College Union Accepted in Principle

EXCELLENT PROGRESS MADE AT HALIFAX MEETING—WILL EXPLORE MEANS OF FEDERATION.

(Halifax Herald.)

The convention here of more than forty representatives of Maritime colleges, the governments of the three provinces and Newfoundland, and the Catholic Archdiocese of Halifax, agreed that, subject to a satisfactory working out of the problems involved, it was of the utmost importance to the people of the Maritime Provinces and Newfoundland that there should be a confederation of the existing higher institutions of learning and that these institutions should move to Halifax and become constituents of a new University. The agreement was made in the adoption in an amended form of a report brought in by the Constitution committee. The report as adopted also provided that the colleges moving to Halifax should retain each its name, charter, endowments, property, and governing body. Each of the proposed confederating colleges should hold in abeyance its degree conferring powers except in Divinity. The report also stated:

"That in addition to the denominational colleges there should be a non-denominational constituent college which shall have its own Board of Governors and be distinct from the new University, and the names of the non-denominational colleges and central University be left to a future meeting."

The original report recommended that the name of the new university but after several hours of discussion it was decided to leave the matter in abeyance.

The support given to the college federation proposed by Very Rev. Monsignor Foley, Halifax, who headed a delegation from the Catholic Archdiocese of Halifax, marked the conference. Dr. Foley said that despite the decision of St. Francis Xavier's College not to participate in the conference he would not like to say categorically that she never would. He thought that when the proposal was better known all the colleges would come in. He spoke from certain knowledge, he told the meeting, when he said

that a great many Catholics throughout the province desired freedom. As for the Archdiocese of Halifax it would put all its power behind the proposal. He then read the following resolution, which was passed on Monday by the Archdiocese of Halifax:

"Whereas higher education is absolutely necessary for the full development and scientific utilization of the resources of the Maritime Provinces and Newfoundland;

"And whereas in our opinion these views of higher education can be best achieved by a University federation which would avoid unnecessary duplication, maintain a higher academic standard, satisfy modern requirements and serve the people in a manner commensurate with their needs and aspirations;

"Be it resolved that we, representatives of the Archdiocese of Halifax and Newfoundland endorse such a Federation provided that Catholic Rights and interests be safeguarded in entirety."

This was cabled to Archbishop Roche of St. John's, Nfld., who replied as follows:

"Resolution has my cordial approval and support. Feel strongly that proposed federation with necessary safeguards would be in the best interests of Catholic Higher Education in Newfoundland."

Dr. Foley stated that the Archbishop of Halifax, the Archbishop of St. John's, the Bishop of Harbour Grace and the Bishop of St. George's all favored federation.

Three sessions of the conference were held to-day, morning, afternoon and evening. Adjournment was made until Tuesday, December 12 when a committee representative of all parties at to-day's meeting will present a report on the constitutional, academic, and financial aspects of the problems surrounding the working out of a federation scheme.

The clause of the constitution committee report recommending that the new university should be known as Dalhousie was amended only after long discussion.

G. Fred Pearson, for Dalhousie, stated that it was his personal opinion that the best solution of the whole problem was for all the colleges to wipe out their existence as entities, including their names, and to pool all their resources in a new University with a new name. Dr. W. W. Judd, King's College, said the name epitomized the whole situation. All the Universities have storied pasts. Each should recognize prestige of others. He felt that it would violate the spirit of equality hitherto prevailing if Dalhousie's name should take precedence over the others.

The original report of the constitution committee stated that Dalhousie would be expected to turn over her non-allocated Arts funds to the new non-denominational college which should be established. This was regarded by several as a strong bid to the University of New Brunswick. If that college entered it could retain its name, be the non-sectarian institution of the group, and receive the unallocated Arts fund of Dalhousie.

Premier W. E. Foster, speaking for the New Brunswick Government, said that he was unable to make any pronouncement until something more definite could be submitted. He came to the meeting as an observer, he said.

