

A WONDERFUL REMEDY.

A YOUNG LADY IN REGIN COUNTY TELLS HOW IT SAVED HER LIFE.

The Case baffled the Family Doctor and He Gave It Up—Relief Came When Hope Had Almost Gone—Health Again Restored.

From The Tilsonburg Observer.

Mr. J. W. Kennedy, who resides on the 5th concession of the Township of Bayham, is one of the most respected farmers in the township. Recently an Observer representative visited his home for the purpose of learning the particulars of the recovery of his daughter, Miss Alice Kennedy, from a severe and trying illness, through the use of Dr. Williams' Pink Pills, after medical assistance had failed. Miss Kennedy now presents the appearance of a healthy and active young woman of twenty, and bears no indication of having passed through an illness that baffled the doctors' skill. The reporter Miss Kennedy said that in the autumn of 1893 she was taken ill and a physician was called in. Despite all the doctor did for her she continued to grow worse. She suffered from severe headaches, became very pale, rapidly lost flesh, and her hair turned white and swollen. She suffered great pain and it was with much difficulty she could move about, and would sometimes lie for hours in a half stupor. At last the doctor said he could do nothing more for her, and the family asked his advice as to her using Dr. Williams' Pink Pills. He said he was of the opinion that they would not help her, in spite of his adverse opinion, however, she determined to give them a trial, and before the first box was finished, the wisdom of the decision was made manifest. An improvement was noticed and with joy Miss Kennedy continued taking the Pink Pills until she had used fourteen boxes, when she felt that she was completely cured. She has not taken any since the early summer, and has not had any recurrence of her old trouble, and never felt better in her life. Indeed, Miss Kennedy says that as a result of the Pink Pill treatment she has gained 25 pounds in weight. A short time after she began the use of the Pink Pills the doctor who had previously attended her, called and was much surprised at the improvement in the young lady's appearance and said that if Dr. Williams' Pills had caused the transformation, by all means to continue their use. Miss Kennedy's statements were corroborated by her father and sister, both of whom give all the credit for her marvelous recovery to Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills are especially valuable to women. They build up the blood, restore the nerves, and eradicate those troubles which make the lives of so many women, old and young, a burden. Diseases, palpitation of the heart, nervous headache and nervous prostration speedily yield to this wonderful medicine. They are also specific in cases of locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, the after effects of a grippe, etc. In men they effect a radical cure in all cases arising from overwork, mental worry, or excessive Co. Chicago interested? asked the reporter.

THE MARKHAM HIGH SCHOOL.

A Splendid Record at the Recent Examinations.

Markham, Ont., Sept. 5.—The people of Markham and vicinity are justly proud of the record of their High School for the past few years, but more especially of the results of the late department examinations. Our High School passed 19 primary candidates, 10 junior leaving, one full pass Junior matriculant, six senior leaving candidates, one first-class honor candidate in classics, and also secured one scholarship of \$120 in mathematics at Toronto University. Moreover, some 20 pupils obtained commercial certificates. Our teachers are justly proud of the record of their school among the best in the province. Although the school has had a regular attendance of 150 and a staff of only four teachers, yet the school was successful in both junior and senior work. The prospects for the current year are still more promising. Pupils from a considerable distance have been attracted to our school, and already there are about a dozen in senior leaving class, as well as candidates for the various honor departments of Toronto University. The staff consists of George H. Reed, B.A., Toronto University, specialist in classics; Thomas C. Dolige, B.A., Toronto University, specialist in mathematics; Miss Mary Annis, B.A., Toronto University, specialist in modern languages, and Miss Mearns, first A. specialist in English.

Rothschild's Bomb Throwing Unknown.

Paris, Sept. 6.—This man who attempted to explode a bomb in the vestibule of the Rothschild's banking house in the Rue La Fayette yesterday, still refuses to reveal his identity. All he will say about himself is that he is a deserter from the army. In the hope of obtaining information as to the man and his antecedents, the police will distribute 50 photographs of him in the various tribunals throughout France. The analysis of the contents of the bomb taken from the prisoner shows that it was composed of 70 grammes of chlorate of potassium and 15 to 20 grammes of ordinary gunpowder.

For Europe.

A. F. Webster, general steamship agent, northeast corner King and Yonge-streets, books the following passengers to sail this week via the steamship Yendam, on route to Switzerland: Mrs. Hewitt, Mrs. Hill, Mrs. W. H. Howland, Miss Howland, Miss W. H. Howland, Miss Howland, Miss Gladys Howland, Mrs. Gibson, Miss Ridley, Miss Lulu Ridley, Miss Brown, Miss Eleanor Brown and the Misses (2) Brown (Moncton, N.B.).

Ocean Accident and Guarantee Corporation.

The Ocean and Accident Guarantee Corporation of London, Eng., have commenced the accident and guarantee business in Canada with Mr. W. M. Ramsay, manager of the Standard Life, as chairman of the Canadian board. A deposit of \$75,000 has already been made with the Insurance Department at Ottawa. Messrs. Roland, Lyman and Burnett will be the general managers for Canada, with headquarters at Montreal.

