PROTECT THE FARMER.

In last evening's issue of The Planet appeared an editorial comment on the much needed revision of the tariff, commending Mr. H. S. Clements, M. P., on the excellent and popular stand taken by him in the House on Friday. In view of the fact that the government seems inclined to do nothing towards this important reform, Mr. Clements has quite properly taken up arms in the interests of the farmers, who, under present conditions are working under a great and serious disadvantage, and is pressing the Premier for Premier for a fulfillment of Liberal pre-election pledges, and urging the Government to adopt some legislation which will tend toward bringing about equality of tariffs.

Mr. Clements is not alone in his fight against the present policy of the Government. He is backed by every agriculturist in the Dominion. The Toronto Mail and Empire also, in following up along the same lines adopted by Mr. Clements in his speech in the house, has the following to say editorially:

"There is one free trade proposition that the Ottawa Ministers and their organs have still the courage to maintain—namely, that protection is valueless to the farmer. Evidently they think that the farmer has no such keen sense of the possibilities of the home market as the manufacturer has and that he has little appreciation of the advantage it would give him in that market to have his products adequately protected. At all events, while ministers have become discreetly silent about free trade in relation to other departments of industry, they think it quite safe to keep on insisting that agriculture can stand it. Sir Wilfrid Laurier, the Cobden medalist, and Fielding who was to have taken the axe to the tariff, saw their way to the adoption of a duty of \$7 a ton on steel rails, but they put corn on the free list. They presume too much on the simplicity of the agriculturists. In the United States the farmers are protectionists, as manufacturers are protectionists, from motives of self-interest. The McKinley tariff hedged about the domestic market with duties that barred the entrance of agricultural products of other countries. The tariff dealt an almost finishing blow to barley-raising in this country and gave a great impetus to it in the United States. The American farmers resented the Wilson Bill of the Democrats as much as the manufacturers did. In the Dingley Act the farmers have the protection they wanted. It is not to be supposed that our farmers are less wide-awake than their competitors across the line. What the latter have found good would be good for the Canadian farmers, and they are entitled to have it. They will not be content to have the balance of trade in agricultural products constantly increasing in favor of the farmers in the United States.

Mr. Clements' timely speech on this subject in the House on Friday will strike a responsive chord throughout agricultural Canada. The Dominion Government is understood to be desirous that as many as possible of the immigrants from abroad shall be farmers. It is very sensitive to hints that its agents in Great Britain and on the Continent encourage skilled workmen to come here, but it cannot have too many agricultural newcomers. It cares not how much it increases competition in the production of Canadian grain, roots, live stock, dairy products, etc. The more our farmers increase in number and in the volume of their production, the more should the products of foreign agriculturists be excluded from the Canadian market."

TIMELY LEGISLATION.

During the last night of the recent session of the Ontario Legislature a measure of special importance to farmers was adopted. The act provides in effect that all agreements or stipulations providing for trial of action at a particular place shall be null and void. This law will compel the trial of all Division Court suits against farmers and others at the Court nearest which the defendant resides, unless the whole cause of action has arisen in some other place. In the case of County and High Court actions, it is left to the judge to direct that the trial shall take place at the most convenient and least expensive place for trial. Manufacturers of implements and nurserymen, in selling on time, have been in the habit of inserting a clause in their agreements of sale that, in case of litigation arising, the case shall be tried in the Court nearest the seller's headquarters. These agreements are now rendered null and void, and trial will take place at the point most convenient for defendant.

TOWNSHIP COUNCILS

HARVICH COUNCIL.

A special meeting of the council was held in the Township Hall on Monday, May 28th.

All members of the council were present. Communications read: Jas. Bell, C. E. wrote giving estimate cost of new bridge over McGregor Creek, Base Line. G. A. McCubbin sent in his report on the Wright drain. J. C. Locke, undertaker, Ridgeway, wrote re funeral expenses of Sands' child and enclosing his account for the same.

A by-law for a tile drain loan to J. Bayly was finally passed and signed.

