

Mr. Herman Hicks
Of Rochester, N. Y.
Deaf for a Year
Caused by
Catarrh in the Head

Catarrh is a CONSTITUTIONAL disease, and requires a CONSTITUTIONAL REMEDY like Hood's Sarsaparilla to cure it. Read:
"Three years ago, as a result of catarrh, I entirely lost my hearing and was deaf for more than a year. I tried various things to cure it and had several physicians attempt it, but no improvement was apparent. I could distinguish no sound. I was intending putting myself under the care of a specialist when some one suggested that possibly Hood's Sarsaparilla would do me some good. I began taking it without the expectation of any lasting help. To my surprise and great joy I found when I had taken three bottles that my hearing was returning. I kept on till I had taken three more. It is now over a year and I can hear perfectly well. I am troubled but very little with the catarrh. I consider this a remarkable case, and cordially recommend Hood's Sarsaparilla to all who have catarrh." HERMAN HICKS, 30 Carter Street, Rochester, N. Y.

A GREAT SIGHT AT DORCHESTER.
The London Gun Club's great undertaking at Dorchester, the opening of the dam and draining the lake, has been successfully accomplished. Hundreds of anxious ladies, gentlemen and children from all parts stood waiting to see the wonderful flow of water rush from the Dorchester Lake into the river, many thinking the whole dam would be washed away. When the first opening of four feet of water was seen off it went out with a rush like Niagara Falls, taking rocks, dirt and mud before it with a pressure of about 200 pounds to the square inch. Many were actually frightened as the banks of dirt carved in, thinking that the Gun Club's enterprise was too much. But the great captain W. H. O'Neill, who was in charge of the work, stood with his gang of men like brave soldiers on the top of his structure ready to meet any trouble that might come, and once in a while they would throw in the sand bags to prevent the dam from danger. The secretary of the London Gun Club, Mr. Fred T. Tibbels, and the manager, Mr. John P. Evans, stood close to the opening in the dam, watching every move that was made and inspecting every piece of work to prevent the dam against risk and loss. This they did with every success, which reflects great credit on these gentlemen.

The second draw of water was the interesting one. The Dorchester lake covers about 40 or 50 acres and has an average depth of 12 feet, and to drain this amount of water off in 24 hours was no little job. In the second draw the fish commenced to come down in wagon loads. Here Gen. George S. Garnham, of Guysboro, got in his work with his fish trap. He dropped the end of the trap in the midst of the water rushing at a speed of 100 miles per hour, and he captured every living thing that came down. Large dip nets took the fish out of the trap. The hundreds of beautiful twelve to eighteen inch spotted trout were sorted out and put into cans to be replaced in the lake. A carload of other fish, which are injurious to the trout, were thrown into the river, after giving many bags and pails to every man, woman or child within

six miles of Dorchester who were willing to pick them up.

The lake was then empty, and it was a great sight. Ten men will commence work this week to clean out the wood and fallen timbers and cut off all standing stumps, which will be taken out and burned or put into cordwood. The lake will then be fixed up with spring water. The large trout, with thousands of others, will be deposited, and the Gun Club's trout lake will be in shape.

The London Gun Club deserve much credit and success for their work, and the people of Dorchester appreciate the business-like way in which they have handled it, employing a great deal of labor and buying all they possibly could from Dorchester people, which left many hundred dollars in this village, for which thanks is extended to all the members of the club by every person in this part.
