Miss Phoebe Smith, Sweet Springs,

"I have not had a sick spell since last April. I am a great deal better of leucorrhoea. I have gained 28

pounds in flesh, and feel as well as I ever did. I took only four bottles of Peruna. I am truly thankful that I

can live without being sick half of the time. I never fail to speak a good word for Peruna."—Phoebe J. Smith.

Mrs. Bertha Mohr, 123 Gilbert street,

"I was very nervous and weak, had frontal headache and catarrh of the

stomach, bowels and intestines (sys-

temic catarrh). I had female weak-ness very bad. I cannot express my thanks for the wonderful senefit ob-tained through Dr. Hartman's medi-

cine, Peruna. I could not work, my limbs trembled so. I am restored and

can do my own work. I am certain that whoever tries Peruna will be sat-

isfied with it."-Mrs. Bertha Mohr. Mrs. A. E. Stouffer, Sabetha, Kan-

sas, writes in a recent letter to Dr.

"Peruna is the best medicine for

catarrh of any organ, I was troubled

with headache, palpitation of the heart, pain in the side, and suffered

DARING ROBBERY ON SUNDAY. NEAR SPARTA

Masked Men Hold Up a Yarmouth Family and Carry Off a Quantity of Plunder.

St. Thomas, Oct. 2.—On Sunday night, about 11 o'clock, two masked men at the point of a revolver held up Mrs. Oscar Allen, of the con. 5, of Yarmouth, near Sparta, and stole a quantity of jewelry and silverware. Mrs. Allen and a 14-year-old adopted daughter were alone in the house when the two men entered. Both were masked, and one held the woman and girl at the point of a revolver while the other ransacked the premises. Mrs. Allen had Saturday sold lot of stuff, and it is supposed that the thieves thought that she had a considerable quantity of money in the house. However, Mrs. Allen had placed the money in the vault of Mr. Aikens, of Aylmer.

The thieves failing to secure money stole a number of other articles, including one silver tray, two silver teapots, one silver sugar bowl, one silver spoon holder, and one silver cream pitcher. All these articles bear the initials "M. C. M." There were also There were also stolen one silver watch, open face, stem winder; one gold chain, two pairs gold spectacles, several gold rings and all the keys of the house.

The robbers had a horse and buggy and told Mrs. Allen they were going to rob her next neighbor. Chief Fewings and High Constable Lachlin Campbell were yesterday notified of the robbery, and from information received it is expected that arrests will

The Prevention of Digestive Trouble.

Indigestion, dyspepsia, and a host of findred complains are becoming so prevalent that medical men are comelled to give much grave consideration to their treatment and cure. Those who have looked into the question most thoroughly are of the opinion that cur salvation from the horrors of chronic dyspepsia and other digestive complications lies in prevention-not cure. Too much rich food, especially lies at the bottom of all these trou-bles. If you want to keep a good digestion and avoid serious organic trouble, say the doctors, eat less meat and more hygienic health foods, such as Granose and Granola. These are excellent cereal products, delicious to the taste, and made to suit the most delicate digestions. They are highly nourishing. Here is an indorsement from a prominent western clergyman, who is in enthusiastic user of Granose and

Health Food Co., London. Dear Sirs,-In respect to your foods, Granose and Granola and Life Chips, we are all enjoying them very much indeed. They are just what we have been needing. They are doing us all good; we are almost living on them.

Personally, I have no desire for meat.

(Rev.) W. T. BUNT,

Gladstone, Ont.

If you take a Laxa-Liver Pill at night, it will work while you sleep right, it will work while you sleep without a gripe or pain, curing billiousness, constipation, dyspepsia and sick headache.

In Paris cabmen are not allowed to smoke while driving.

A PIT LAMP FIRED THE MINE!

And Explosions Made Escape Impossible.

Details of the Disaster in the Wellington, B. C., Colliery-Names of the Victims.

Victoria, B. C., Oct. 1 .- Seventeen men are dead as a result of a fire and explosion in Extension mine No. 2, belonging to the Wellington Colliery Company. The flames started from a curtain which caught fire from a min-

In half an hour the whole slope was on fire. Rescuers flocked to the mine and reached the place where the miners had been at work, but the miners had gone. They had run with the fresh air instead of against it in an attempt to get out by the accustomed route, thus meeting death half way.

While the rescuers were at work several explosions occurred. When it

was realized that the men could not be saved a strong force started to noke the mine, but their work was indone by a terrific explosion, which blew down the barricade. A little later the fan house was burned.

CORRECTED LIST OF DEAD. George Southcomb, about 26; mar-

Ontario's Cheese Judged the Best at the Pan-American.

Manitoba Farmers Suffer Considerable Loss on Wheat Damaged by Rain.