The following were delegates to to-day's conference:

Acadia—Dr. J. H. MacDonald, Dr. F. A. Wheelock, Dr. A. Cohoon, O. P. Goucher.

Dalhousie—W. A. Black, Hon. R. J. Beazley, G. S. Campbell, Dr. A. S. Mackenzie, G. Fred Pearson.

King's—His Lordship the Chief Justice, His Grace Archbishop Worrell, J. F. H. Teed, Dr. Allison, Rev. A. E. Andrews, Rev. W. W. Judd, Rev. V. Harris, A. Moulton.

St. Dunstan's College, Charlottetown—Rev. Dr. Gregory Macellian.

Further, those who in the past gave to Dalhousie now give to sectarian or central institution. The Governors of Dalhousie had considered the situation with an eye only for the interests of Higher Education and were giving all, but they did not wish the college mangled beyond recognition in the process. Dalhousie, Dr. Mackenzie continued, was in a small way what the federation wanted to be in a larger measure. She had built up her medical, dental, law, pharmacy, and other departments through great sacrifices.

Mr. Pearson said Dalhousie was

ready to sacrifice to the point of extinction if it meant a solution of the Maritime higher education problem, but unless such a solution offered it was not fair to ask Dalhousie to surrender all. She was only, after all, asking to put her name on her own tombstone after giving everything else.

Dr. Clarence Mackenzie and Dr. Foley supported the claims of Dalhousie to having her name inscribed on the new institution.

On the other hand Rev. H. E. Thomas, for Mount Allison, said that sentiment in the other Maritime colleges must be recognized. He felt that if he and the other delegates were to go back to their constituents and tell them that the proposed new college would be named Dalhousie, a heavy handicap would be given the entire proposals.

Dr. W. W. Judd, King's College, said the name epitomized the whole situation. All the Universities have storied pasts. Each should recognize prestige of others. He felt that it would violate the spirit of equality hitherto prevailing if Dalhousie's name should take precedence over the others.

B.I.S. Ladies' Auxiliary.

ANNUAL MEETING AND ELECTION OF OFFICERS.

A very successful meeting of the B.I.S. Ladies' Auxiliary, was held in the Club rooms of the B.I.S. Society last night. The annual reports submitted, showed that the Association had had a very successful season. The President W. J. Higgins, M.H.A., on behalf of the Society thanked the ladies for their splendid efforts and the substantial sum of money which they were passing into the Society's treasury. Mr. F. P. Moore, on behalf of the L. and A. Committee also thanked the ladies for the support the Committee had received from them. But for the assistance of the ladies, the Committee's entertainments would never have been so successful. The election of officers for the ensuing year was held and resulted as follows:

President—Mrs. W. J. Higgins, re-elected.

Vice-President—Mrs. McKay, elected.

Secretary—Mrs. Alan Doyle, re-elected.

Treasurer—Mrs. P. F. Moore, re-elected.

The newly elected officers were heartily congratulated by the ladies present, after which tea was served and the meeting adjourned.

Inmates of Sanitarium.

SPEND ENJOYABLE EVENING.

On All Hallows' Eve, at the Sanitarium, Topsail Road, the inmates of the Institution were treated to a Cauld Cannon supper and dance arranged by Dr. Rendell and the nursing staff. Matron Coen who acted as chaperon for the occasion had everything in readiness, and all having enjoyed the Halloween feast, dancing was indulged in late in the evening. The C.L.B. Band, under Capt. A. Morris was present, and willingly gave their services free. A hearty vote of thanks was tendered them by Dr. Rendell on behalf of the nursing staff. The affair did not terminate until 12.30. Mr. R. Wood, who acted as floor manager, was tendered a vote of thanks by acclamation. The inmates of the Institution feel grateful to Dr. Rendell, the Matron and Nurses, for their kindness in making the evening so enjoyable for them.

An excellent recipe for cranberry sauce is made by boiling together for 5 minutes, 2 cups sugar, and 2 cups boiling water. Remove scum and add a quart of cranberries. Cook without stirring until sauce is thick and clear.
