

## WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World — Known Only For The Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

Fox Creek, N. B. — "I have always had pains in the abdomen and a weakness there and often after meals a soreness in my stomach. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better and I can work with ambition. I have encouraged many mothers of families to take it as it is the best remedy in the world. You can publish this in the papers." — Mrs. WILLIAM S. BOURQUE, Fox Creek, N. B.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

### NOTE AND COMMENT.

The Montreal Star in very strong language condemns the "patronage" system, and urges the leaders of both parties to get in touch with each other and put the "patronage" hunters to flight. It concludes in these words:—"The sitting Ministers would be gainers in anticipation. The country would gain all along the line. No one would lose but the political 'scavengers' who are always nosing around after the carrion provided by a party victory."

William L. Bernard, who recently pleaded guilty to pawing \$540 worth of samples of the Cleveland Knitting Company to pay New York gambling debts, made the novel plea in court of asking for an operation on his brain to cure him of the fever, which he said, "robs him of his reason." The judge, a very humane man, gave his full consent and postponed the sentence indefinitely. Of all the freak ideas that come before the United States courts, and there are a lot, this is

certainly the most novel as well as startling one.

Hon. J. S. Duff, Minister of Agriculture, announced that the Provincial Department of Agriculture proposed to spend \$12,500 of the Federal agricultural grant in sending a commissioner to Britain to purchase a herd of cattle adapted to both milking and beefing purposes. He said the people of Ontario had been specializing rather over much along two lines with regard to live stock. Those who wanted milch cows were prone to go in for Holsteins and those who wanted beef raised Durhams. He believed the introduction of a species of milking Durhams would develop in this province a tendency to raise general purpose cattle.

The man who is quick to pick a quarrel is his own worst enemy. He will find plenty of trouble waiting for him and his very attitude will prevent him meeting it with advantage. The man who is looking for trouble is always the least prepared to handle it. To be forewarned is to be forearmed, but to be always meeting trouble half-way is to demoralize one's ability to dispose of it. Be the last to resort to war and only consent when all efforts to secure honorable peace fail. Most of the private and public quarrels of life are precipitated by hot-headed, foolish people, who do not stop to think until they are badly hit in the fray.

The recent sale of furs at the Provincial Parliament buildings realized \$5,354.05 for the Province. The pelts were taken from animals trapped in Algonquin Park under the direction of the Minister of Lands, Forests and Mines. There were 480 beaver skins, which were caught under special order, and realized \$4,090.50, 89 mink, 5 fisher, 11 marten, 71 muskrat, 12 otter, 8 ermine. In addition, twenty-three pounds of castoreum were sold. This is a secretion found in the beaver, and is used in making perfumes and for medicinal purposes. The bidding was keen, and buyers came all the way from New York. The revenues of Algonquin Park have also been augmented during the past year by the sale of life beavers to several zoological societies. Animals have been shipped to New York, Philadelphia and London, Eng.

## Woman's Hair

Here's a Preparation That Makes Hair Fascinating.

PARISIAN SAGE is the ideal hair tonic and beautifier of the present time. It is compounded on the most advanced scientific principles, and nothing on the market to-day can compare with it.

It accomplishes so much more than the ordinary tonics, and does it so quickly that users are astonished.

PARISIAN SAGE kills the dandruff germs and eradicates dandruff in two weeks, or money back.

PARISIAN SAGE stops falling hair; itching of the scalp and splitting hair; or money back.

Since its introduction into America it has become a prime favorite with women of refinement.

PARISIAN SAGE gives a fascinating lustre to women's hair and makes it beautiful. It makes the hair grow luxuriantly; it is the daintiest and most refreshing hair dressing that science has produced, and has not a particle of grease or stickiness in it.

A large bottle of PARISIAN SAGE costs but 50 cents at T. B. Taylor & Son's and dealers everywhere. The girl with the Auburn hair is on every package.

