

TESTIMONIAL TO THE REV. P. MC PHEE.

Received and Dear Sir,

Having learned, with unforgotten regret, that the state of your health necessitates your relinquishment of the Pastoral Charges of St. Andrew's and St. Peter's, ever since you have had control of the past fourteen years, we cannot, however, and Dear Sir, avoid expressing our sincere and affectionate regards for you to which you have established an indisputable claim—in recognition of all the good and kind services which you have rendered to us in your holy office of a Missionary Priest.

We bear cheerful testimony to the zeal and efficiency which have characterized your Missionary labors in this part of the Island. We would be doing justice either to ourselves or to you, Dear Sir, did we omit to acknowledge the extreme readiness with which you have discharged the calls upon your sacred office, at all seasons, and at all hours, without regard to your own personal convenience. Your charities have been widespread and indiscriminate; and your generous hospitalities have long been the theme of admiration of numerous friends, who, without reference to the great or national services which you have rendered to us in your holy office of a Missionary Priest, are so very widely and warmly appreciated.

The long period during which we have been associated as Father and flock have so interwoven our affections—as we believe they have with yours—that your separation from us, even for a time, is regarded by us as a loss which may be repaired;—that your health may be speedily restored in all its vigour; and that we shall again see you amongst us—directing and instructing us as in former days—and being again, as you have been, our honoured and beloved Parish Priest.

In the meanwhile, Reverend and Dear Sir, we humbly hope that, under the favour of God, His choicest blessings may be showered upon you—that perfect health and long life will be vouchsafed to you; and in the meanwhile, also, we pray that you will accept the small Purse accompanying this Address as a very humble tribute of the affection and esteem borne towards you by your numerous Parishioners, on whose behalf we beg to subscribe ourselves,

Reverend and Dear Sir,
Your obedient humble Servants,
DANIEL BRENNAN, Church Warden,
JOSEPH MCANULTY, J. P.,
DENNIS PHELAN,
CHARLES MACDONALD, C. W.,
ANTHONY MCANULTY, C. W.

And very many others.

REPLY.

My Dear Friends,
I have received, with emotions of satisfaction, pleasure, and surprise, which I cannot adequately convey to you in words, the very handsome address which you have just presented to me, together with the very generous present which accompanied it. I assure you I wanted no such testimonial as the present one to convince me of the affectionate regard you entertain for me. I have had many proofs of your sincere attachment to me during the long period of my Missionary labours at St. Andrew's and St. Peter's; and it is a great pleasure to me to know that these labours have been rendered in such a way as to conduce to the spiritual welfare of my late parishioners. During the prohibition of my restoration to good health, it is a pleasure to me to know that I have been able to do good to my spiritual and temporal welfare. In the meanwhile, I may be favoured with frequent opportunities of seeing many of you in your own quiet domestic circles, wherein I have spent so many happy hours in years gone by, without interrupting the arduous labours of my Missionary Priest, at least for some time to come. But under any circumstances, whether I may be again permitted to participate in your joys or sympathize in your sorrows, you may rest assured, my dear friends, that you will always have the foremost place in my remembrance, and the first claim to my prayerful supplications on your behalf.

P. MC PHEE.

St. Andrew's, 1866.

ACCORDING to the Ottawa Times, the Hon. W. H. Pope expressed himself highly delighted with Mr. Galt's new Tariff, which proposes to raise the price of Flour in this Colony a half a dollar per barrel by means of increased duty, and to enormously raise the duty on Tea, Molasses, Tobacco, and other articles of general consumption. We have no doubt at all of Mr. Pope's acquiescence in anything and everything the Canadian policy may propose, however injuriously it may operate on this Colony. He desires to stand well in the estimation, as by doing so he hopes to obtain a Colonial Governorship under Confederation. For this reason he pronounces the Quebec Scheme to be just and liberal, and an application of the new Canadian Tariff to the Maritime Provinces he regards as an admirable piece of statesmanship. We have no doubt the injurious Canadian Fishing License Scheme, which robbed this Province of its rights, and places its inhabitants in an inferior position to foreigners, also meets his approval; and what is worse, whatever measure his approval is certain to be endorsed by the Government. Hence, the adoption by this Government of the Fishing License humbug, and hence, too, the delay in the Elections. Verily, we are a contented people, and enjoy an independent Government!

Any persons desirous of procuring a good article of smoking tobacco should patronize Mr. Chas. Quirk, who has recently opened a Tobacco Factory on Upper Queen Street, directly opposite Stenston's Tavern. See his advertisement in our columns.

THE laying of the Atlantic Cable has afforded Mr. LePage a chance to compose some twelve verses of eight lines each upon this important achievement. The versification is very smooth, and the piece altogether is quite up to any of Mr. LePage's former productions.

WE understand that the Band of Her Majesty's 4th Regiment is expected here from Halifax to-morrow evening, by way of Brule, to assist at Dramatic performances to be given next week by the detachment of that Regiment stationed here, in aid of the sufferers by the fire. During the stay of the Band, the citizens of Charlottetown will, doubtless, have several opportunities of hearing some good music.
