## RESTIGOUCHE BOY KILLED IN WRECK

Body of Chas. Duff Recovered  
Thursday From  
Spanish River.

IDENTIFIED BY CARD

Ward was received here yesterday that Charles Duff, only son of Mr. and Mrs. George Duff of Tide Head, was killed in the wreck of the C. P. R. express at Spanish River last Friday. The body was identified by a post card addressed to him from his sister in St. John.

Charles Duff left here last week for the west, and although his parents were somewhat anxious about him on account of the wreck, they had no word until yesterday that he was on the ill-fated train. The bereaved family have the sympathy of all.

The body is expected here tomorrow morning.

MILD WEATHER IS  
BAD FOR BUSINESS

Fishing and Lumbering Business  
Suffer on Account of  
Thaw

Never in the history of the oldest resident has Northern New Brunswick experienced such a prolonged spell of mild weather. A week ago last Tuesday the weather turned mild and rain fell during the night. Since that time it has been unusually soft and on Thursday it rained hard all day.

The snow has been nearly all melted and brooks and rivers are opening up on account of the freshet.

In the river the ice has become weakened. At Dalhousie and up to Point la Garde the river is open and the fishermen at Dalhousie Junction and Dalhousie have had to cease operations. If the mild weather continues the ice may run.

The men at work building blocks for the Restigouche Boom Co. have had to quit work and men are also coming out of the woods.

There is no Quinine nothing what ever harsh or sickening in Preventives. These little Candy Cough Tablets act as by magic. A few hours—and your threatening Cough is broken. Candy-like in taste. Preventives please the children—and they break the feverishness, always. And least of all is the economy. A large box—48 Preventives—25 cents. Ask your drugist. He knows. Sold by all dealers.

## LUCIA NOLA OPERA COMPANY MONDAY

Open For Two Nights Here  
—Two Fine Operas on  
Program.

WHAT OTHERS SAY

The Lucia Nola Opera Company opens at the Opera House Monday evening with 'Fra Diavolo' will be presented.

The Quebec Chronicle of Jan. 18th says—

It was like an echo from the past when Frank Nelson, in his familiar role of 'Fra Diavolo', stepped upon the stage at the Auditorium last evening. The glad hand was extended to him upon his appearance, and it must have been gratifying to him to know that his old time friends had not forgotten him.

'Fra Diavolo' won its first success in Quebec, perhaps many more years ago than the star would like to acknowledge, through the remarkable vocal and artistic work of Mr. Nelson, and there were many in last night's audience who made it a point to attend to again hear the voice which in days gone by made him a popular favorite in Quebec.

Reminiscences of the Casino days, the old times awaiting the rendition of 'Golden Moon', but this time for no man, and a wide margin exists since the days when that popular song drew the crowd to the theatre to hear the idol of the hour, which was 'Frank Nelson, render it. Frank Nelson no doubt, today could render 'Golden Moon' with all the effect he gave it before.

He certainly gave as fine a performance of 'Fra Diavolo' as any other which he has ever given in Quebec, and his splendid voice was heard with good effect through the hall.

The company supporting was one which won favor last evening from an audience which most liked the Auditorium to its fullest capacity.

Lucia Nola, was fascinating in the role of 'Zerline', was a quick and charming lady, quickly installed herself as a favorite. She won repeated ovations for her songs, and she gave a most enjoyable performance of the part of 'Lucia'.

But as to Mr. Mott's expression of surprise at Conductor Thompson's evidence he might as well have said that he was surprised that Conductor Thompson told the truth. A most deplorable catastrophe was turned into a burlesque.

Asked if he suggested that posterity be taught into it he contented himself with the comment that you can draw what conclusion you will.

## SAYS MOTT'S FINDINGS ARE OF NO AVAIL

F. P. Brady Declares Inquiry Into  
Nash's Creek Accident  
Was a Burlesque

That the findings of W. A. Mott, K. C., who represented the provincial government at the recent inquest into the Nash's Creek accident are of no value and the inquiry itself was but a burlesque in so short the comment of F. P. Brady and the I. C. R. commission who with E. Tiffin of the commission arrived in the matter.