Charles Mallory, Jr., was appointed pathmaster for Eriau.

The Hutchinson drain by-law was provisionally adopted and June 20th set at the date for the Court

TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hell, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3383 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

Complete External and Internal Treatment for every Humour, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, Ointment, and Resolvent (also in form of Chocolate Coated Pills, in vial of 99), may be had of all druggists, chemists, and mail order houses. For full particulars, send for free literature. "How to Cure Disfiguring Humours."

BRISCO'S

of Revision on the same, to be held in the Township Hall.

Councillors W. J. Corlett, G. S. Gerber and J. T. Walters were appointed commissioners on the various drains not yet completed in their respective wards.

Moved by Gerber and Corlett, that the Reeve and J. B. Clark be a committee to inspect the road grader of ward 3 re the feasibility of expending further money in repairs or to consider the purchasing of a new one, with power.—Carried.

Moved by Gerber and Corlett, that the Clerk ask for tenders for the erection of a new bridge as per engineer's specifications over McGregor's Creek, Base Line, contractor to erect a temporary structure with the old bridge material; tenders to be in the hands of the Clerk by June 11. Plans, etc., to be seen in Clerk's office. Lowest and not any tender tender necessarily accepted.—Carried.

Moved by Corlett and Clark, that the Clerk notify the M. C. R. authorities to improve the approach to their tracks on the 18th and 19th Sideroad, E. C. R., for public travel.—Carried.

W. D. Samson and Theo. Pickering were heard re drinking water, sanitary condition and railway grievance at Eriau.

Moved by Young and Corlett, that as complaints have been made to this council by property owners of Eriau that the railway company have laid their tracks on the township road allowance, resolved that the Clerk notify the railway company to notify the proper authorities of the railway to have the tracks removed forthwith.—Carried.

J. B. Clark, W. J. Corlett and the Reeve reported re Hughson grievance, etc., in reference to the water on the west side of the Communication Road ditch adjoining the property of J. H. Hughson in view of the fact that a portion of the water comes from the adjoining lands; we suggest to Mr. Hughson to take the necessary steps under the D. and W. Act that the rights and interests of all parties may be properly adjusted, and to which he consented.

We also viewed the road on the 3rd Con. W. C. R., from where it enters the Marsh to the waters of the Eau. We found the roadway as far as the railway in fair condition with the exception of a few wash-outs, and arrangements were made with the commissioner of the ward for repair of the places.

In case the waters of the Eau lowered enough the Council would construct a ditch of about 50 rods on the east side of the roadway, next to the Eau, to provide an outlet for the waters of said roadway.

3. The request of S. Rumble, to assist in lowering the tile on the 4th Con. W. C. R., adjoining lot 15, in the 3rd Con. W. C. R., we would not recommend the lowering of the tile owing to the fact that it is through the lands to the west of the said water and owing to the objection of the adjoining ratepayers.

Moved by Gerber and Walters, that the report be adopted.—Carried.

Ex-Councillors Pentley presented his resignation as commissioner on drainage work, and the same was accepted.

Moved by Corlett and Gerber, that the Council of Harvich take steps to have the road allowance between Con. 4 and 5, R. T., open for public travel, and that the Clerk notify Mr. McGeorge, C. E., of Chatham, to survey the boundary from lots 5 and 6 to 12 and 13 sideroad.—Carried.

A number of accounts were ordered to be paid.

Moved by Walters and Clark, that the application of C. Padbury, for Council to pay funeral expenses of Sands' child, be not entertained.—Carried.

GEO. W. RISEBOROUGH, Clerk.

FASHION HINTS

Hand embroidery is a noticeable feature on many of the season's odd waists. The one illustrated is of white linen, embroidered in white. As illustrated, the roll collar, and short puff sleeve with a turned back fancy cuff was given preference, though for cooler days the high collar is more comfortable with the full length sleeve and deep cuff, which may be finished in any of three ways—by buttons and buttonholes, cord loops, or closed in a seam. The closing is at the front by means of buttons and buttonholes. Madras, gingham, lawn, China silk, and dimity are recommended for making.

