great spin and breaks either way. His ordinary pace is medium; though he varies it continually.

R. B. Ferrie (Hamilton) made his appearance as a bowler at the same time as Mr. Gillespie, and they have been associated ever since. Their bowling has done much to gain victories for the Hamilton Club, and the onslaught they made against the Philadelphia. Club in 1883, with the Zingari team, paved the way for the victory of Canada in 1884, which their bowling did much to secure. The same may be said of the matches of 1885 and 1886, as their bowling was just as deadly. Mr. Ferrie taking two wickets in the first two balls of the 1836 match. Since the batting of the Hamilton team began to fall off. Mr. Ferrie, although without the benefit of early training as a batsman, has succeeded under pressure in acquiring the art of making runs. This acquisition he made surprising use of against Mr. Sanders English team to the tune of 39 runs. Since then Mr. Ferrie takes rank as a batsman, and one who will come off when runs are wanted, as he is impervious to funk. His batting is full of freedom, but lacks that form which ducation alone can give. He, however, makes wonderful off drives which keep very low, and are not likely to be stopped by in field. He bowls fast round arm, round the wickets, with considerable curve and break from leg, and on a soft wicket often bowls 5 "shooters" in an over.

D. W. Scaunders (Toronto) received his cricketing education at Trinity College School, Port Hope, but is chiefly indebted to himself for the excellent cricket which he plays. When he first appeared in a public match of importance, London and District v. Daft's professional team, he created a favorable impression and was warmly complimented on his play by the professionals. This was in 1879, the year-he was captain of the Trinity School cleven. During the several International matches. His best scores were made on Trinity College frounds. Playing for Guelph against the College in 1882 he

way, is a good field.

W. C. Little (Ottawa) has been for many years one of the chief supports of the Ottawa club. He scored 48 against Ontario for Quebeo last year and fielded remarkably well, and contributed 117 and something over 50 on two occasions for the Ottawa club. This secured him a place on the International Team, and as he caught about half the American team out at point the first innings the committee of the association have reason to congratulate themselves in securing Mr. Little. His fielding at point was certainly wonderful and will not soon be forgotten by our American cousins. Mr. Little is a very steady bat with careful defence and can score quickly when set. He is very plucky and is likely to play consistently well throughout the tour. At point he is so light on his feet that, divining in which direction the ball is coming, he is enabled to reach the spot and await the arrival of the ball. He is a fast runner and a good medium paced change bowler with slight cful from leg. F. Harley (Guelph) emigrated to this country in 1882, and took up his abode in Toronto. He at once became a member of the East Toronto Clubor the Nelson Club as it was then called, and proved such an acquisition that the club immediately began to flourish and won the Ontario Association Cup for the year. While Mr. Harley continued a member, the Nelsonians coped successfully with the chief chubs of the province, and when he moved to Guelph the club only survived his departure a year. Mr. Harley was very useful in the first international match, that of 1882, scoring 30 runs in the two innings and doing good bowling besides. The next year on the Toronto ground he was a most useful bat. In 1884 and 1885 his record was as good, while in 1886 his fine performance at Scabright is still fresh in our minds, and edipsed all his previous efforts in these matches. He was chosen captain of the eleven which opposed Mr. Saunders' English team, and as such was a graceful manner. He hits hard and low in every direction, and cuts with great

sional team. Since then Mr. Gillespie has ranked among the best bowlers in Canada, and when in 1881 he ran up 117 against Toronto for Hamilton his reputation as a bat was as firmly established. This year (1881) was his first on the laternational team, and since then he has played in every international match. He has always done the major portion of the bowling, and his batting record is among the first for. No one has been of greater service to Canadian cricket. Mr. Gillespie is an "allday" bowler and bowls just as straight and accurately at the end as at the beginning of the day.

He bowls over arm, round the wicket, with great spin and breaks either way. His ordinary pace is medium; though he varies it continually.

R. B. Ferric (Hamilton) made his appearance as a bowler at the same time as Mr. Gillespie, and they have been associated ever since. Their bowling has done much to gain victories for the Hamilton Club, and the onslaught they made against the Philadelphia Club in 1883, with the Zingari team, payed the way for the victory of Canada in 1884, which their bowling was just as deadly, Mr. Ferric taking two wickets in the first two balls of the 1885 match. THE T. L. C. APPEAL.

