Phosphatized Is a wonderful thing, yet so natural, so reasonable. Why? If you have feelings of goneness; too weak and dragging to rally; too nervous to sleep; an appetite hardly sufficient to keep body and soul together; headache, with pains across the back; the whole system relaxed; perhaps coughs and sore lungs; and will use one to six bottles of Dr. G. L. Austin's Phosphatized as the case may demand; it will not fail to make you an enthusiastic friend. Why do we say this? Because Phosphatized supplies a want, the very properties the system is lacking and yearning for. It is not a medicine, but nutriment instantly converted into blood, bone and tissue. It is also delicious to the taste. Try it. The result is as certain as that cause and effect go hand in hand. All druggists, Lowry & Co., Sole agents for the Dominion, 55 Front St. East, Toronto.

The following is from the Aberdeen, Dak., Republican, of Sept. 21st, and refers to two former residents of Goderich township: "Elliott Brothers, who own a large tract of land four and one-half miles southeast of our city have just threshed 4,000 bushels of No. 1 wheat which tested 60 pounds to the bushel and went 38 bushels to the acre. They will have 325 acres ready for sowing in the spring. They are bonanza farmers and thorough gentlemen."

TWO OF WAR CHALLENGE.—To the editor of the Sentinel: In regard to the Tug of War that came off on the 13th Sept., there has been so much said, not only by John McHardy, but by outsiders, that I feel left in the shade after getting the reputation of Bruce up and keeping it up so long. Now, if the Society is agreeable, I will take ten men from Bruce and draw McHardy against ten from Huron next year at the games. I will also bet any amount to give the new boys a chance to sweep clean. I hold this challenge open till the 20th of October. Hoping you will insert this challenge in your next week's issue. I am yours truly, ALEX. CURRIE, Lion's Head.

Ashfield.

Mrs. Wm. J. Treleven has returned from a trip to her parents in Artemesia township.

Messrs. R. Cranstat, R. Twamley, and N. Cranstat are land hunting in Algoma at present.

Mr. Thomas E. Finlay shipped on Saturday last a span of good horses to Mr. John Reid of Thebes.

On Wednesday, 4th inst., Messrs. Richard Finlay and Alexander Shackleton, left for Algoma, where they intend to look for land and remain all winter. Mr. Robert Shackleton left on the 7th inst. for the same place and on the same mission.

Kincardine.

An incident, the like of which does not often occur here, enlivened the streets of Kincardine, on the evening of Wednesday, 4th inst. Late in the afternoon of that day there arrived in the town a young man about eighteen, named Bayly, and a girl of fifteen named Macdonald, they bore the unmistakable impress of the backwoods, and came from the swamps of Huron, in the neighborhood of Ripley, which had probably been the largest place they were ever in previously. On coming here they proceeded to look for a marriage license, but being frightened by the big talk of the newly appointed dispenser of such things, and not being able to find the other official, they decided to adopt a more primitive mode of proceeding and go to bed, and took up their quarters at H. Morgan's. In the course of the night the father of the girl arrived, and invoking the aid of the Chief of Police, after making the rounds of the hotels, found out where the runaway were. They were then aroused, and both came down stairs. The old man started out at 2 o'clock in the morning to walk to Ripley, taking with him the unfortunates, and left the would-be bridegroom standing in the street. The Chief of Police insinuated to the latter that he ought to get paid for his trouble, when the young fellow said "he didn't send for him." He afterwards laid his money in possession of the Chief for safety and started off.

A. K. Robertson, of Morris, and W. H. McCracken, of Brussels, each took 22 prizes at the fall show here last week.

MANITOBA SEEDS.—The nicely arranged case of Manitoba seeds exhibited by J. R. Grant at the Grey Branch Show attracted a great deal of attention. The case was divided into 49 apartments and they were filled with the following varieties of grain, grown in the principal sections from Turtle Mountain to Sunnyside—White Russian, Golden drop, White Goose, white and red Eye wheat, red, white and black oats, 2 rowed, 6 rowed and hullless barley, small field and golden vine peas, window beans, buckwheat and sweet corn. They were shown in a handsome glass case, with eight inch gilt moulding.

PERSONALS.—R. G. Wellwood, wife and son have removed from Brussels to their farm adjoining Wingham.—Robt. Black intends leaving Seaford to take the position of head miller in H. Williams' flour mill in Ayr.—W. A. Taro arrived home from the Northwest last week. He is greatly pleased with the west.—C. R. Vanstone arrived in Brussels last Saturday night from Missouri, he left for Winnipeg this week. He has travelled over 30,000 miles by rail since last New Years and will likely make 50,000 before the close of this year yet. We are sorry to hear of the indisposition of George Leadbeater, who is living in the Northwest.—Wm. Thompson, who had to come home from camp in London on account of sickness, is able to be about again although quite weak yet.

BABY SHOW.—This was one of the attractive features of the fall show last Friday afternoon, the prize being a big cage presented by B. Gerry, for the prettiest baby under a year old. There were four entries, the babies belonging to Mrs. Woods, of Seaford; Mrs. Froe, Pelton, Mrs. Rott, Kerr, of Brussels, and a lady whose name we did not learn. Judges were appointed for this very difficult task and before long the prize was awarded to Mrs. Woods. As all were not satisfied Mr. Gerry offers two cages as 1st and 2d prizes for next show, to be given for prettiest baby between six and fifteen months old. Surely with a whole year's notice the baby show should be a success.—[Post.

An Error Corrected.

Our garrulous contemporary the Toronto Mail observes that wherever Mr. Blake went on the stump last June he rolled up majorities for his opponents. Yes, indeed. This fact was especially noticeable in those Western constituencies in which Mr. Blake delivered addresses, the Lambtons, East Elgin, South Perth and West Huron for example.—[Ex.

Rev. Dr. King on Harmon.

Rev. John M. King, an able Presbyterian minister, writes to the Canada Presbyterian, taking exception to the spirit in which the withdrawal of "Marmion" was criticised in that paper. The rev. gentleman points out that there are two sides to the question, and that if Archbishop Lynch found the work objectionable in some details, it was quite within his right to call attention to it, and that in deferring the Minister of Education was not necessarily obeying dictation. If he were convinced that the position of the Archbishop was sound, it was his duty to defer, as it would be to pay regard to the representations of Presbyterians or any other class of the community who desired the redress of grievances.

We regret to announce the death of Mr. Angus Robertson, of Turnberry, which had event took place on Monday, October 2nd. John McDonald, of Sarnia, aged 50 years, crossed to Port Huron the other day and married Jane Henderson, aged 20 years. All went well until a former Mrs. McDonald put it in a claim for John, and took him in triumph back to Sarnia. Late in the afternoon, however, John returned to the object of his second love, and both started on a steamer for Alpena. Wife No. 1 arrived at Port Huron shortly after and telegraphed to Alpena to have the pair arrested on the arrival of the steamer, and they both linger in St. Clair County jail.