The quantity of material required for size 36 is 3 3/4 yards of 27-inch goods. Pattern No. 4153 is cut in sizes 32 to 42 inches bust measure. Mailed postpaid on receipt of ten cents, name, size and address to the Fashion Department of C. Austin & Co., Chatham, Ont.

The disgusting discharge from the nose and throat, and the foul catarrhal breath, are quickly dispensed with by using Dr. Shoop's Catarrh Cure. Such soothing antiseptic agents as Oil Eucalyptus, Thymol, Wild Indigo, etc., have been incorporated into a snow white cream making a catarrhal balm unexcelled. Sold by C. H. Gunn & Co.

DISTRICT

BLENHEIM

June 13.—Bert Deacon, of Ridgeway, is filling the position of night operator at the P. M. depot during the absence of Mr. Livingston, who is seriously ill.

F. H. Griffith, of London, is in town to-day.

W. McFarlane, of Weston, called on friends to-day.

The P. M. Boiler Inspector is in town to-day, making a general inspection.

TILBURY

June 12.—Miss Frankie Lee spent Saturday and Sunday with relatives in Detroit.

Mrs. Frederic, of the Middle Road, died on Sunday morning and was buried this morning in St. Francis Cemetery.

Miss Kathleen Cook, of Brandon, Manitoba, is visiting her aunt, Mrs. W. C. Crawford.

Mrs. G. Smith, of Montreal, who has been visiting her sister, Mrs. V. Campbell, left yesterday to attend the ordination of her son as a priest in Cincinnati.

Miss Annie Brophy, of London, who has been visiting her sister, Mrs. H. Lewis, left yesterday to visit relatives in Chicago.

Miss Edna Lockerie, who has been visiting her cousin, Miss Bessie Bartley, for a few days, has returned to her home in Detroit.

ARE GOOD LOOKS VALUABLE?

If nature had her way every complexion would be clear and delightful. But many allow their blood to become weak—hence pimples, sallow skin, dark circles under the eyes. To have a beautiful complexion use Ferrerozone regularly. It brings a rich, rosy glow to the cheeks, nourishes the blood and thereby destroys humors and pimples. For beauty, health and good spirits use Ferrerozone. Your appearance will improve a hundred fold. Fifty cents buys a box of fifty chocolate-coated Ferrerozone tablets. Don't put off—get Ferrerozone to-day.

THAMESVILLE

June 12.—The Chosen Friends are giving a social Monday night at the home of Mr. and Mrs. W. T. Mitton.

Rev. Mr. Blatchford, formerly of Thamesville, is spending a few days in town.

Mr. and Mrs. E. Graves are making an extended trip west.

The band rendered some fine music last night.

The Eckart Bell Ringers gave some choice music in the Methodist church on Sunday.

Mr. Charles Davidson, of Chatham, is spending a few days in town.

Many from town drove yesterday in the storm's path to view the destruction. Felton school house was unroofed. By the presence of mind of Morley Wilkinson, the pupils were safely gathered in the front entry.

The front of Botany church was struck.

Archie McTavish's fine new barn was completely destroyed.

Fysh's school house received some injuries.

There is a great demand for shingles.

Frank and Van Gosnell, from Ridgeway, were in town yesterday.

Frank O'Connor visited Botany yesterday.

Mrs. J. Johnson, spent Thursday at the home of Mr. and Mrs. Elias Shaw, Kent Bridge.

The Misses Gregory spent yesterday in town.

Mrs. Florence McDonald, Zone, spent the week end at the home of Mrs. Jack McMillan, Botany.

Mrs. Kennan and her daughter, of Los Angeles, are making an extended visit with Mrs. E. S. Hubbell.

WALLACEBURG

June 11.—Joseph Side, of Chatham, visited with friends here on Sunday.

Mr. and Mrs. James Annals spent Sunday in Chatham.

Mr. Jas. Rankin and family spent