### Agriculture in Schools.

In South Essex an experiment has been inaugurated to bring the school into closer relation to agricultural life. Dr. Maxwell, the public school inspector of that division, has written every teacher under his jurisdiction announcing the Department of Agriculture will give assistance towards interesting the children more actively in the chief industry of that district, which is corn-growing. The Department will furnish a definite quantity of seed corn to every boy and girl under 16 years, who will undertake to plant it and care for the crop. Dr. Maxwell says in his letter to each teacher:—"There should be in your school a Corn Club including every boy and girl under sixteen years old, who is able to cultivate a small piece of land. They should keep a record of the amount of seed used, the amount of land cultivated, the kind of land, the amount of labor put upon it, the

## Sore Feet

CHAFED PLACES, BLISTERS, &c.

Are your feet hot, sore and blistered? If so, try Zam-Buk.

As soon as Zam-Buk is applied it cools and soothes injured smarting skin and tissue.

Its rich, refined herbal essences penetrate the skin; its antiseptic properties prevent all danger of festering or inflammation from cuts or sores; and its healing essences build up new healthy tissue.

For stings, sunburn, cuts, burns, bruises, etc.—just as effective. Mothers find it invaluable for baby's sores!

All Drugists and Stores—50c. box.

condition of the land, etc., and send to the Corn Show next winter five or more ears out of the crop. You will have much material for arithmetic keeping farm accounts, in composition, in items of business, and in showing the value, privileges, etc., of farm life as compared with urban life.

It is understood this plan has been adopted in other places with good results, and it seems a practical way of teaching agriculture as well as subjects in the ordinary school curriculum. It is quite probable that the Department of Agriculture would give similar aid to experiments in other crops in other districts where these crops are the chief ones. The experiment will be watched with interest and if successful should receive the encouragement of every person who comes in contact with rural life.

### Ontario's Mortality.

One of the best and most readable government reports that has been issued of late years is being sent out by the Ontario government, dealing with infant mortality in this province, and compiled by Dr. Helen MacMurchy, of Toronto. Dr. MacMurchy has presented some startling facts with candor and clearness. The chapter dealing with the reduction of the infant death rate is an instructive one. Despite all efforts along this line, we still bury nearly 7,000 babies in this province under one year old, every twelve months. The cost of burial of these little innocents is about \$350,900.

### "FEEBLE STOMACH"

Causes Digestive Weakness and Poisons the Entire System.

"No one can have suffered more than I did with 'stomach trouble,'" writes Phil E. Paskalar, well known at St. Andrews Corners. "My doctor told me my indigestion and sleeplessness were due to poisons in the blood. Certainly my condition was desperate, and it seemed from the despondent feelings that swept over me that I would lose my reason. I happened to read about Dr. Hamilton's Pills and bought five boxes from the druggist. Such body-cleansing pills I never used; they were mild and yet quite strong enough to drive all the humors out of the blood. My stomach gained strength rapidly with Dr. Hamilton's Pills and I improved so much that in eight weeks I could eat and digest all ordinary food. Depression and weariness passed away and I am, thanks to Dr. Hamilton's Pills, enjoying robust good health."

No remedy for biliousness, indigestion, headache, sick stomach, or constipation that compares with Dr. Hamilton's Pills. Refuse substitutes. Sold in 25c. boxes. All dealers, or The Catarthozone Co., Kingston, Ont.

Chopping. Electric Light.

Established 1870. GEO. CHAMBERS.

Dr. MacMurchy points out how much cheaper it would be to have kept them alive. The report is one that should be widely read and distributed. Complete directions and simple precautions are outlined in the pamphlet dealing with the care of the child, the proper methods of feeding and the importance of sanitation and common sense in caring for mother and infant. The immediate results of such a campaign as is here described are impossible to estimate. If the sword of ignorance is Herod's the only possible counter weapon is that of knowledge and it must be carried to those who alone are in a position to wield it effectively.

There is more Catarrh in this section of the county than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronouncing it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

In too many families the mother assumes the care of everything and her daughters are but genteel loungers in the household.

Amos Stoddart, Bosanquet, has sold 100 acres in C. Con., the old Silver farm to Christie & Ashdown, of Toronto, for \$2,700. Mr. Stoddart bought the property a few years ago for \$500.

Have you tried Holloway's Corn Cure? It is no equal for removing these troublesome excrescences as many have testified who have tried it.