ONTARIO'S IS THE BEST. Toronto, Oct. 1.-The provincial department of agriculture has been advised that Ontario cheese, in competition with the whole of North and South America, has won the gold medal offered by the Buffalo Exposi-The department of agriculture, tion. through a committee to the Western tawa's population as taken by the municipal assessors total 60,400. The Dairymen's Association, sent over at different times during June. July and August 140 boxes of cheese, Prof. V. L. Emerson has had a were scored by expert judges. The trial of a new 30-foot boat operated exhibits were the products of 57 cheese factories in Ontario, situated in both the east and west and included a fine ago said he would present to the Otlot of the Ontario Agricultural tawa garrison as a torpedo boat. It lege. According to the rules of the exposition, any exhibit scoring 94 made twenty miles per hour, a very points or over would receive a di-ploma, and of the Ontario cheese, Sir Louis Davies was sworn in as a justice of the supreme court of Canwhich was last scored, only one packada yesterday, and took his seat upon age failed to reach the standard, while some of the packages scored as Louis took the oath before Sir high as 991/2 per cent. Henry Strong, chief justice, in the room of the latter, before the court

MANITOBA WHEAT DAMAGED. Winnipeg, Man., Oct. 1 .-- Over 33,-605 bushels Manitoba and Northwest Territory crops have been shipped east this fall. On Saturday there were 1,661,000 bushels of wheat in store in C. P. R. interior elevators in the west. "I am afraid the damage to the wheat crop in Manitoba by the recent rains will amount to not less than one and a half million dollars," was the remark made by Hon. Mr. Davidson, provincial treasurer, on his return from the country. "A great deal of grain has lost its grade, and consequently will bring the farmers about four cents a bushel less than it would had the weather continued fine. There is also a great danger of the wheat in shock sprouting, and, in fact, I have heard reports of this actually occurring already. Altogether the present outlook is not promising, unless the weather takes a sudden turn, and it is to be feared that the farmers are to be taught another lesson on the necessity of stacking their grain as soon as it is cut, and not trusting to luck for good weather and the thresher while the grain is in shock." The weather cleared again this morning, after the rain during the

SMALLPOX IN ONTARIO.

Toronto, Oct. 2 .- From a report received by Dr. Bryce, secretary of the provincial board of health, Northern Ontario seems threatened with another winter of smallpox. It seems that several cases of smallpox were discovered in Copper Cliff, four miles west of Sudbury, and that before any effort had been made to disinfect those who had been exposed to infection, they are scattered to all parts of the town. In one house, 30 boarders were exposed to the contagion.

AT SEA IN A COCKLE-SHELL. Atlantic City, N. J., Oct. 2.—Capt. Andrews and his bride bade farewell to their friends on Sunday, and started on their dangerous voyage across the ocean. The craft, in which the trip will be made is called the "Dark Secret," and is the smallest boat that ever made the attempt. This is Capt. Andrews' eighth trip in a cockle-shell and it will be his last. With good weather it is expected that the Azeres Islands will be reached in about two months. From that point the voyagers will set sail for their destina-

THE RAILWAYS REACHING OUT!

Mr. Harriman Takes the Presidency of the Southern Pacific

In Place of Mr. Charles Hays-New Tunnel for New York Roads-New G. T. R. Ticket Offices.

The Gran Trunk Railway has decided to establish branch ticket offices at Little Current, Gore Bay, and Sault Ste. Marie, Michigan, and Mr. Charles Proctor, traveling passenger agent, has gone north to open the offices. The Kansas City Times says: A. E. Stilwell, president of the Kansas City, Mexico and Orient road, who is now in London, has cabled his office here that he practically has completed arrangements for securing the several millions of capital necessary to push the new transcontinental line to completion. He stated that he expected to close the

deal at any time. Julius Kruttschnitt, fourth vice-president of the Southern Pacific, has, according to a report in San Francisco circles, been appointed assistant to President Harriman, and will represent the new head of the corporation in San Francisco.

The annual report of President Ripley, of Atchison, Topeka & Santa Fe, for the fiscal year ended June 30 last, shows total earnings of \$54,475,822, an increase of \$8,242,744 over the previous year. The total operating expenses were \$32,262,943, being an increase over the previous year of \$4,741,445. The net increases were \$22,211,877,an increase of \$3,501,298. After deducting interest charges of \$8,029,476, there remained \$14,182,401 applicable for dividend and surplus purposes.

