HER RECOVERY IS THE TALK OF NEIGHBORHOOD

Happy Mother Gives High Praise To Tanlac When It Restored Her Young Daughter To Perfect Health.

"Tanlac certainly brought happiness to my house when it restored my seventeen year old daughter to perfect health said Mrs. Mary McDonald, 16 South Kline St. Halifax, N. S.

"Florence was operated on about a year ago and she didn't seem able to get back her strength after it. Often she went all day long without eating scarcely a bite of anything and I was much worried and alarmed about her. In spite of everything we did she gradually grew worse.

"After taking a course of Tanlac she is the very picture of health and all our friends and neighbors are amazed at the change in her condition. She has gotten back all her lost weight and strength and is now bright and cheerful all the time. I wish every mother in Halifax knew what I know about Tanlac."

Tanlac is sold by all leading druggists everywhere.

THE RUSSIAN FAMINE RELIEF

Thousands of lives of famishing children have been jeopardized through misleading reports that the famine conditions in Russia were over.

The famine is still on and distress is undoubtedly increasing.

Sir Benjamin Robertson, International authority on famine conditions and Chairman of the All British Relief Organizations has issued a special statement to the Canadian people through the Canadian Committee of the Save the Children Fund. The latter organization requested to be advised concerning the report that conditions had been exaggerated and the following reply was received from Lord Wear dale, Chairman of the British Save the Children Fund.

"I have consulted Sir Benjamin Robertson, Chairman of the All British Appeal of which we are part and under whose direction we are working regarding your cable on famine conditions. Sir Benjamin Robertson says:—

"The present programme of the American Relief Administration is to distribute 317,000 rations to adults in the Saratov area where the British Save the Children Fund Organization is administering relief. The total population of the Saratov district is 2,750,000 and the Save the Children Fund is preparing to feed up to 300,000 children in kitchens, and a further 250,000 adults in addition to the A. R. A. programme. But these numbers by no means represent the full extent of the necessity for relief. At the recent conference at Riga over which I presided Mr. Webster, Chief Administrator of the Save the Children Fund in Saratov stated that an effort should be made to relieve at least fifty per cent of the population, that is a total of say, 1,300,000 against \$67,000 now to be fed by the Save the Children Fund and the A. R. A. I would request, therefore, that every effort be made to help the Save the Children Fund to increase the number to be fed as distress is undoubtedly increasing."

Sir Benjamin Robertson recently returned from an inspection of the famine area undertaken with the approval of the British Government and in transmitting this message from Sir Benjamin, the hope is expressed by Lord Wear dale that the Canadian people will take all possible measures to help the Save the Children Fund to carry out their programme and if possible increase it.

CECIL McCULLUM DROWNED IN THE TABUSINTAC RIVER

Tabusintac, N. B., April 29—A sad drowning accident occurred here on the evening of the 25th inst. when Cecil McCullum, aged 20 years, son of Mr. John McCullum, lost his life. The unfortunate young man in company with Gordon McCullum and three school children, were crossing the river in a small boat, and when about mid-river the boat sank, precipitating them all into the water which was about twenty feet deep at that point. Both young men sank having hold of each other, but Cecil lost his grip on Gordon as they arose. He was unable to swim and although Gordon tried to reach him he was unable to do so. Gordon then turned his attention to saving the three young children, having to dive several times to bring them to the surface. He finally succeeded in holding them up until a young son of Everette England, seeing their plight hurried to their assistance and getting ashore safely.

It appears, however, that Cecil McCullum never came up after going down, and but for the bravery of Gordon McCullum, who performed the almost superhuman task of saving the three others, they also would have met a watery grave.

The sympathy of all was manifested by the large attendance at the funeral of the unfortunate young man who was greatly beloved by all who knew him.

MOLASSES CASKS LOOKED SUSPICIOUS

Truro, N. S. May 3—"A car containing puncheons of molasses," arrived here in bond from the West Indies, attracted the attention of a customs officer who took out a bung and introduced a probing rod, found that the "molasses" was solid. Further investigation showed that a number of puncheons were tightly packed with cans containing West Indian rum. The customs officers are reticent, but it is intimated that they believe they have a clue to an extensive smuggling scheme engineered by some quite prominent people.

LIGHTNING STRUCK MAN AND WIFE

Fort Lawrence, N. S. May 3—A lightning bolt struck Mr. and Mrs. Howard, Thompson of this place, as they were driving home late last evening. Mrs. Thompson, who was the first to regain consciousness, found herself lying under the head of the senseless horse. Struggling free, she saw the carriage upside down and by the side of it her husband lying unconscious. After considerable effort she aroused Mr. Thompson, and then they managed to bring the horse from its stupor.

Today Mr. and Mrs. Thompson are dazed. They remember seeing the lightning strike the horse and travel towards them and after that they remember nothing. The horse is lame and dazed. Mr. Thompson had a narrow black burn right across his forehead.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.
