"Better than the best!" the golden record runs.

With such a name we sing their praise to-day.

All hail the glory of our Island's sons!

While we, with glad accord, this tribute pay

To "ours" who from these hallowed

In this enduring brow we register

their worth.

Encourage Home Industries.

Editor Evening Telegram.

Dear Sir,—Some weeks ago, the N.I.W.A., at one of its meetings, passed a resolution to the effect that its members pledge themselves to purchase LOCAL MADE GOODS—a most commendable action at any time, but even more so now. With all due deference to them, I have since wondered whether or not that resolution took definite shape in concrete action; also how far the men that comprise all ranks of labor in this city, are endeavoring to help out their brother workers, by INSISTING ON GETTING GOODS MADE IN NEWFOUNDLAND.

When all is said and done it largely rests with the workers themselves, seeing that they comprise the greater portion of the city's population, whether the wheels of production are to revolve or remain idle. If our people will loyally support the local industries by purchasing the home made products, (which value for value, are far superior to similar goods imported into the country) constant employment will be found for every factory employee, and improvement in trade conditions will surely follow as a result of a constant purchasing power.

Yours sincerely,

CALUM.

Australian Won Second Cricket Test Game.

Melbourne, Jan. 4.—Australia won the second cricket test match to-day defeating the English eleven by an innings and 91 runs. The wicket again favored the bowlers when play was resumed this morning with the score standing at 76 for five wickets. Woolley played steadily but Douglas was dismissed when he had made 9 just after the first century had been passed. Strudwick hit hard for the brief period he was in and Woolley continued to play faithfully until he was finally beaten by Rider when he had fifty to his credit.
