BROUGHT ON BY EXPOSURE AND WORRY.

CAPT. GEO. CRANDELL, OF LINDSAY, TELLS HOW HE SECURED RELEASE FROM THIS DANGEROUS MALADY. From the Watchman, Lindsay, Ont.

In the town of Lindsay and surrounding country no man is better known or more highly respected than Capt. Geo. Crandell. Forty-seven vears ago ee was owner and captain of the first steamer that navigated the Scugog. Since that time success has crowned his life both on land and water. For forty-nine years he was a member of the Lindsay town council. He is now 73 years of age and enjoys the best of health, but it has not always been thus. Some years ago the exposure and worry incident to his calling began to tell upon his health, and his heart showed signs of weakness. His sufferings and complete restoration through the use of Dr. Williams' Pink Pills are best told by himself. To a reporter the captain gave the following story:

to bother me. At first I took little notice of it, but the trouble gradually grew worse until I had to summon medical aid. I suffered much pain and at times was attacked by smothering spells which caused me great distress. Frequently these spells attacked me during the night and it was with difficulty that I managed to breathe at all. I consulted several doctors, but their medicine failed to benefit me, I then tried a much advertised remedy, but this also failed to help me. I had always been fond of smoking, but I was in such poor health that a few puffs from a cigar would distress me so much that I had to give it up altogether. I grew worse day by day and began to think my end was near and that I would die from the trou ble. Some time ago I was advised to try Dr. Williams' Pink Pilis. After taking one box I noted an improvement in my condition and so I continued their use. I kept on improving till now I am as well and strong as I ever was in my life before, and have not been bothered with the least sign of my former malady for months. I am now able to enjoy a smoke as I used to with out feeling the least distress. All this I owe to that greatest of all remedies, Dr. Williams' Pink Pills."

Rich, red blood and strong nerves are the keystone to health. Dr. Williams' Pink Pills are the most widely known and praised of medicines because from first dose to last they make new, life-giving blood, and restore weak and shattered nerves. bringing new health and strength to hitherto despondent sufferers. Do not take any substitute-do not take anything that does not bear the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around the box. Sold by all dealers or by mail post paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Buffalo, July 1.—To-day was Dominion Buffalo, July 1.—To-day was Dominion Day in Canada and in Buffalo. It was the occasion of Canada's first public display at the Pan-American Exposition, the occasion of the biggest demonstration she has perhaps ever made in this city. It was still more than that. It was a time of generous greeting between the land to the north and the land to the south of the great waters. British and American soldiers marched in the same line and both carried arms of destruction. All in all, it was a great and unusual day. It it was a great and un all, it was a great and unusual day. It was productive of many of the little inci-dents which tend to weld the peoples of different countries together, to solidity

Pleased With Canada.

The support the Exposition has received from Canada has been a source of much enjoyment to the Exposition officials. She has sent many distinguished men here to see the Fair, has erected a handsome building, and has spent a great deal of money arranging for a suitable display of the Dominion resources and products.

The exercises, which were arranged to take place in the Temple of Music at 10.30 o'clock, were planned both to dedicate the Canadian building and commemorate Canadian day. The Highland Regiment went to the Iroquois Hotel shortly before 10 o'clock to escort Hon. Dr. F. W. Borden, Minister of Militia of Canada, and his staff. to the grounds.

A large crowd gathered about the hotel and along Main-street. Led by the com-pany of United States Marines which is pany of United States Marines which is quartered at the Exposition grounds, and by their own regiment band and company of pipers, the Highlanders started away from the hotel about 10.40 o'clock ahead of Dr. Borden and a number of other distinguished Canadians, as well as prominent Buffalonians. It has been a long time since an armed body of Canadian soldiers marched in the streets of Buffalo, and it is safe to say that a more picturesque body will never again be seen.

Cheers for the Visitors.

Crowds lined the curbs all the way up Main-street and for a long distance out Delaware-avenue, and everyone was entusiastic. Cheers greeted the Britishers continually. It was 12 o'clock when Dr. Borden, Minister of Militia, accompanied by the members of his staff, marched along the forecourt in front of the picturesque Highlanders, who stood with arms to shoulder, and the pretty United States Marines, who presented arms. A large crowd had congregated on the triumphal bridge, along the approach and on the Esplanade, and people cheered enthusiastically when the distinguished Canadians and the prominent Buffulpigans came along.

Both Flags Intertwined.

The Temple was very prettily decorated. A mammoth American flag hung in the arch of the stage, and just beneath it was a much smaller Union Jack, bearing the cont-of-arms of Canada. The flags of the United States and Britain were intertwined about the speakers' table, while suspended to the rail of each of the front balconies, both to the right and left, were two Union Jacks and an American flag. The Stars and Stripes and the Union Jack were draped side by side over the entrance. When Chairman Britton arose, the spacious Temples was comfortably filled, and it was noticeable that a majority of the crowd were women. The following named persons were on the stage:

Mr. Britton Was Chairman.

B. M. Britton, member of Parliament, from Kingston, Ont., acted in the capacity of chairman. In opening the exercises, he said: "I feel it one of the honors of my life to be to-day the representative of our Dominion on this our 34th anniversary. We come to Buffalo the representatives of the great Canach to the greater United States. We come not merely to spend the day, but to see the Exposition, to see what can be accomplished by a great nation like the United States. With best of greetings, we come to wisn you the greatest prosperity."

Mayor Diehl was called upon to extend Mr. Britton Was Chairman.

Mayor Diehl was called upon to extend a welcome to the visitors. He said it would be the desire of every one in Bur-falo to make the visit of the Canadians a happy one.

