

THE ACADIAN.

WOLFVILLE, N. S., MAY 13, 1910.

Death of King Edward.

Last Friday night, with lightning speed, the sad tidings flashed through the civilized world that Edward the Seventh, King of Great Britain and Ireland, of British Dominions beyond the seas, and Emperor of India, was dead.

By this untoward event, for the second time before the first decade of the twentieth century has run its course, the British empire is plunged in profound grief at loss, by death, of the sovereign head of its constitutional form of government.

Many of the schools are provided with good libraries and apparatus for experiments in chemistry and physics. Another feature, namely, the number of schools that are graded and have more than one teacher, indicates plainly the progress and quality of work done.

Three sections were reported with out schools, namely, Clermont, Davison Street and Dalhousie Road. On motion it was voted to continue the same Poor Section List for another year.

S. S. Strong, A. S. MacDonald and W. E. Roscoe were appointed a committee under Section 13 School Act. The inspector reported the condition of the School Land Fund as follows:—In hands of Inspector on deposit receipt \$808.74, in hands of Treasurer \$492.47, total \$1301.21.

By vote of the Board the Inspector is to draw the balance, in hands of the Treasurer, and put it with the balance in his hands, after paying the \$500 voted for the year ending 1910, on deposit receipt in the bank, and should he retire from the inspectorship it shall be handed over to his successor in office.

There are said to be thousands of people fearful that the comet will destroy them by destroying our planet. The cold north, north-east and east winds that sweep this country this time of the year are a greater menace to human life than the comet.

There are people who are fearful that the comet will kill them, that are harboring at their back doors that which is a thousand times more dangerous than the comet, such as filthy closets, sinks, cess pools, pig pens, and other breeders of deadly disease.

The proclamation of the accession of King George V. took place in London on Monday, May 9th, with dazzling and imposing ceremony. The quantity garbed Heralds from four points in the City, with all the fantastic ceremonies of antiquity, proclaimed the accession to the throne, of His Majesty George V., King of Great Britain and Ireland and the Dominions beyond the seas, Emperor of India, Defender of the faith, Sir Alfred Scott-Guthrie, Garter Principal King of Arms, read the proclamation from the balcony of St. James' Palace where for centuries English Kings have been publicly proclaimed.

The deep wood is a beautiful smelting ground this month. Near the entrance one meets M'sieur Squirrel perched on the extremity of the longest branch, twirling (if one is early enough) his breakfast roll between tiny claws, or hurling chattered invectives against the intruding human.

Allen's Lung Balsam. The deep wood is a beautiful smelting ground this month. Near the entrance one meets M'sieur Squirrel perched on the extremity of the longest branch, twirling (if one is early enough) his breakfast roll between tiny claws, or hurling chattered invectives against the intruding human.

Meeting of Board of School Commissioners.

The Board of School Commissioners for Kings county met in the Court House, Kentville, on Tuesday, May 10th, at 10.30 a. m.

Commissioners present:—James Hillz, C. E. Sanford, L. DeV. Chipman, S. S. Strong, J. W. Robinson, Dr. N. Fuller and Henry Shaw. L. DeV. Chipman was appointed chairman for the ensuing year. In reporting upon the condition of schools the Inspector referred briefly to the schools as he found them thirty-seven years ago as compared with the schools of the present term. In 1873 when he became Inspector there were 93 schools and departments taught by 11 teachers. Almost all the school-houses in the county have either been built or enlarged and repaired during this time. New furniture has been provided for most of all the school-houses.

Many of the schools are provided with good libraries and apparatus for experiments in chemistry and physics. Another feature, namely, the number of schools that are graded and have more than one teacher, indicates plainly the progress and quality of work done.

Three sections were reported with out schools, namely, Clermont, Davison Street and Dalhousie Road. On motion it was voted to continue the same Poor Section List for another year.