Full Text of the Document Forwarded to the Council of the N. A. L. A. C, Fred W. Garvin, Secretary of the Toronto this document, which fully explains itself:

To the Council of the National Amateus Lacrosse Association of Canada:

The Toronto Lacrosse Club hereby present their appeal or complaint, to the said council as follows:

1. The said Toronto Lacrosse Club and the Montreal Lacrosse' Clubs are members of the National Amateur Lacrosse Association of Canada, and are ranked in the said association as first-class clubs. this document, which fully explains itself: Canada, and are ranked in the said association as first-class clubs.

2. That on April 10, 1886, the Committee of Management of said association met and arranged a series of matches to be played by and between the first-class clubs of said association during the year 1885.

3. That on Sept. 25, 1886, the Toronto Lacrosse Club played their last match as arranged and provided for by the said Committee of Management: ement: 4. That on Oct. 9, 1886, the Montreal Lacrosse

That on Nov. 23 the said Committee of Management met in Montreal for the purpose of appointing a date and to make provisions for the playing off of the tie between the said clubs, and despite the fact that the season was already too far advanced for playing lacrosse, and that your complainants had already gone to Montreal four times to compete for the championship during the season, the said tie should be played off on Nov. 27 at Montreal, on the Shamrock Lacrosse Club grounds, the vote at said meeting standing Montreal, Shamrock and Connwall for the playing of the match and Toronto and Ontario against, the Conwall vate being received by telegram, contrary to all law and usage.

8. That your complainants, for the reasons hereinafter enumerated, decided that they would not proceed to Montreal to play on Nov. 27 as ordered, and relying on section 8 of rule xxiv., which reads as follows:

Sent a telegram to the president of the ass tion on Nov. 26 in these words: "To Dr. Atmes J. Guerta, Beaver Hall Hill.
Montreal: Impossible to get our men away from
horizon and the state of the state of the saway from
presentative. We claim protection of sec. 8 of rule xxiv.
as to good and sufficient reasons; also onject to your
reception of Cornwall vote by telegram, and will appeal to council on both grounds if necessary.

"FRED. W. GARVIN, Hon, Sec. T.L.C."

s at o good and sufficient reasons; also colect to your reception of Cornwall vote by telegram, and will appeal to council on both grounds if necessary.

"FREN. W. GARVIX, Hon. Sec. T.L.C."

9. That on the said Nov. 27 the Montreal Lacrosse Grounds, and after appointing a referee and umpires and taking their positions the match was awarded to them on account of the alleged default of the Torontos.

10. Your complainants submit that they were in no way defaulters by reason of their not going to Montreal on Nov. 27, as the vote of the Committee of Management ordering the said match to be played on that date was illegal, in that the president of the association received the vote of C. W. Young of Cornwall in favor of Montreal, by telegraph, contrary to all parliamentary and business usage, and to the provisions of the by-laws and constitution of the N.A.L.A., there being no provision for voting by proxy or in any other manner than by personal attendance, the said vote having been cast without any knowledge on the part of the said Young as to what arguments had been raised on the discussion and without knowledge of the nature of the business before the meeting, or of the merits of the case, he being thereby disqualified from voting on any resolution that might come before the meeting, and further submit that as said vote was illegal and further submit that as said vote was illegally fixed, therefore the decision of the Committee of Management was also filegal and irregular, and that the date fixed was illegally fixed, and that, even though illegal, it should be cancelled by your honorable body.

11. Your complainants submit that the reasons given by them for not going to Montreal as ordered, were good and sufficient, declaring the Toronto Lacrosse Club defaulters under the said rule and section, was harsh, uncalled for, illegal, and that the treasons given by your complainants for not going to Montreal.

12. Your complainants further submit that there is no provision for receiving voices by telegram. The vote of th

Management was a ne, two voting against the alleged date and two for, the chairman giving no casting vote.

13. Your complainants further submit that if the reasons hereinbefore enumerated were not good and sufficient, the very fact that their team, which is composed of gentlemen whose high standing in the community as amateurs could not be questioned, had already been forced togo to Montreal by the action of a partisan Committee of Management four times to compete for the championship, and had been ordered by the said Committee of Management, by an illegal vote, to go to Montreal the fifth time to fight for their rights in the championship series, and the stout refusal to obey the order of the said committee, thereby to descend to the level of professionals, at the beek and call of a telegram from Mr. Young, should entitle them to some consideration at the hands of your honorable body.

You are therefore requested to decide

at the meeting held on Nov. 23 was justifiable and legal.

