

JOHNSON'S ANODYNE LINIMENT

Stop Your Cough

Three or four drops of Johnson's Anodyne Liniment on sugar, or a little water, will soothe the throat and stop the cough. If unchecked, may cause serious throat and lung troubles. To avoid risk, apply Johnson's Anodyne Liniment promptly.

Johnson's ANODYNE Liniment

Has been a successful family remedy for nearly a century, for both internal and external use. Internally for Coughs, Colds, Hoarseness, Bronchitis and most respiratory diseases. Externally it soothes any pain. Cuts, Wounds, Sprains, Muscular Rheumatism, Swollen and Frost-bitten Feet. Pain leaves the moment the liniment is applied.

At all Druggists, etc., and S.O. Get a Bottle now. **KEEP IT ALWAYS IN THE HOUSE.** L. S. Johnson & Co. Boston, Mass.

Bacon Breakfast Short Rolls.

Hams Small, Medium and large sizes.

New Smoked Meats

at close prices.

Sausages. Pails and Cakes of finest pure lard.

Orders filled promptly.

ST. JOHN, N. B.

Synopsis of Canadian Northwest Land Regulations

Any person who is the sole head of a family, or any male over 18 years old may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homesteaded title) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

W. W. CORY,
deputy of the Minister of the Interior, N. B.—Unauthorized publication of this advertisement will not be paid for.

USE COUPONS TO STIMULATE TRADE.

Merchants can get Shine Coupons to present to customers purchasing \$3.00 worth of goods.

Citizens can get my coupons at the stores of H. L. Nelson & Co. and Oak Hall. Ask for them. Others supplied on application. New York Shoe Shining Parlor, Campbellton, N. B.

FRIDAY, MAY 7th 1909

CHEAP POWER

One of the problems facing the town of Campbellton today is that of power for small industries, and we are pleased to note that our progressive town council are already considering this matter.

Something over a year ago the Graphic published a large number of interviews from prominent business men in regard to supplying electricity for power during the daylight hours. In these interviews there was not a dissenting voice, all being of the opinion that to assure Campbellton's industrial advancement, and as the water supply was inadequate, electricity was the only force available. The element of cost was an important obstacle.

In looking into the matter we found that in order to give an up-to-date service and a permanent one, it would be necessary to install new generators at the power house, as the present plant, now in operation for many years, is obsolete, generators of this type being no longer manufactured, and motors to use current from these generators can only be procured by being made to order. It was felt that, as the plant was then nearly at its limit of generating capacity, and as new plant would be necessary very shortly, it would be better to allow the matter to rest for the present, and make a new start from the beginning.

At a committee meeting of the council held some months ago this matter was discussed and it was deemed advisable to ask the government for legislation to authorize the issuing of a further issue of \$50,000 of water and light bonds for electric light and power purposes, and procure necessary information as to available water power within reach of the town. If suitable source of power can be procured, it is planned to erect the necessary power plant at an early date. The necessary legislation has since been obtained on the request of the Council.

Within a comparatively short radius of Campbellton there are a number of water powers which by the expenditure of a reasonable amount of capital could be harnessed. Will these falling streams generate enough horse power for our growing needs? That is the important question and that is what the Council will endeavor to ascertain this summer.

How would the change affect light and power users?—At the present time the electric light plant uses annually about \$5,000 worth of coal and a day service is insured this would be nearly doubled. This \$5,000 which now goes up in smoke, would pay the interest on \$50,000 or on an expenditure of \$100,000 which will be amply sufficient for the proposed plant, would effect a saving of \$2,500 on a night service only, and approximately \$7,000 on a day and night service.

The employees necessary would be just the same as at present for the twenty-four hour service, a man at the power house day and night and a chief electrician. The revenue from the day service would grow rapidly and would thus increase the present revenue very perceptibly. With a large increase in the revenue, and such a large saving in the operating expenses, a reduction in rates could easily be made, without sacrificing profits. This would affect every citizen, besides encouraging many small industries to locate here.

In many Ontario towns the change from steam to water power was recently made with the result that where as the residents were paying 15 cents or thereabouts per thousand watts

for current, they are now paying only 5 cents and the plants are showing a larger surplus than when steam was used. The cost of power is made two cents per thousand watts, and a further cut is already being considered. Although the saving here might not be as great as in Ontario we have the advantage of cheaper coal, yet a large cut would be possible, especially to users of power.

We trust that the Council will take this matter up in earnest and that inside of a year and a half Campbellton will be enjoying cheaper light and power.

According to a daily press report a safe lock has been invented which is provided with phonographic mechanism so that it can be opened only by the voice of the owner. A moustache like that of a telephone takes the place of a knob on the door and this is provided with the usual style of needle which travels in a groove in the sound record of the phonograph cylinder. Before the safe can be unlocked the password must be spoken into the cylinder by the one who made the original record. The report does not state what would occur if the owner should come down to his office with a bad cold—Scientific American.

CURE IT IN ONE DAY

Coughs and Colds Disappear Like Magic When Hyomei is Used

If the thousands of people who suffer from hacking coughs and agonizing colds would arouse themselves sufficiently to follow this advice, they would cease to complain within 24 hours.

Here is the advice, if you take it and if you are afterwards sorry that you did, it won't cost you a penny. Go to Thos. Wran, the druggist and purchase from him a Hyomei (pronounced High-o-mei) outfit. It will cost you \$1.66. Take it home; use it according to directions and if it does not cure your cough or cold, take it back and Thos. Wran will refund the purchase price.

At the corner of John Street, Acton, Ont., says, I had a swelling croup near my eyes which was caused by the important condition. I had to cough up the bad impurities that dropped into my throat, and it felt as if a hard cold had attacked me, right in my head, nose and throat. A week's treatment of Hyomei overcame my trouble. I am glad to endorse Hyomei.

When you use Hyomei you don't swallow nauseating drugs. A simple, simply breathe in the soothing, pleasant and antiseptic Hyomei air through the little pocket inhaler that comes with each outfit. As this medicated air passes over the inflamed parts, relief comes almost at once and cure follows. Hyomei is also guaranteed by Thos. Wran to cure catarrh, croup, grip and asthma.

SALVATION ARMY QUARTERS.

It is already well known that the Salvation Army is holding its Annual week of Solidarity from May 8th to 15th inclusive. The officers of the local corps have commenced operations in this connection. That the work of the Army deserves the support of the public is now fully admitted although it is not so very long ago, since an entirely different view was taken of its methods. It is interesting to note that the work of this marvelous organization continues to make most successful progress, we trust that our readers will support the effort to the best of their ability.

The fact that General Booth has just celebrated his 80th birthday, having spent 68 years of his life in self denial and labor for the good of suffering humanity, ought to appeal strongly to the public mind and heart. Donations may be sent to Adjutant Greene and the officer in charge of the local corps.

We give below a few statistics: No. of corps and societies, 7,634. No. of officers, 15,978. No. of local officers and bandmen, 85,000.

No. of countries and colonies, 53. No. of social institutions, 821. No. with accommodation for, 33,000. No. persons assisted daily, 21,000.

MINARD'S LINIMENT CO., LIMITED. I was very sick with Quinsy and thought I would strangle, I used MINARD'S LINIMENT and it cured me at once.

I am never without it now. Yours gratefully, MISS C. D. PRINCE, Nanaimo, B. C., Oct. 21st.
