N. B. TEMPERANCE ALLIANCE MEETING

The New Brunswick Temperance Federation held its semi-annual meeting Tuesday afternoon appearing before the Provincial Government at 3:30 after the meeting. Donald Fraser the president was in the chair and Rev. C.K. Flemington was secretary. The report of the executive was received. W. G. Clarke reported on finances and other items of business were attended to.

The report of the executive referred to Rev. Thomas Marshall succeeding Rev. W.D. Wilson as secretary; the securing of offices in the Royal Bank building; the issuing of the Temperance Bulletin each month and the alleged use of

the Prohibition Act as a revenue producing agent.

Eight suggestions with regard to enforcement of the Act were prepared and handed to Premier Veniot. The gist of them is as follows: That the Chief Inspector should be a man who would give his whole time to the duties of his office and to whom there would be general confidence; speedy reduction of the number of vendors; cancellation of licenses in the event of violations of the act; further licenses to be issued only on expressed wish of people of locality to be served; record of sales of liquor to be kept and supervised by inspector; to instruct Commissioners to sell no more liquor to vendors than will meet normal demand; that second and following offences be charged; that the government cease using the Act for revenue purposes.

FIGHT ON CHURCH UNION TO FINISH

Issue May be Carried Even to Privy Council, Says Report

London, Ont., March 19—The Rev. James Mackay, head of the Presbyterian Church Association of London, Ont., predicts that the battle against organic church union in Canada will eventually be taken to the foot of the throne. "I believe," he said, "that the application for injunction now before the supreme court of Canada will be decided in every event, with permission to appeal. No one judge, I think, would care to accept the entire responsibility of an arbitrary decision. If the supreme court rules the church union bill ultra vires, it is more than likely that church union supporters will appeal it. And if the decision should go against the Presbyterian Church association it is certain that we will take the matter to the appellate court, and to the privy council in England, if necessary."

BOLD ROBBERY SUNDAY NIGHT

A bold store-breaking job was performed late last Sunday night when the Stohart Mercantile Co. Ltd.'s store was entered by way of the front door. Apparently the thief threw a part of a brick through the store door plate glass window and then putting his hand through the break unlocked the door from the inside and entered. This thief was not unlike the one who some time ago entered the Mrs. W.A. Hickson residence stealing therefrom a phonograph, inasmuch as this time his musical inclinations were again uppermost by stealing a violin and case. Other articles missed by the Stohart Mercantile Co. Ltd. are a watch; two pipes and a Gillette Razor Set. The police authorities are now in charge of the case and some arrests in its connection are expected soon. The break was made between twelve and one o'clock and when the window was broken the crash was heard by residents who live in close proximity.

It is thought that the thief became troubled with "nerves" after he entered the store as some twenty or twenty-five dollars which was left in the cash register remained untouched.

MEMBERSHIP WEEK IN NEWCASTLE

The stage is all set for a Tourist Membership Week in Newcastle. Mr. C.C. Avard of Sackville President of the New Brunswick Tourist and Resources Association announces that a drive will begin locally during the week of March 30. The membership of the Association it is felt is not large enough. It is believed that if the membership can be increased there will be greater financial support and more co-operation on the part of the public in the work of the organization. With this in view President Avard is making an appeal for new members. On being elected to office at the annual

meeting of the Association in June last, he announced that one of his aims was to increase the membership during the year. It is felt that this is the right time to move in the matter in preparation for tourist activities next summer.

"The money obtained by the expected increase in membership will be devoted to an advertising campaign in the American newspapers and magazines all designed to make the attractions of New Brunswick better known" said Mr. Avard.

"Arrangements are being worked out by myself in co-operation with the Tourist Associations of Nova Scotia and Prince Edward Island whereby the three provinces will unite in a publicity campaign with a view to making a bigger impression on the people of other parts of Canada and the New England States."

The expectations of those actively participating in the tourist movement are that important and far-reaching efforts will be made to bring tourists to the Maritime provinces during the summer of 1924.

The Royal Bank of Canada has kindly consented to collect drafts drawn on members for fees free of charge.

LOCAL TENNIS CLUB HOLD MEETING

The Newcastle Tennis Club held its annual meeting last Thursday in the Town Hall with the President Mayor D.S. Craighan in the chair. The financial statement for 1923 was submitted showing an indebtedness for the year of only \$67.55. Considering that the courts were built last year at a cost of some \$812.00 the report was an excellent one. The fees for 1924 were fixed at \$5.00 for gentlemen; \$3.00 for ladies and \$1.00 for juniors; the same as last year. It was decided at the meeting that the Club undertake the construction of two additional courts this year. Regrets were expressed at the absence of two of the club's members e.g. H.P. Zinck; and D.W. Petrie both of whom took an active interest in the work of the club. It was decided to hold a dance in the Town Hall on Easter Monday evening.

The following officers and committees for 1924 were elected:

LOOKING FORWARD TO EASTER

Now that St. Patrick's Day is past thoughts go speeding ahead to Easter. There is the delightful subject of Easter clothes which must be considered and the shop windows hold all sorts of attractions in this connection. The little folks are also watching the store windows—but for a different reason. They are waiting for the appearance of fluffy chicks; candy hens and brightly colored candy eggs not to mention the Easter cards with their pictured bunnies and pretty rhymes. Easter holiday will also bring to mind guests which immediately calls to mind the subject of parties once again.

COMP. BOARD WON APPEAL AGAINST BATHURST LUM. CO.

The Bathurst Company of New Brunswick is liable under part one of the Workmen's Act to report to payrolls to the Workmen's Compensation Board. This was decided in a judgment rendered in the Supreme Court of Canada which allowed the appeal of Compensation Board against the judgment of New Brunswick courts allowing the logging company exemption from the requirement. The Board is awarded costs throughout.
