

**The Glencoe Transcript.**

THURSDAY, OCTOBER 13, 1887.

**GLENCOE AND VICINITY.**

A bear weighing 260 pounds was shot in Dawn a few days ago.

An unsuccessful attempt was made to rob O'Neil's bank at Exeter Monday night.

The New York edition of the London Illustrated News for October 8th has come to hand. The illustrations and letter press are equally as good as the English edition. Price, 10 cents.

Mrs. Eliza Gilbert, wife of Thomas Gilbert, a former resident of Mossa, died last week in St. Louis, Michigan.

The Rev. W. Henderson is expected home from the Northwest this week, and will preach in the East Side Church on Sunday.

In a recent sermon in the English Church the subject of building a new church in Glencoe was brought very strongly before the congregation.

A day or two ago one of the workmen employed in building the new bridge over the Thames was seriously injured by a blow from a maul which slipped from the hands of a fellow-workman who was using it.

The shareholders of the Ontario Investment Company, of London, met on Tuesday. The report of the auditors showed a surplus of \$18,788, which may be increased to \$250,700, or 28 cents on the dollar for distribution.

Quite a number of the sporting fraternity were in town on Saturday to witness a race between several local horses. The winning horses were owned as follows:—1st, Phil. Henry, Wallace-town; 2nd, — Sheppard, Bothwell; 3rd, Dr. Roome, Newbury.

A drunken fish pedlar drove his horse over the sidewalk into the ditch at the railway crossing Tuesday evening. He fell off his load of boxes and lay so motionless that passers by thought he must be dead or seriously hurt and Dr. Walker was sent for. A volley of oaths from the man, however, soon told that he was neither dead nor sleeping.

The following is the honor roll of S. S. No. 8, Ekfrid, for September:—Fourth class—Sara Tait, Bella Farris, Lizzie Tait, Mary Ann McKenzie, Mary McEachren. Third class—Walter Farris, James McRae. Second class—Cassie McKenzie, Annie Farris. First class—Angus McRae, Marjonia Dobie, Willie Tait.—M. S. EDWARDS, teacher.

Boring was started for the new artesian well on Friday at noon, and by night a depth of 100 feet had been reached. The rock was reached on Monday and drilling is now going on, the total depth last night being about 200 feet. The boring all the way to the rock was through a stiff, clear blue clay, and the knowing ones say the prospects for a good supply of water are not of the best.

Mr. E. Wicks, living a short distance from Dresden, found a specimen of pure copper ore while boring for water on his farm a short time ago. It was 45 feet below the surface. A specimen of silver ore was also found at the same place. The Toronto assayers pronounce it the best specimen of ore they ever saw, even better than that of Lake Superior, the quartz being much greener and darker.

The standing of the pupils taking 66 per cent. or over in S. S. 9, Aldboro', in October, is as follows in order of merit: Fourth class—Jas. Milloy, Jennie McRae, Jessie Campbell, Tena Beaumes, John Matheson. Third class—Katie Campbell, Annie Montgomery. Senior second class—Etta Milloy. Junior second class—Tena Campbell, Sarah Campbell, Mary Beaumes. Second part first class—Peter Johnson, John McRae.—J. BAYNE, teacher.

**Glenwillow.**

Rev. Mr. Creighton, of Highgate, occupied the pulpit in Bethel Church last Sunday in place of Mr. Pomeroy, who is visiting his son who is very ill at present.

Mr. Jas. Alwain, of Toronto, was visiting relatives here last week.

Mr. Geo. Wilson, of London, is the guest of Mr. D. Dewar.

Mr. Alex. Cameron, of Napier, is busy packing apples here at present.

Mr. Chas. Olds has returned from visiting friends near St. Thomas.

Miss M. E. Moore left on Saturday to take charge of her school again.

Mr. James Hudson purposes going to Michigan to settle on his farm. If informed correctly he intends taking one of Ekfrid's fair daughters to share his joys and sorrows.

Mr. Neil McKellar, Glencoe's live agent, gave us a call last week.

