm. Hiltz of the D. A. R., visited his home here last week. Mrs. A. Fizzle of Halifax, has been at the Central House during the past two weeks. We had the extreme pleasure of listening to the Canning Brass Band, which played on the Common last Tuesday evening, we hope this is only a foretaste of what may follow. Miss Maggie Redmond of Windsor, was a guest at Mr. E. Hiltz's over Sunday. Mr. Raymond Donald of Welsford, visited friends here on the 9th inst. The Misses M. Spicer and C. Hantsport, entertained a few of their young friends very pleasantly on Saturday the 8th inst.—the Classical music furnished by two prominent young lady's, was very much enjoyed by those present. What might have resulted in a serious accident, occurred on the pier one night last week, when one of the young men of our town, wheeled too near the edge, and barely escaped a bad fall. Kemo Kimo.

"We Can Do No More" SO SAID THREE DOCTORS (IN CONSULTATION) Yes the Patient Has Been Restored to Health and Strength Through the Agency of Dr. Williams' Pink Pills. Among the many many persons throughout Canada who owe good health—perhaps even life itself—to Dr. Williams' Pink Pills is Mrs. Alex Fair, a well known and highly esteemed resident of West Williams township, Middlesex Co., Ont. For nearly two years Mrs. Fair was a great sufferer from trouble brought on by a severe attack of grippe. A reporter who called was cordially received by both Mr. and Mrs. Fair and was given the following facts of the case: In the spring of 1896 I was attacked by La grippe, which I was treated by our family doctor but instead of getting better I gradually grew worse, until my whole body became racked with pain. I consulted one or the best doctors in Ontario and for nearly eight months followed his treatment but without any material benefit. I had a terrible cough which caused intense pains in my head and lungs; I became very weak; could not sleep, and for over a year I could only talk in a whisper and sometimes my voice left me entirely. I came to regard my condition as hopeless, but my husband urged further treatment and on his advice our family doctor, with two others, held a consultation the result of which was that they pronounced my case incurable. Neighbors advised me to try Dr. Williams' Pink Pills, but after having already spent \$500 in doctor's bills I did not have much faith left in any medicine but as my last resort I finally decided to give them a trial. I had not taken many boxes of the pills before I noticed an improvement in my condition and this encouraged me to continue their use. After taking the pills for several months I was completely restored to health. The cough disappeared; I no longer suffered from the terrible pains I once endured; my voice became strong again; my appetite improved, and I was able to obtain restful sleep once more. While taking the pills I gained 37 pounds in weight. All this I owe to Dr. Williams' Pink Pills and I feel that I cannot say enough in their favor for I know that they have certainly saved my life. In cases of this kind Dr. Williams' Pink Pills will give more certain and speedy results than any other medicine. They act directly on the blood thus reaching the root of the trouble and driving every vestige of disease from the system. Sold by all dealers in medicine or sent post paid at 50 cents a box, or six boxes for \$2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont.

Mrs. Muggins—I've been at him for six months to buy some new furniture for the parlor, and he has just paid \$10,000 for an old seat in the Stock Exchange.—Philadelphia Record. CORN! CORN! CORN! Tender corns, painful corns, soft corns, bleeding corns. The kind of corns that other remedies have failed to cure—that's a good many—yield quickly to Putnam's Painless Corn Extract. Putnam's Corn Extract has been a long time at the business, experiences in fact just know to do it. At druggists. Teacher—Tommy, what are you doing to that little boy? Tommy—Nothing. He wanted to know if you take three from five how many will remain and I took three of his apples to show him, and now he wants them back. Teacher—Well, why don't you give them back to him? Tommy—Cause then he would forget how many are left.—Chicago News. Cook's Cotton Root Compound Is successfully used monthly by over 700,000 Ladies. Safe, effective. Crossberry of 168 Richmond Street, Toronto, says:—My daughter's nerves were so exhausted and she was so weak and debilitated that she had to give up work and was almost a victim of nervous prostration. Stephens, the Halifax sprinter, got first place in the first heat in the 100 yd race at Buffalo, but was defeated in the final. The N. S. Methodist Conference meets at Lunenburg June 18th, and will continue a week. Bermuda is also included in this conference. THE CAUSE OF NERVOUS HEADACHE This most distressing and common malady doubtless has its origin in some unbalanced condition of the nervous system. Probably the simplest, safest and most efficient remedy is Poison's Nervine. Twenty drops in sweetened water gives immediate relief, and this treatment should be supplemented by bathing the region of pain with Nervine. To say it acts quickly fails to express the result. Sold everywhere in large 25c. bottles. His Sister Did The cross examiner was a smart man, whose object was to discredit the witness and discredit his testimony. What did you say your name was? Michael Doherty. Michael Doherty, eh? Now, Doherty, answer this question carefully. Are you a married man? O! think so, O! was married. So you think because you got married that you are a married man, do you? Now, tell whom you married. Who O! married? I married a woman. Now, don't you know better than to trifle with the court? Of course you married a woman. Did you ever hear of anyone marrying a man? Yes, me sister did. After Work or Exercise POND'S EXTRACT Soothes tired muscles, removes aches and stiffness and gives the body a feeling of comfort and strength. Don't take the weak, watery witch hazel preparations represented to be "the same as" Pond's Extract, which easily sour and generally contain "wood alcohol," a deadly poison. Windsor District Meeting The annual meeting of the Windsor District of the Methodist Church held here on Wednesday and Thursday of last week, was a very successful gathering. Even circuits and missions were represented. The reports and schedules gave reason for gratitude. Over \$14,000 has been raised for all purposes—an increase of nearly \$1000 over last year. The convensional funds show a good increase, especially the Missionary Fund which is \$128 ahead of last year. On all circuits there have been manifestations of the converting power of God, but on account of deaths and many removals the total membership shows a slight decrease. In most places there seems to have been a waning interest in the young peoples societies and more emphasis laid upon the time honored class and prayer meetings. The trial sermons by the candidates, Messrs. O'Brien and Hockia, gave promise of further use in the ministry. The meeting closed late Thursday night. Heartly votes of thanks were given to those who kindly entertained the visitors and to the choir for their excellent service. Wizard's Liment Cures Diphtheria.

My husband says he's a bureau drawer. He sits in one of the city bureaus and draws a salary.—Philadelphia Times.
