

DOMINION COAL CO.'S LAWSUIT MADE HOLE IN SURPLUS

Montreal, April 6.—The annual report of the Dominion Coal Company made public today shows that the earnings for the year ended December 31st last, were, after making allowance for depreciation and renewals, \$763,001. After the payment of the interest on bonds, etc., and dividend on preferred stock during the year, \$400,000 in dividends was paid. The result is that the surplus which existed at the beginning of the year, and was also drawn up for the payment of \$3,550,000 in full settlement of the Dominion Iron and Steel Company's claim, now stands at only \$394,000.

The efforts of two divers from Picton to locate the body of L. S. McLaren, the local traveller who was drowned through the ice near Murray River (P. E. I.), have failed of their purpose. As the team in which he drove went through the ice at a dredging track, and this has been thoroughly explored without result, the theory is now held that he escaped from the water and made his way into the woods, there wandering until he froze to death. Conductor Buchanan, who was a close friend of deceased, returned on Saturday from the Island, where he watched the efforts for the recovery of the body. The commercial travellers of the provinces, among whom, as in fact with everybody, Mr. McLaren was highly popular, with the warm heartedness of their class, have worked energetically to make a collection for the family of the deceased, who were left without even life insurance. The business men of the provinces, with whom the late traveller had dealings have responded to the appeal very generously, and it is expected that the fund will amount to fully \$5,000. There is already \$3,000 in hand, and there are five lists still unreturned from Nova Scotia, which are expected to complete the \$5,000. Daily Telegraph.

BANISH PIMPLES AND ERUPTIONS

In the Spring Most People Need a Tonic Medicine.

If you want new health and new strength in the spring you must build up your blood with a tonic medicine. Following the long indoor winter months most people feel depressed and easily tired. This means that the blood is impure and watery. It is this state of the blood that causes pimples and unsightly eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia; poor appetite, frequent headaches and a desire to avoid exertion. You can't cure these troubles by the use of purgatives; you need a tonic and a tonic only, and among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve restoring powers. Every dose of this medicine makes new, rich blood, which drives out impurities, stimulates every organ, and brings a feeling of new health and energy to weak, tired out, ailing men, women and children. If you are feeling out of sorts give this medicine a trial, it will not disappoint you. Mr. Paul Charbonneau, a young man well known in the town of St. Jerome, Que., is one of the host who bear testimony to the value of Dr. Williams' Pink Pills. He says: "When I left school I became a book-keeper in an important office. Probably due to confinement I began to suffer from indigestion, and loss of strength. I became pale and seemingly bloodless and was often seized with palpitation of the heart and violent headaches. I tried several remedies, but they did not do me a bit of good. I was advised to try Dr. Williams' Pink Pills and did so, and the use of eight boxes brought me back to perfect health and strength. I have since enjoyed the best of health and cannot say too much in praise of this valuable medicine."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TO OPEN THE COAL FIELDS.
The bill to incorporate the Gibson & Minto Railway Company to build a railway from Fredericton to Grand Lake coal fields looks as if early construction is contemplated. Premier Hazen says the C. P. R. will take over and operate the railway, paying to the company 40 per cent of the earnings as a rental and that the C. P. R. has agreed to take at least 100,000 tons of Grand Lake coal annually. Incorporators of the company are H. P. Timmermann, A. R. Shipp, M. P. P., D. King Hazen, Parker Glasier, M. P. P., and A. B. Wilnot.

Canada's bank deposits, according to a recent government return, have increased from forty-four millions in 1869 to seven hundred and fifty million dollars in 1909. In a period of forty years, during which the population of the country has doubled, the savings of the people have increased over seventeen times. Thus every Canadian of the present day has an average of eight and one-half dollars to every dollar of savings of a Canadian of forty years ago. Is there another country on earth, asks the Ottawa Journal "that can come anywhere near to equalling this record?"

