Highest Awards and Medals for Purity and Excellence at Centennial Exhibition
Philadelphia, 1876; Canada, 1876; Australia, 1877; and Paris, France, 1878.

TESTIMONIALS SELECTED.

Prof. H. H. Croft, Public Analyst, Toronto, says: "I find it to be perfectly sound
containing no impurities or adulterations, and can strongly recommend it as a healthy
pure and a very superior malt liquor."

John B. Edwards, Professor of Chemistry, Montreal, says: "I find it to be re-
markably sound, brewed from pure malt and hops."

Rev. P. J. E. Page, Professor of Chemistry, Laval University, Quebec, says: "I
have analysed the India Pale Ale manufactured by John Labatt, London, Ontario, and
have found it a light ale, containing but little alcohol, of a delicious flavor, and of a very
agreeable taste and superior quality, and compares with the best imported. There
also analysed the Porter XXX Stout, of the same brewery, which is of excellent quality;
its flavor is very agreeable; it is a tonic more energetic than the above and for its
value in alcohol, and can be compared advantageously with any imported."
