## Ladies' Coats and Costumes, \$10.00 to \$99.00.

The models for fall show many ingenious arrangements, many unique methods of clever draping and trimming characteristic of our reputation as ever seeking out those elusive trends of fashion so eagerly sought after by women of unquestionably correct style discernment. The newest materials are Plush, Broadcloth, Bolivia, Wool Velour, Kersey and Mixed Tweeds.

## Children's, Misses' and Intermediate Serge Dresses from \$3.90 to \$17.00

Girlish styles to fit all ages from five to fourteen, and the intermediate fourteen and sixteen sizes which fill a long want in every community, for it has always been a problem to fit the developing girl when the misses' size 14 was too small and the ladies' too large. This is right where intermediate sizes of fourteen and sixteen fit in.

Intermediate Sizes are to be had only at Bishop's.

### Wedding Bells.

#### DONOVAN—THOMPSON.

A very pretty wedding took place on Monday, Nov. 4th, at the R. C. Cathedral, the Rev. Mons. MacDermott officiating, between Mr. Anthony Thompson of the Central Fire Hall and Miss Josie Donovan. The bride looked charming in a taffeta silk dress with hat to match. The bridesmaids were Mrs. M. Callahan, sister of the bride, and Miss Jessie Brien, her cousin. The groom was supported by Mr. Jas. Bogan, of the Central Fire Hall. Mr. Thos. Squires acted as father-giver. The party afterwards drove to the residence of the bride's parents where a sumptuous supper was partaken of by a few friends. The presents were numerous and costly, including a dinner set of twenty-nine (29) pieces from the firemen and policemen of the Central Fire Station. The Telegram wishes Mr. and Mrs. Thompson many years of happy wedded life.

#### BUNTING FLYING.—When the news

that an armistice had been signed, had gotten around yesterday afternoon the greatest excitement prevailed, and crowds of people congregated to talk over the situation and the genuineness of the message received. Many business men on Water Street and other sections of the town were not slow in getting their flags flying, and altogether the afternoon was an exciting one.

### Getting Prohibition.

The Guinness stout brewery earned millions more last year than ever before the war because of the British Government regulation requiring "the use of vastly increased volume of water." The drinkers of Guinness are no less fortunate than the stockholders. Let the volume of water per barrel increase progressively and Britons will be cured of malt beverage drinking as once were all the male inhabitants in a young mining camp on the top of the Sierra Nevada cured of whisky drinking. There was only one saloonkeeper, and he had only one barrel of whisky and no more to be purchased with gold dust. Every time he drew a glass of whisky he slyly poured into the barrel a glass of spring water artfully colored with brown sugar. When the bewildered miners were getting only a drop of drowsier per drink, they declared that they "didn't seem to relish their liquor no more" and quit.

GROCERY DEPT.

### At the City Hall.

The Municipal Council held its regular weekly session last evening. The Mayor presided, and Councillors Morris, Brownrigg, Vincombe and Mullaly were present.

The Secy. Public Works Dept., asked permission to connect the addition to the Fever Hospital with the sewer.

This matter had been attended to during the week. The Inspector General wrote with reference to the suggestion of Dr. Fraser on the subject of the "Safety First Campaign." He said the sidewalk in many localities were such that he would not be justified in issuing a general order compelling pedestrians to keep off the streets. The procuring and posting of notices with "Safety First—Keep to the Sidewalks," he agreed was a matter of importance, but one for which his Department had not funds to carry out.

Squires & Winter wrote they would fence property belonging to Stripling's estate on Water Street and asked to be given street line.

The City Engineer reported on a building being erected by the Brehm Mfg. Co. on their property, Forest Road. He said the building was being erected on piles and will mean the destruction of the old sewer there.

The Engineer reported in regard to

Messrs. Nicholls & Inkpen's building, which was satisfactory. He also reported on laying sewer in old military hospital, erection of a building near Brehm Mfg. Co.; fair water pipes, Southside, etc., etc. The level of water Windsor Lake rose six inches during the month of October and George's Pond was up to high water mark.

The Plumbing Inspector's and Health Officer's weekly reports were read.

After disposing of some routine business and passing pay rolls and bills, the meeting adjourned.

### Oporto Letter.

The following letter, dated Sept. 18th, was received yesterday by the Board of Trade from Lind and Co., of Oporto:—Since our last report there has been a good demand for fish, but the old cure is most difficult to sell, notwithstanding the relatively low prices at which it is being offered. The agricultural position has been slightly improved owing to the rains, but it has come too late to be of much good. The rate of exchange is from 28½d. to 29½d., the market fluctuating.
