CHINCH BUGS HAVE AP-PEARED IN WHEAT FIELDS.

Prices opened strong at an advance of about ½c. The bears sold as much yesterday as they dared to, and reports from various sections of the appearance of chinch bugs, caused the early advance. The July option showed signs of strength and though trading was light it advanced easily. The Sept. and Dec. options moved pretty much together on the day, they gained about 1c and would have done better had not the Calls checked the adbetter had not the Calls checked the ad-

ports are to hand about damage done by hail and drought in many sections. September and December began at an eighth advance and close at a cent over yesterday. SPECIAL.

New York, 3-15.

Considerable manipulation in Sugar. Sell it on bulges, it will go lower. Short interest in Manhatten unwieldy. Buy it for a turn; sell it on bulges. Buy Burlington and North West. General market looks easier.
