

**Add water to milk—  
You weaken the milk.  
Add soft wheat to flour—  
You weaken your flour.  
Cheapens it too.  
Soft wheat costs less—worth less.  
Soft wheat flour has less gluten less  
nutriment.  
Your bread is less nutritious, sustaining,  
economical.  
Soft flour has less strength, less quality  
gluten.  
Giving less good things for your money and  
things less good.  
Use Manitoba flour—Manitoba hard wheat flour,  
Having everything the soft stuff lacks.  
Five Roses is all Manitoba.  
Without a grain of cheaper wheat.  
Strengthen your food values.  
Use FIVE ROSES.**