Has Warm Feeling for Canada.

John G. Milburn, president of the Exposition, was introduced by Chairman Britton. "I am very glad," said Mr. Milburn, "for this opportunity to express our deep obligations to the people of Canada for their generous support of and participation in this Exposition. It is a great pleasure to be able to say we have realized beyond our expectations, and that the participation of the other gevernments has made this grand Exposition a reality. Today Canada has added to the debt we owe her. She comes here bringing soldiers distinguished in the service of the King. I hope that as the years pass the ties between you and us will strengthen and in that hope I include the countries of South and Central America. I hope the future has in store for all the Americas the blessing of peace and advancing civilization. There is a close tie between great elements in this country and great elements in the North. We have the same lineage, the same language, are governed by practically the same law, we read and enjoy the same art and literature. Between people bound by such ties, what should there be but the best of feeling understanding for the benefit of mankind?

The next speaker was Dr. Borden. "I thank Mr. Milburn," said he, "and would like, if able, to echo the sentiments so beautifully expressed, and which represent the views of Sie people of his as well as my own country. We are of the same lineage. In Nova Scotla, my country, my ancestors came from New England, and we are always glad to publish that fact. Here we are met by a noble reception, by a fine people. We are here to commemorate the grand progress of the United States during the past century. Our soldlerly has come with us, but on an errand of peace. May God grant that such visits shall be more frequent, and that they may never be upon any other purpose. This Exposition—the Pan-American—does honor to this great country and to the people to this City of Buffalo. Every part of the ground is a study; every detail is artistic. The Idea was a grand conception, and the materialization has been wonderful. I have been at many expositions, but this is by far the best of all. It is a grand study. It is an educa

Formally Opened.

Dr. Borden spoke of the Empire as Dr. Borden spoke of the Empire as an aggregation of nations, so free are the colonies to do what they choose. To-day they are practically free, and agreeing to live under the aegis of the Britsh flag. You can't find a man in Canada who is not satisfied. We want nothing only to be let alone. We want to be taken by the hand as friends in working out the destiny of this continent. The minister then declared the Canadian building formally opened.

Trooping the Color.

Trooping the Color.

Trooping the color, the ceremonial that constitutes the anotheosis of military pageantry, was presented before thousands of spectators in the Espianade by the Highlanders at 1 o'clock this afternoon, directly following the exercises in the Temple of Music.

The troops stood up drawn at attention facing the Triumphal Bridge, between whose foremost pyions floated the Dominion colors. From each flank extended an arc of spectators stretching in a semi-circle up to the bridge, while others viewed the spectacle from the band stands. In the space between the troops and spectators were Minister Borden, Adjt.-Gen. Aylmer of the Canadian Militia, Col. MacDonald and his field staff.

At the command the field music paraded from the right flank around to the left, followed by A Company, escorting the color. Then Company A and the field music marched past the line of troops, which stood at present arms, the musicians playing "Coming Thru the Rye" and other airs. The ceremony was concluded when the regiment passed in review before Minister Borden, Adjt.-Gen. Aylmer and their Party.

The ceremony did not last more than a

party.

The ceremony did not last more than a half hour, but it was one that required endurance under the circumstances. The Esplanade was as hot as an oven, and the baking warriors could feet their feet settling into the melting asphait. The cordon of spectators kept off whatever air might have reached the soldiers otherwisee.

The work of Lord Stratheona and Mount Royal was highly eulogized. Mr. Choate, in the course of a letter expressing his regret at being unable to be present, uttered sentiments of hearty good-will, adding: "We are neighbors and we must always be good friends."

Mr. Chamberlain, speaking of Canada'd material progress, said: "Thirty years ago your thoughts might have turned to the question of absorption by the powerful but friendly neighbor to the south."

This was received with cries of "No, no," from Mr. Dobell and the other Canadian Ministers.

Mr. Chamberlain: 'Yes, you may say 'No' 'No,' but you would not have said it thirty years ago.

Referring to Great Britain's Isolation, the Colonial Secretary said: "I do not think the opinion of civilized Europe today is likely to be the verdiet of posterity. Of much more valge is the opinion of our colonies than the uninstructed opinion of Europe, which is based upon lies folsted upon Europe by our enemies abroad and traitors among us at home. We may be isolated among the nations of the world, but so long as our children raily around us we are not alone."

Miss Canada's thirty-fourth birthday was fervently and happily honored in Toronto. Citizens of all classes entered jubilantly into the spirit of the occasion, and, althe the hot wave remained with us, the weather was nevertheless pleasant for the holiday makers, and the first Dominion Day of the 20th century and of the reign of King Edward VII passed off with more enthusiasm and all-round appearances of happiness than has characterized any previous celebration in Toronto of Canada's natal day.

"Old Boys" Over the Province.

All over the province, in every habitation presuming to be even a hamlet, the celebration of Dominion Day was co-incident with the return of Old Boys to the old firesides. This fact made the celebrations everywhere take a more than usually enthusiastic tern. A program of sports, a procession winding up with speech-making and the gathering of persons who had not met for 20 or more years were the features in all outside cities, towns and villages. Many eyes turned to Woodstock, which combined a gathering of the clan of Old Boys and the celebration of the industrial City, the newest in Canada. It was a happy thought. London, July 2. — A blue book on India, just issued, shows £18,390,.000 was expended for the reiter of famine sufferers during the year 1899-1900. The mortality from the plague for the five years ending March, 1901, was nearly 600,000. The census completed in March, 1901, shows that the increase in popula tion during the past 10 years was only five to six millions, instead of the normal nineteen millions. The loss represents death from famine and the decrease in birth in conseence of the famine.