How To Cure Headache.—Some people suffer every day after day with night, and there is rest neither day nor night, and a cure can be effected by using Farnham's Vegetable Pills, containing sassafras and Pandelina. Mr. Philip W. Lee's Pills, a first-class article for bilious headache.

Nervous Sales.

The total importations of champagne into the United States for 1894 were 257,087 cases. Of this great quantity there was consumed of G. H. Mumm & Co.'s Extra Dry, 89,778 cases, or over 44,000 cases more than any of the other brands. The purity and natural dryness which secured for G. H. Mumm & Co.'s Extra Dry the highest award at the World's Fair accounts for its wonderful popularity.

Children like using Odorama, thus forming habits that will ensure them good sound teeth the rest of their lives.

LABOR CONGRESS OFFICERS.

Three Important Resolutions Passed at the London Conference.

London, Ont., Sept. 6.—The Labor Congress elected officers this morning as follows: President, Patrick J. Jobin, Quebec, re-elected by acclamation; Vice-President, Alex. Macdonald, Ottawa, re-elected by acclamation; Secretary-Treasurer, George W. Dower, Toronto, re-elected by acclamation; Executive Committee: Quebec—J. P. Ryan, Montreal; H. Laforce Langevin, Quebec; John Scott, Quebec; Ontario—D. A. Carey, Toronto; J. W. Patterson, Ottawa; John Flett, Hamilton; Manitoba—C. Stewart, Winnipeg; Small, W. J. Hodgins, Winnipeg; British Columbia—George Bartley, Vancouver; William McKay, Victoria; Thomas Salmon, Nanaimo, Victoria.

Cheap Money Wanted.

The Dominion Government will be asked to issue all money at a low rate of interest, and to declare at the same time that all banks shall be banks of deposit only. The Provincial Governments will be requested to issue non-interest-bearing bonds as a means of a law to enable municipalities to do likewise for the purposes of public expenditure.

Repeat the Two Acre Exemption.

The first row between the new unionists, the Socialists and the old Unionists occurred when the bill, passed at the last Ontario Legislature, which provides that grounds exceeding two acres in cities and towns may be taxed as farm lands, was under consideration. The committee reported that it would be advisable to insist on its repeal.

Delegate Stewart of Winnipeg gave notice of motion with the idea of obtaining the presence of the Congress in that city in 1897.

Pay Wages Weekly.

On motion of J. Hawthorne of London it was decided to petition the various Provincial Governments to amend existing laws dealing with the subject of wages, so that all employees shall in future be paid weekly and in the current money of the Dominion.

Just before adjournment for luncheon Vice-President C. O. Currie of the Patrons of Industry put in an appearance and made a short speech.

He regretted exceedingly the fact that the representatives of the Patrons had not been present at the different sessions of the Congress.

He believed that the amalgamation of the two classes would make a great organization.

Renowned Sale of "The Mammoth"

It was rumored yesterday that the Mammoth Building in King-street east had been sold by the Messrs. Thompson to a large agricultural implement concern. Mr. Soyves Thompson was interviewed, and said to a World reporter: "There is positively no truth in the rumor that the building has changed hands. Negotiations for a sale are pending with several parties, but we have not committed ourselves to any of them."

"Are the Massey-Harris Co. or the McCormick Co. of Chicago interested?"

asked the reporter.

"Well, we have been negotiating with the McCormick Building with a large seed concern, but as far as we are aware the Massey-Harris Co. have no desire to purchase the building, although they have rented a portion in the rear for several years. The McCormick Co. are, I believe, desirous of having a large show room in the city."

"Why do you wish to sell the building, Mr. Thompson?"

"Is it the intention of the firm to discontinue business?"

"Yes, the business will be practically transferred to the John Eaton Company, as all the members of the Thompson firm have taken an equivalent amount of stock in that concern. The King-street store will not be closed, however, until Christmas, and perhaps not then. As to the sale of the building, you may say that at present we do not know who will be the purchaser."

Oxford and Cambridge Cricketers.

On Thursday evening the Oxford and Cambridge cricketers visited the Exhibition and were met on the grounds by the chairman of the Specialty Committee, ex-Adm. Score, and other officials and were by them suitably entertained and conducted through the Exhibition. They expressed themselves as being highly pleased with their reception.

TEST OF PERFECT HEALTH.

Thousands of Lives Ebbing Away Because of Improper Heart Action.

The heart is the hub of the human system. If it is weak or deranged physical pains and mental decrepitude in one shape or another must follow, and thousands are suffering various ills of the flesh to-day because the heart is not doing its full duty. Whenever the heart flutters or tires out easily, aches or palpitates, it is diseased, and the warning should be heeded. The remedy of all others, for heart disease, is Dr. Agnew's Cure for the Heart. To quote Aaron Nichols of Peterboro, Ont., whose wife was cured of twenty years' heart disease by this medicine, "The remedy acts like magic on a diseased heart." With heart disease it is prevalent in Canada a bottle ought always to be kept in the house.