2. Whether the date so appointed by the said committee at the said meeting, viz., Nov. 27, 1890. was legally fixed, and if not, that you correct it according to the provisions of section 3 of rule xxiv, and that another date be named.

3. Whether under all the circumstances the Toronto Lacrosse Club come under the designation of "defaulters."

4. Whether the action of the said Committee of Management at the meeting held on March 14 instant, declaring the Toronto Lacrosse Club defaulters and relegating them to the foot of the list as a first-class club and imposing upon them a fine of \$50, was correct or justifiable.

which explains itself, and I hope you will also publish this.

To the Citizen Publishing, Company, 8 King east. I notice in the Canada Citizen of March 4 an article from the Central Canadian sulogizing Mr. James Gillies for sinking party and supporting Mr. Joseph Jamieson on the prohibition question, and you wish 'other constituencies to report and let us know how many loyally independent prohibition patriots there are in Canada. This leads me to ask you what kind of a 'loyally independent prohibition patriot' is Mr. F. S. Spence, President of the Prohibition Club, who, because Mr. Whiteside, trustee, a reliable temperance man, and endorsed by the Women's Christian Temperance Union, was a Conservative seeking re-election in a Grit ward of Toronto, came out and opposed Mr. Whiteside, and defeated him with Grit votes. Can you defend or justify such action? I thinkit was most contemptible, and Mr. Spence should be required by you to explain his conduct, which looks as if he was all for F. S. Spence.

The Confederation Convention.

Editor World: I read the letter signed "Canadian," with the above heading in yours of March 15, with an anxious desire to understand the writters' views but failed in grasping his ideas. If he will state in plain words, I st., what defects he has discovered in our Federal constitution, and 2d, what changes he would like to see introduced, he may confer great benefit on his countrymen. Some of the hotels in the county towns have been charging the judges on circuit so extravagantly that the latter have begun to kick in a quiet, yet effectual manner. Whithy seems to be the greatest offender. Not long ago a chief justice spent two or three days at the Royal Hotel there and he was presented with a bill of \$40. Last fall snother judge was charged at the rate of \$10 per day by the same hotel. This beats the Palmer House entirely and leaves Fifth-avenue prices far in the rear. The proprietoe has found however that he has killed the goose and the golden eggs. The Royal was boycotted this week by the judge who held the Assizes at Whitby. The lawyers who have business at court generally stay at the same hotel as the judge, so that the absence of that dignitary means the absence of many who would otherwise be profitable guests.

essays on morals. And yet he is a shrewd, lawyer-bred man, who has the grasp of a Napoleon and the executive adroitness of a William of Orange. To Mr. Sully is given the credit of organizing the Richmond Terminal—welding a great Southern railway system into a compact whole—and now he and his syndicate are adding the Baltimore and Ohio to the new system and preparing to defy all the great kings of railwaydom. Mr. Sully looks not unlike Joe Jefferson, the comedian. His smooth, clean-cut face is suggestive of the artistic temperament? He doesn't look at all like a railway baron. The entire land will soon be ringing with the name of Sully. The new man with the sceptre will be welcomed to the ranks of the Vanderbilts, Depews, Goulds, Corbins, et al. The new name is attractive. Let us get used to it at once.

"Treating" the Root of the Evil, From the St. Paul Pioneer Press.

"They may legislate in any way they like on the liquor question," said a friend of mine yesterday, "but they will never get at the base of the evil nor strike at the most vital base of the evil nor strike at the most vital spot until they turn their attention to the subject of treating. I know that from observation and experience. I never was drunk du my life, although I have indulged ever since I was a boy. I have found, however, that every time I approached intoxication it was when I met friends or got in a crowd who insisted on treating. If I could go into a saloon, take a drink and walk off, it would be all right; but I never know when I walk up to the mahogany how many drinks I may have to take before I can get away."

From the Catholic Record.

After quoting a brilliant panegyric of the order from Macaulay, in the preface, this ad-

order from Macaulsy, in the preface, this admirable writer goes on to remark: "It is time that the masses in England" (and we might add the United States) "opened their eyes to the truth and saw the Society of Jesus not as a travesty—a hideous monster clothed in deformity—but as a great order of Jesus Christ, preaching his name, suffering for his sake, and as a good tree producing good fruit. There should be an end to the silly, burlesque ideas concerning an order which has converted millions to Christianity and produced such men as Ignatius Loyola, Francis Xavier and Aloysius Gonzaga."
