HER SKIN SEEMED LABOR CO-ON FIRE

Every Other Treatment Falled But "Fruit-a-tives" Cures

Grande Ligne, Que., Jan. 2nd, 1910.

"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives", and the effect was marvellous. Not only did "Fruit-atives" entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured.

PROFITS IN APPLE GROWING

Before the St. John Board of Trade on the 9th inst. A. G. Turney showed what profits can be made in aprle growing in New Brunswick and at the close of his lecture ten members subscribed \$1,0000 to start an experimental orchard for illustration purposes near the city. The Department of Agriculture decided last spring to take hold of three orchards under average conditions and show what could be done. The orchard

HE present huge demand for PURITY FLOUR-shows the confidence in which it is held by thousands of home-cooks.

Those who have used PURITY FLOUR have come to believe in it. They look on PURITY as a friend. They feel they can trust it implicitly, because each and every lot of PURITY FLOUR has always been uniform.

always been uniform—always up to the high standard of qual-ity that has made it famous.

Wouldn't you, too, like to use a flour you could always rely on? Wouldn't you like to feel certain that your bread, cakes, and pies were going to turn out exactly right? That's just how you'll feel when you become a user of PURITY FLOUR - the confidence creating flour.

PURITY FLOUR gives high-class results, because it consists exclusively of the high-grade portions of the best Western hard wheat.

On account of the extra strength of PURITY FLOUR please remember, when making pastry, to add more shortening than an ordinary flour requires.

"More bread and better bread"

And when making bread add more water, and PURITY FLOUR will expand into more loaves than the same weight of ordinary flour can produce, thus making "more bread and bet-ter bread."

was made in Western Town Property during the year 1909

Did you participate in these huge profits or did you 'pigeon hole' the propositions submitted to you by your western friends for future consideration? In short, are you the man who made a profit or the unfortunate one who had the chance but did not possess sufficient ingulment to recognize the opportunity or ufficient courage to close a deal? The man or woman entitled to sympathy is the one who says: "Five or ten years ago I had the chance to buy this or that property at \$100 or \$500, and now it is worth \$10, '00." The average person sneers at the person who makes such a statement and says: "I would have bought and made that money." Are you going to say five years from now that you had a chance to buy a lot. at Poe, Alta, at from \$50 to \$100 each, or are you going to be the man who will have from \$1,000 to \$10,000 in cash as a result of having bought property in this town in this year of grace, 1911?

POE A COMING COMMERCIAL CENTRE

Foe is located on the main line of the Grand Trunk Pacific Railway between Edmonton and Sasastoon. It is located in one of the finest farming districts in Western Canada. The surrounding country is rettled by a grogressive type of farmers and consequently will become the market centre for Northern Alberta. Poe district possesses rich coal mines, is close to rivers and lakes and large forests are casily accessible from this point. These natural resources insure for the residents of the lown, first, lew cost of living, and second, great commorcial activity, two essentials in the uppuilding or a large town, thus creating valuable real estate.

POE AS A MANUFACTURING GENTRE

This townsite and contiguous territory has the requirements outlined by large manufacturing concerns for the location of large factories or large enterprises of any kindemploying large numbers of peopl. The rivers and lakes furnish water, the coaffields and forests urnish fuel and cheap building material, the fine farming lands furnish farm products, enabling the residents to live at a low cost,

The town is located on the main line of a transcontinental Railway, assuring the necessary transpertation acilities. These combined conditions will furnish cheap labor, one of the most important features of a manufacturing centre.