CURE FOR HAY FEVER.

Mr. B. M. Northrop of the P. O. Department, Ottawa, Recommends Dr. Agnew's Catarrhal Powder for Hay Fever.

Mr. Northrop, who is one of the chief clerks of the Dominion Postoffice at Ottawa, found great relief for Hay Fever, with which he was afflicted, in Dr. Agnew's Catarrhal Powder. Perhaps there is no other medicine more satisfactory in its treatment of Hay Fever. It is equally successful in curing catarrh in almost any of its phases, and for cold in the head, which is a forerunner of catarrh, it acts like a charm, and quick as magic.

HIS TROUBLE WAS IN THE KIDNEYS.

This was the case with Mr. D. J. Locke of Sherbrooke, Que. He suffered for three years from a complicated case of kidney and bladder disease, and spent over one hundred dollars for treatment, but never received marked relief until, to use his own words, "I began the use of South American Kidney Cure when four bottles completely cured me." Kidney disease has fastened its fangs on hundreds of others besides Mr. Locke, but everyone can find a cure, effective and speedy, in South American Kidney Cure. In most distressing cases relief is secured in six hours.

Almonte's Capitalist Suffers Retold Atony for Six Months From Rheumatism.

We have the privilege of publishing the following letter from one of Almonte's wealthiest citizens, Mr. J. K. Cole: "I was completely helpless for six months from rheumatism. I tried almost every known remedy without any benefit, and when South American Rheumatic Cure was recommended I secured it, though I must confess I had no faith whatever in it. The first bottle agreeably surprised me, and four bottles drove the disease completely out of my system. It is the very best medicine I have ever taken. I have recommended it to many friends, and I know it has done them great good."

WHAT THINK YE ALL OF IT?

Well and Strong After Half a Century of Suffering!

THE CURE IS A WONDERFUL ONE

Wrought by Paine's Celery Compound, the Great Strength and Health-Giver.

MRS. PARSONS.

The memory of the great discoverer of Paine's Celery Compound will ever be sacred to the thousands who have been wonderfully delivered from disease and suffering. The united efforts of this world's medical men will never equal the work of the mighty life-saving results, that have come to sufferers through the virtues of Paine's Celery Compound.

The most difficult, most distressing, and the seemingly hard and incurable cases are successfully cured by the great medicine. There is no reason why any man or woman should despair and give up hope, while they can procure the medicine that drives away disease.

Strong and incontrovertible proof—testimony from one who suffered for over fifty years—will give hope and inspiration to many of our suffering brethren who, up to the present, have been unsuccessful with physicians and the common advertised medicines of the day.

The marvelous and speedy cure of Mrs. A. R. Parsons of Sutton, P.Q., has created a wonderful sensation in that special section of the Eastern Townships. Professional men, business men and farmers have discussed the subject, and to-day Paine's Celery Compound has a reputation and a fame in the district that no other medicine ever possessed.

Mrs. Parsons writes very briefly, but to the point; she says: "I am delighted to send my testimony regarding your most valuable medicine, Paine's Celery Compound. 'Some time ago I had grippe, which left me so lame and weak that for six months I could not get up without help. I told my husband that nothing else but Paine's Celery Compound could help me, after other medicines and doctors had failed. 'After taking several bottles of Paine's Celery Compound, I feel that I am cured; I can now walk and go up and downstairs with ease, and do all my household work. Under the blessing of God and your Paine's Celery Compound, I am now well.'"

Whilst Visiting the TORONTO EXHIBITION

Do not forget to examine our Two New Styles of pianos.

THE EMPIRE STYLE

We show an extremely chaste and quiet-looking upright Cabinet Grand, with panels ornamented with pressed woodwork in Empire style. The instrument being of large size it possesses a volume of tone almost equal to that of a Concert Grand piano. Quality considered its price is moderate.

THE COLONIAL STYLE.

We show one piano only in this style, and we consider it one of the finest specimens of the piano maker's art ever exhibited at Toronto. It is musically almost equal to a Concert Grand, and the case has been carved in the highest style of art.

MARQUETERIE PANELS.

We also exhibit one large upright piano with beautifully inlaid panels, which we secured direct from France. The design is floral and every petal, leaf and stem is delicately outlined with separate pieces of wood of various colors.

A WORD OF ADVICE TO PURCHASERS.

Always remember that it is cheaper to buy from the manufacturer direct than from a dealer who has to make a middle profit. In cities where there are no manufacturers our goods are handled by the most eminent dealers there, but in our own city we sell direct and Toronto purchasers have the benefit of the profit which would otherwise go to a third party.

SPECIAL NOTICE.

We have on hand about 25 nearly new upright pianos which have been taken by us in exchange for new uprights of our own make. These we will dispose of at remarkably low figures on easy terms.

P. S.—Good Pianos For Hire.
