THE GRAND NATIONAL.

Run At Liverpool On Saturday—Won By Sir Gallahad An 11 To 1 Chance.

LIVERPOOL, March 29.—Under ideal weather conditions the Grand National was won here to-day by Sir Gallahad 11-1. The field included thirty horses the favorites not showing up to the mark.

The Grand National, like most other things, started in a modest way. It was inaugurated in 1839 by a syndicate of sportsmen who desired to improve the status of steeplechasing. During the first four years it was run on weight-for-age lines, but was then converted into a handicap, which it has remained ever since.

The "National" course covers four miles and 885 yards of formidable country, in which no less than 30 jumps have to be negotiated, the fences for the most part being larger and more difficult than those found elsewhere. The obstacles were not so stiff in the early days of the race, and the original idea was to restrict the event to amateur riders, but this intention was not adhered to.

Since its inception the "National" has had an uninterrupted career, except during three years of the war period, when substitute events were run at Gatwick, these being won by Vermouth, Ballymac and Poethlyn. The last mentioned also won the real "National" at Liverpool the following year, when he carried the maximum weight of 175 pounds. Poethlyn is one of a select band of four to have won this weight, the others being Cloister, Manifesto and Jerry M.

The tournament games will be played under Ashcroft rules, 300 up. The balls will be sent rolling by Mr. F. All arrangements have been perfected to seat the large crowds who are expected to be on hand. Seats numbering 300 have been fitted in and raised up according to the latest ideas, the last row being elevated as high as possible. Three games have been carded for to-night, as follows:—

PARIS, March 18.—A gear riot developed to-night at a boxing show over the decision of the referee at the finish of a 15-round bout between Fred Bretonnel and Paul Fritsch, lightweights.

Previously Ted "Kid" Lewis had won the main bout of 15 rounds on points from Francis Charles. Lewis displayed only a shadow of his old-time welterweight form.

Bretonnel and Fritsch fought like wild cats throughout the entire 15 rounds and both were on the verge of a knockout at the finish.

Immediately after the referee rendered his decision of a draw, which the followers of Fritsch considered was against their man, some of the spectators began bombarding the referee with empty bottles, oranges and bananas. The police interfered and attempted to arrest the disturbers. A free-for-all fight developed. In the crush of panic stricken spectators, who were trying to reach the exits, many women were trampled on. One woman was struck on the forehead with a beer bottle and remained unconscious for several hours.

NEW YORK, March 21.—A few hours after they had calmly marched out of their flame swept building, 500 boys and girls of McDonough School sat in the grandstand at New Orleans and cheered Babe Ruth when he hit his first box score home run of the year in the world's champions 12 to 4 victory over the Pelicans yesterday.

Ruth, who had his picture taken before the game with many of the youngsters, promised that he would "do his stuff" for them and was delighted when he came through.