LAYS HIS CRIMES TO LOVE FOR EXCITEMENT

Bertram Spencer Confesses to the Atrocious Springfield Murder

Springfield, Mass., April 6.—Laying his crimes to love of excitement and a mania for stealing, caused by injury to his head in boyhood, Bertram Spencer, the young clerk arrested yesterday, today broke down under a 24-hours merciless grilling and confessed that he was the masked burglar who terrorized Springfield for years, reaching the climax of his wild career by murdering Miss Martha B. Blackstone last Thursday evening.

ARTHUR GALLANT AUTO SMASH VICTIM

Man Known Here, Belonging to Rogersville, Killed in Rhode Island.

Moncton, April 7.—Hurled from an automobile and instantly killed at Pawtucket, R. I., on March 31st, was the fate of Arthur Gallant, a former resident of Rogersville, N. B., and who is well known in Moncton.

In company with a friend Gallant, who was but twenty-five years of age, was driving in an automobile and as they came to a railway track the machine swerved and overturning, threw both occupants to the ground with the result that the former New Brunswick man was instantly killed, though his companion escaped with only a few injuries.

The unfortunate man belonged to Rogersville and was a son of Mr. P. E. Gallant, a former I. R. C. station agent at Rogersville, who is now occupying a position at Pawtucket, R. I., on the New York, New Haven and Hartford railway. For a number of years the young man has been educating himself for the priesthood and was a student at LaSalle Academy at Providence, R. I. At a high school, which he attended since leaving Moncton, he graduated at the age of eighteen and won a gold medal for making the highest general average. Besides his father, he leaves four brothers, three of whom are located in the United States and the other is an I. R. C. section oreman at Coal Branch.

WORTH ITS WEIGHT IN GOLD

Mi-o-na Has Reached a Gold Standard, Says Harry Ellis of Fergus' For Stomach Troubles.

Harry Ellis of Fergus, Ont., says: "I believe that Mi-o-na for the cure of stomach trouble, is worth its weight in gold. It cured me from a stomach difficulty that seemed to puzzle all other prescriptions and remedies. I was unable to eat, the food would ferment and form gas and make a serious press; sure on my heart. There were terrible pains in the pit of my stomach. I became weak, drowsy, discouraged and later I got nervous and could not sleep or rest. This disease makes one feel like not wanting to see any human being and produces melancholy and forebodings. I was told to try Mi-o-na, and when I commenced on it, the first box I had hardly any faith in it, but the first two days' treatment made the pain in my stomach cease, and to make a long story short, the upshot of my using Mi-o-na was that it cured me wholly, and I now can eat what I like and when I am hungry, I am an ardent advocate of the use of Mi-o-na." T. J. Durick sells Mi-o-na Tablets, the dyspepsia remedy that is making such surprising cures throughout Canada, for 50 cents a box, guarantees them to cure, or money back.

Are Your Children Properly Fed?

LET us talk about the right feeding of children. Of course, you want your children to grow up strong and healthy; you want to equip them for the battle of life with rugged constitutions and good red blood. Now, the first step is to see that they are properly fed. And these words "properly fed" mean much in the diet of children. For it isn't quantity that counts, but quality.

There is no better food under Heaven for growing children than plenty of first class bread and butter. They thrive on it, grow strong and fat and rugged. Their systems crave it because it is a complete, well-balanced food.

But the bread must be good—the very best, and the best is made from ROYAL HOUSEHOLD FLOUR which contains the full movement of Manitoba Red Fife wheat—for only wheat of this character contains enough of the right quality gluten to balance the starch. Gluten makes bone and muscle, starch makes fat. It takes the right combination of both to make properly balanced bread.

Bread made from OGLIVIE'S ROYAL HOUSEHOLD FLOUR is richest in blood building, muscle building, health building gluten. Children like it better and thrive better on it.

With "Royal Household" you need never have anything but the very best results for it is always the same, absolutely uniform, year in and year out and is just as good for Pastry as it is for Bread.

If parents knew this important difference between ROYAL HOUSEHOLD FLOUR and other flours they would never use any but "ROYAL HOUSEHOLD."

Send in your name and address also the name of your dealer to The Ogilvie Flour Mills Co. Limited, and get their splendid book of tried recipes called "Ogilvie's Book for a Cook."