Mr. John Henry had some fine sheep worried by dogs lately.

The young people of Glenwillow purpose re-opening the literary and debating school shortly.

The members of Brown's Church are taking steps towards repairing that building, which is almost in a dilapidated condition at present.

A terrible accident occurred on the Chicago and Atlantic Railway, near North Judson, Indiana, Monday night. A freight train ran into the rear of an express train, smashing and setting fire to the coaches and killing or burning thirty people.

**CERTAIN CURE.**—A cure for Cholera Morbus.—A positive cure for this dangerous complaint, and for all acute or chronic forms of bowel complaint incident to summer and fall, is found in Dr. Fowler's Extract of Wild Strawberry; to be procured from any druggist.

**"You Takes Your Choice."**

The following two letters are going the rounds of the press:

**A SLANDER REFUTED.**

Sir,—Whereas certain newspapers did lately publish articles to the effect that the Roman Catholic Church in this place had been broke into and robbed of its silver service; that the cheese factory and stores in the place had been burglarized; that counterfeit money had been issued, and other deceptions committed by a lawless gang in this village;

And whereas it is insinuated in said articles that J. M. Dykes, Frank Watterworth and Talbot Dewey were members of the said gang, we, the undersigned residents of the village of Wardsville, prompted by the spirit of justice, beg to state that the names of J. M. Dykes and Frank Watterworth have never been associated or in any way connected with the above mentioned deceptions, and therefore call upon all honest journalists to give this statement publicity in their papers.

John Heath, D. Johnston, Adair & Co., James McPhail, Geo. Couse, M. D., Wm. Sheppard, J. P., Samuel Brown, A. A. Munroe, B. A., Corneil & Co., Rev. J. B. Hamilton.

**A PROTEST.**

Dear Sir,—The recent attempt to "whitewash" several notorious characters will deceive no one who knows them. It was cunningly worked by means of a so called "petition" by one of themselves. It is deeply to be lamented, however, that several reputable citizens were so incautious as to allow their names to be used as they were.

Wardsville is greatly blessed with its natural advantages, its High School privileges and in its churches. It is cursed, however, with a few bad characters. It will be a happy day for the community when these men receive the just reward of their misdeeds, while it will be a sorry one indeed if they are shielded from having meted out to them the punishment of the evil-doer. Yours truly,

AN OLD RESIDENT.

Wardsville, Oct. 1, 1887.

**Crinan.**

Crinan, Oct. 12.—What might have been a fatal accident happened at the bridge Friday. A young man named Amos Chittum received a severe blow on the head from a wooden mallet which fell a distance of seventeen feet.

The Rev. A. McLean, of Blythe, is visiting his brother here.

Mr. D. McIntyre has two potatoes grown on his farm, the one tips the scales at 2 lbs. 3 oz. and the other at 1 lb. 8 oz. Who can beat this?

A great many were "taking in" the Rodney fair on Tuesday.

Mr. Neil Currie, of Shedden, was home on a flying visit on Sunday.

Freeman's Worm Powders are agreeable to take and expel all kinds of worms from children or adults.

**FROM A GRATEFUL MOTHER.**—My little child suffered from a severe cold upon the lungs until she was like a skeleton before she took Barlock Blood Bitters, after which she became fat and hearty, and was cured of weak lungs, constipation and debility or wasting of flesh, from which two doctors had failed to relieve her. Mrs. Samuel Todd, Sturgeon Bay, Ont.

Prof. Low's Magic Sulphur Soap is highly recommended for all humors and skin diseases.

**Bordering on the Miraculous.**—Mr. W. A. Sherwood, of Stanwood, Michigan, was a sufferer from Kidney Complaints; he was totally unfit for work; tried all the local doctors, took "cures" by the dozen. Two bottles of Dr. Carson's Stomach Bitters made a new man of him.

Your druggist is authorized to refund you the money if Dr. Carson's Stomach Bitters do not benefit any case of dyspepsia, kidney or liver complaint. All druggists, 50 cents.

**TAMARAC ELIXIR**  
NATURE'S REMEDY
