

Canadian Exposition

(Continued from page one)

NO DREAM; SOLID FACT
This is no dream, but a hard, solid fact, so much so, that a million dollar company has been formed with Sprehels, the sugar king, at its head, for the promotion of the Los Angeles fair. Advised by the success of the Portland and Seattle fairs in inducing capital and settlers to enter sections where both are needed, the Los Angeles promoters are already in line and working for their fair that is to be held in 1913. To precede that, will give Canada's Exposition a great advantage, but to follow it would be a very serious blunder.

There is the further reason against delay, that the date has been set and inquiries from all over the world show that Canada's Exposition for 1912 has already a fixed place in the calculations of business men and even of governments. France, Switzerland and Germany have taken cognizance of the fact by opening a line of communication with the Exposition committee and the 1912 Centennial has been placed before the United States government by Consul General Jones of Winnipeg who is an enthusiastic believer in the value of the Exposition to the country he represents as well as to Canada.

THERE WILL BE NO POSTPONEMENT
With these and other facts in their possession, the Exposition executives is united against postponement, and will proceed with the same faith and energy that have marked the committee's work throughout, to the completion of the task taken up. The Exposition committee has received very great encouragement from many sources, and in spite of Premier Rutherford's disappointing stand, firmly believes that every province in Canada will come to the support of the Exposition in a liberal

wholehearted manner, when the country shall have become as firmly possessed as the committee of the possibility of making Canada's Exposition a splendid national success. The campaign of education taken up by the committee, which has its headquarters at Winnipeg for the time being, is too new and too recent to be complete; time and the goodwill of the Canadian people will do this to the very great benefit to the country in all its parts.

The hearty appreciation of the Exposition by British Columbia is, of course, highly pleasing to the executive committee, but it is believed that it is only a matter of time and more complete knowledge when all sections of Canada will hold the same opinion and have the same appreciation of the value of the Exposition.

Sunday School Convention

Reports from every part of Alberta go to show that there will be a bumper attendance at the big Sunday School Convention in Edmonton, Oct. 27, 28 and 29. All denominations are interested and will be well represented. General Secretary Kenny expects fully 40 persons to travel 300 miles, or over each way in order to be there. Marion Lawrence, General Secretary of the International Sunday School Association, and Prof. E. O. Excell, of Chicago will assist. A choir of 500 voices and a host of the most prominent workers in Alberta will also take part. The committee is certain that much over 100 delegates will attend and single fare will thus be secured on C. N. R. and C. P. R. Full convention privileges are accorded to all who attend but every school is urged to appoint official delegates who will bring a report to the school.

For the last week of September Canadian Pacific Railway earnings were 31 per cent heavier than in the corresponding period of 1908. The increase for the first week of October was nearly 37 per cent. The growing competition of other lines does not seem to injure the road's position. In a growing country like Canada there is room for them all.