The Pere Marquette Railroad is

trying an interesting experiment in bridge building. The company is building a new bridge across the Rouge River at Northville, and the bridge will be "poured"—that is, it will be made of Portland cement. The river will be spanned by a skeleton arch, and on this the cement will be laid. The cement will be allowed to harden for a year, and then the skeleton will be removed. In the construction barrels of cement, 3,200 yards of crushed stone and 1,600 yards of gravel will be used, and if the experiment shall prove as successful as hoped for, the net results will be a solid bridge of artificial stone that will outlive any steel or wooden bridge. This is the first railroad bridge of the kind that has been attempted, and it may mark a new era in railroad bridge construc-

President Baldwin, of the Long Island Railroad, has made application to and filed plans with the rapid transit com-mission in behalf of the Long Island Railroad Extension Company for a tunnel from a point in New York city in the vicinity of Longacre Square (Broadway and Forty-fifth street), under Seventh avenue to Thirty - third street, thence to East River, and under it to Long Island city. The plans re-present an outlay of \$5,000,000, and call for a double-track tunnel its entire length for the carrying of both freight passengers. The applicants themselves to begin work on the tunnel within thirty days after the franchise shall have

been granted, and to complete it in four years after the work shall have commenced. Motive power other than steam is also specified. The applistate that they are willing to pay the city 3 per cent of the gross earnings of the road or any such reasonable amount as the commissioners might think proper to stipulate. The tunnel is controlled by the Pennsylvania Railroad Company. Charles M. Hays, president of the Southern Pacific Company, in formally announcing that he would resign, says: "The condition in the policy and organization of the company consequent on the change in ownership of the control of the Southern Pacific shortly after my taking service with the com pany has made a place originally attractive to me, so much less so that I several weeks ago placed my resignation and a surrender of my contract with the company at the disposal of the executive committee, and on such conditions as might be agreeable to them. We have agreed on Oct. 1 as the date upon which my resignation shall become effective. Announce ments as to my successor, etc., doubtless be made shortly. I have no definite plans yet, but expect to remain some weeks enjoying the country with my family at Menlo Park, and probably go east some time early in December."

A True Erain Food

must replace the feeling of lassitude and mental tiredness by clearness and strength of mind. Not that it goes directly to the brain, that were foolish. The true brain food must be carried by rich, red blood. If mental fatigue worries and alarms you, look not to the brain, but the stomach and assimilative organs. No remedy yet discovered possesses the marvelous brain strengthening power that Ferrozone has demonstrated in thousands of cases. Ferrozone does not stimulate Ferrozone has demonstrated in thousands of cases. Ferrozone does not stimulate the brain into a fitful glow, but by improving digestion, strengthening the nervous system, stimulating assimilation, giving new strength to the heart, it sends a stream of red, vitalizing blood to the brain. Thus it is a true brain food. Ferrozone is sold by W. T. Streng & Co. The hardest varieties of wood, such

as mahogany, ebony and lignum vitae. grow in tropical climates, but their wood does not season as well as that of trees in the temperate zones. WHERE WEAKNESS IS, DISEASE WILL SETTLE.—If one suffers from any organic weakness, inherited or contracted, there disease will settle when it attacks the body. Therefore drive out the pains that beset you, do not let a cold or cough harass you, and keep the respiratory organs in a good, healthy condition. This you can do by using Dr. Thomas' Eelectric Oil. Prevention is the wisest course.

The Italian Ministry of Agriculture has figured out that the total wine production of the world last year was 163,000,000 hectolitres, of which Europe supplied all but 13,000,000. PASSED 15 WORMS. I gave Dr.

Low's Worm Syrup to my little girl, two and one-half years old; the result was that she passed fifteen round worms in five days. Mrs. B. Roy, Kilmanagh, Ont. Philadelphians have arranged to dam

three rivers that rise in the watershed

of Mount Hamilton, Cal., and generate

electric power and parry it 70 miles to San Francisco. NO SUBSTITUTE for "The D. & L." Menthol Plaster, although some unscru-pulous dealers may say there is. Re-commended by doctors, by hospitals, by the clergy, by everybody, for stiffness, pleurisy, etc. Made by Davis & Law-rence Company, Limited. When a girl's education is complete

Have you seen the catalogue of the CANADA BUŞINESS COLLEGE, CHATHAM, ONT.? If not, you are not yet familiar with the best Canada has to offer in the lines of BUSINESS TRAINING, SHORTHAND

OR PENMANSHIP.

We have supplied more teachers for other business schools than all other Canadian business colleges combined.

304 of our pupils secured good positions during the past year. Send for this list and handsome catalogue. Good board for ladies at \$2 per week; gentlemen, \$2 50. We pay railway fare up to \$8.

We pay railway fare up to \$8.

If circumstances will not allow you to attend at Chatham, you can get INSTRUCTION BY MAIL IN BOOKKEEPING, SHORTHAND OR PENMANSHIP from Canada's greatest school of business, by addressing
