A BREACH OF TRUST. The Case of the Herr Plano Company and the Central Bank before the Court

of Appeal.

The Court of Appeal yesterday heard the appeal of the Herr Piano Company from the decision of Judge McDougall, holding that the Central Bank were entitled to rank

that the Central Bank were entitled to rank on the estate of the piano company, which is in liquidation, for \$15,000 on 60-81ths of certain unascertaine I assets of the company. At the time when Mr. David Blain was president, A. A. Allen cashier and D. Mitchell McDonald a director of the Central Bank Mr. Allen was president, Mr. Blain vice president and Mr. McDonald managing director of the Herr Piano Company, and under an agreement with Mr. Herr and Donaldson & Milne held a 60-81ths interest in the company. At the bank funds were applied to pay off certain indebtedness of the company. This was done without the consent of the other directors of the Central Bank, and Judge McDongall holds it to have been a breach of trust and holds it to have been a breach of trust and that the bank is entitled to follow the trust aftends into the hands of the piano company, and gave judgment accordingly.

ANOTHER TORONTO CLUB, Home for the Equal Righters and Province.

A meeting was held last night in Richmond Hall to arrange for the formation in Toronto of an Equal Rights Club. Mr. Douglas Armour occupied the chair, and Mr. A. Fraser was appointed secretary. It was announced that 50 letters of concurrence had been received from gentlemen who were unable to be present. After the chairman had expressed the object of the meeting, the following resolution was submitted:

children's concert yesterday afternoon in the Pavilion. The program consisted of piano, organ, violin and vocal music, club swinging, etc., and was heartily enjoyed by the little ones. Over 400 children took part and they made a fine appearance on the platform.

All the exercises showed precision and tact. The singing was excellent and reflects credit upon the conductor, Mr. Cringan.

The performance will be repeated to-night, and it is expected the Pavilion will be well filled.

That Yellow Work That Was Done in St. Andrew's Market Building-Will It All Be Torn Down Again-Contractor Davis' Case.

There were present at yesterday's meeting with the of the Property Committee Ald. Moses higher. or the Property Committee Aid. Moses ingles (chairman), Vokes, Small, Ritchie, Bailey, sales. Maughan, Saunders, Carlyle (St. Thos.),

Maughan, Saunders, Carlyle (St. Thos.), Maughan, Saunders, Carlyle (St. Thos.), Gibbs, McDougall and City Commissioner Coatsworth. Peter McIntyre appeared in support of this petition:

That your petitioners intend to form a company with the view of erecting a large summer hotel on Lot 57 orthe Island opposite the city. according to plan "D. 141." It is estimated that the hotel will cost from \$80,000 to \$100,000 and will cover 350 feet frontage. The ordinary expenses of the guests for two months will be about \$100,000 expended in the city.

To that end your petitioners have secured the lots in case the term of the lease from the city dated Jan. 6, 1876, for 21 years, can now be extended for a period of 15 years from the expiry of the present lease, that is to Oct. 1, 1911.

That the rental for the six years yet to run remain as at present and for the extended period of 15 years your petitioners offer a rental of \$300 a year and taxes.

WILLIAM G. STORM.

A sub-committee composed of Ald. Moses,

A sub-committee composed of Ald. Moses, Carlyle and the City Commissioner will re-Carlyle and the City Commissioner will report at a later meeting.

Architect Paul, jr., defended the work on the new St. Andrew's Market buildings. From his report, and he evidently had made it as mild as possible, the condition of affairs was far from satisfactory. This he ascribed to the soft weather, while the aldermen seemed to think that the trouble was the outcome of the use of soft brick. The pinnacles were out of plumb, the western arch had sagged and there were other grounds of complaint. A sub-committee had visited the work during the afternoon, but no report was forthcoming. When it is handed in it will be, it is understood, to the effect that it would be better to pull down the whole affair.

City Commissioner Costsworth was instructed to remove that old wharf at Mead's, Island Park, forthwith, and also to blow up the hull of that old steamer Bouquet to get it out of the road of regular traffic. Ald. Vokes made a great fight to have the city purchase a 40-foot lot in College-street for the site of a branch of the Free Library. Ald. Carlyle thought it could be just as well placed on a side street, where the land would be cheaper. The committee on motion of Ald. Vokes endorsed the College street site.

In reference to the city flags destroyed in the university fire the commissioner reported. City Commissioner Coatsworth was in-

as follows:

Regarding the 10 flags belonging to the city fire halls borrowed by the Literary and Scientific Society of the university which were destroyed by the late disastrous fire, your committee having referred the matter to me to report "as to whether it would be advisable to charge for the flags or not." I beg to say that the secretary of the society has forwarded to me a financial statement of their assets and liabilities together with the losses they have sustained by the late fire. The statement shows that the society are in debt to the amount of \$557, not including the sum of \$240 for the 10 flags which were borrowed from the city.

In view of the fact that the society have sustained such serious losses I beg to recommend that they be not charged for the flags.

The society's statement was as follows:

The society's statement was as follows: On hand at time of fire...... Derived from Glee Club concert about.....

LIABILITIES. Contracted debts re conversazione......... Due for destroyed borrowed goods, flags,

\$557

The society is paying the first two items on the liabilities list in full, but the society is of opinion that its liability for the third item is doubtful but is trying to pay as large persentage on it as possible.

The flags which are to be paid for are Upper Canada College 2, Walker House 1, Queen's Hotel 2, Custom House 1, Sylvester Bros. 5, H. Hodson 23, Dr. May 15, Y.M.C.A. I. The flags which will not have to be paid for are Parliament House 1, Dominion Bank 1, Metropole Hotel 2 dozen streamers, County Court 1, Normal School 2, Eby, Blain & Co. 1. To which may be added the city's 10, the committee accepting the City Commissioner's recommendation. "I may tell you, gentlemen," said Mr. Coatsworth, "that the reason why so many of the flags had to be paid for is that they were loaned to the society by those who had no right to do so."

Contractor Davis wrote a letter to the committee demending an investigation into Architect Langley's conduct as regards himself in the matter of the improvements to St. Paul's Hall. The committee resolved to hear both gentlemen at the next-meeting.

Mr. Bronson's Street Railway Bill Re-considered.

Before the Municipal Committee yesterday morning the bill to give municipalities the power to construct and operate railway com-panies promoted by Mr. Bronson and the authorities of Ottawa was reconsidered, and authornes of course with the consent of all parties was approved after it had been amended in several particulars. As it stands now, municipalities in which no street railway already exists are in which no street railway already exists are given power to construct and operate one, first having obtained the consent of the rate-payers to the necessary expenditure. Where they exist already no change is made in the legislation governing them, except that in the city of Ottawa the council secures power to build such lines as it may require, providing it does not construct any parallel to those of the present company, or interfere in any way with the privileges secured to it by charter.

They give their special time and attention to catarrh, dyspepsia and chronic diseases and their success is vouched for by hundreds of testimonials, of which the followng is a sample: William Young resides at 120 Bond-street in this city. Mr. Young is 25 years old and had for two or three years been a sufferer with catarrh; his head was continually stopped up, he felt dizzy and had become very weak, had headache, his appetite was gone, had dull pains in back, shoulders and head, all ambition was gone, pulse had run up to 110 and the disease had made such progress that the right lung became affected. After trying several remedies without receiving any benefit he was induced to consult the physicians of the Medical Institute, located at 198 King-street west, and after being treated by them for four months the result was that he was entirely cured and is to-day a well man and will converse with any one about his case that may wish to call on him.