Asked as to the successor to Mr. Butler the two commissioners said they knew nothing of the government's intentions in the matter.

With reference to a suggestion that there was some idea of increasing the terminals and yard room here Mr. Brady said that there was nothing of the nature in view but added that they were always ready to meet requirements should occasion demand. There were no changes in view or any further reductions planned.

'Are the commissioners to avail themselves of any of the suggestions of Mr. Mott?' Mr. Brady was asked by a reporter.

'He has not given us any good advice,' was the reply.

When requested to make a statement with Mr. Mott's findings, Mr. Brady made the following comment:—'Mr. Mott is not a railway man, he is a lawyer, and I will not criticise a lawyer and I think if Mr. Mott was wise he would not criticise a railway man.'

Mr. Brady's attention was drawn to that portion of Mr. Mott's finding that had to do with the despatching system and he said: 'The system is the standard system used all over Canada and it would not have made a bit of difference if there had been a despatcher at every post. The accident was the fault of men. The fault was that of the engineer and conductor; the former has suffered the consequences and Conductor Thompson has been dismissed from the service. The accident was one of those that happen quite frequently on railways. But as to Mr. Mott's expression of surprise at Conductor Thompson's evidence he might as well have said that he was surprised that Conductor Thompson told the truth. A most deplorable catastrophe was turned into a burlesque.'

Asked if he suggested that posterity be taught into it he contented himself with the comment that you can draw what conclusion you will.

There was quite a sensation sprung upon the people at the station on Monday. A vaudeville actor and his wife desired the arrest of Conductor Dixon, one of the most popular conductors of the I. C. R. in fact, they wanted the whole train crew arrested and it was all on account of a dog. They were coming from Halifax to perform in Moncton. They had a dog with them. The conductor ordered the dog taken to the baggage car. On their refusal the brakeman removed his dogship, after several scratches and blows from her ladyship. The conductor came to the scene to see the brakeman play and here is where their stories differ. The actor says the conductor punched his wife, while the conductor says he punched nothing but her ticket. He was not arrested and as the alleged offence was committed in Nova Scotia, His Honor Judge Kay said them they must necessarily visit N. S. again to lay information against the right of the punch.

## TEMPERANCE MEN ON MONCTON BOARD

Railway Town News of Interest to North Shore Readers.

WANTS MORE MONEY

MONCTON, Jan. 26.—The elections are over and the country is safe. A majority of the Aldermen are strong temperance men and they are all men who possess intelligence and ability, and will conduct the business of the city in a business-like way.

Mr. F. Albert Kelly was elected mayor by a good majority. The campaign was friendly all through. The Aldermen are—

Ward 1.—J. Temple Forbes; Dr. Bouquet.

Ward 2.—Jas. McAn; E. A. Fryer.

Ward 3.—F. E. Whelpley, cashier of I. C. R.; John H. Crandall, Aldermen at large—Wm. G. Jones and Cliff Charters.

Mr. Charters is the tea and china man here. It was through his shop of china wares that the deer ran two or three years ago. No wonder he is now an Alderman.

An unfortunate young man, named Leonard Trites, son of Mr. and Mrs. Botsford Trites of Berry's Mills, was arrested yesterday as a dangerous lunatic. He was taken to the lock up here where he tried to kill the police man, knocked a prisoner down, and set his cell on fire. He had to be put in a steel cage, awaiting his removal to St. John.

He is about 24 years of age.

The City Hospital is asking the County of Westmorland for another two thousand.

The Rifle Association here interviewed the Municipal Council at Dorchester yesterday and secured a grant of \$25, the last year. This grant is to augment the prize lists for shooting competitions.

There was quite a sensation sprung upon the people at the station on Monday. A vaudeville actor and his wife desired the arrest of Conductor Dixon, one of the most popular conductors of the I. C.
