

Miller Creek Mining Company

DIRECTORS.

A. J. ROSS, Vice-President Exchange National Bank.	C. H. THOMPSON, Vice-Pres. "Wonderful Group" Mining Co.
J. M. ARMSTRONG, Treasurer LeRoi Mining Co.	H. C. BELL, Secretary "Wonderful Group" Mining Co.
W. C. JONES, Member of Congress.	E. J. FIELD, Manager "Wonderful Group" Mining Co.
F. A. DAVIS, Superintendent Summit Mining Co.	

OFFICERS.

President, C. H. THOMPSON.	Treasurer, A. J. ROSS.
Vice-President, J. M. ARMSTRONG.	Secretary, H. C. BELL.

CAPITALIZATION.

Capitalization at 1,000,000 Shares of \$1.00 Each, with 400,000 SHARES Appropriated for Treasury Stock. Shares fully Paid-Up and Non-Assessable.

THE PROPERTY.

It owns in fee the three claims known as the "New Springfield," "Sampson," and "Wonderful Fraction," comprising in all about 130 acres of mineral land, directly adjoining the famous Wonderful Group Mining Company's property in Slocan Mining District, West Kootenay, B.C., only one and one-half miles from the town of Sandon, in the very heart of the Slocan country, which stands without a rival in mining history; and so far every prospect which has been systematically developed has proven a mine. Among the most noted of which are the "Slocan Star" with its record of \$100,000 paid in dividends, and its shares with a par of 50 cents, are eagerly sought for at \$2.60. The "Reco" with its \$150,000 paid to shareholders during the past year. The "Idaho and Alamo" with their \$135,000 to shareholders; the "Goodenough," "Noble Five," "Payne Group," "Ruth," "Wonderful Group," "Reed and Robinson," the "Whitewater," "Wellington," and a host of others.

SITUATION.

On the mountain lying south of Carpenter creek and close to the town of Sandon is the "Slocan Star," next west is the "Ruth," next west is the "Wonderful," and adjoining this on the west is the "Miller Creek" properties. The Wonderful has extracted a large amount of ore from surface workings by hydraulic mining, and in prosecuting this work their tail race down the steep mountain side has cut a large strong vein (see Field's Report) which courses directly through the entire length of the Miller Creek property, and should it continue that far would give us over 3,000 feet of this heretofore unknown vein, and in that distance several ore chutes ought to be discovered, and one means a fortune.

This vein, and that exposed by the work on Miller Creek, make this group of claims have great prospective value. Title to the property is perfect and lies absolutely in the Company. It was passed upon by W. C. Jones, Attorney-General of the State of Washington. Application will be made for a Crown Grant, and as there are no adverse claimants, the Crown Grant will unquestionably be issued during the summer of 1897.

Adjoining as it does directly on to the Wonderful on the north and east, it ought to have the same veins and character of ore and in order to show what that is, it may not be amiss to here quote from the smelter returns received by the Wonderful from the first five carloads of ore shipped by them (since which time they have shipped many additional cars of like ore).

SMELTER RETURNS.

DATE.	TO WHOM SHIPPED.	TONS.	NET PER TON.	NET PER CAR.

" 8	" "	16.165	99 30	1,420 66
" 10	" "	15.952	102 14	1,449 92

TRANSPORTATION.

The Canadian Pacific Railway track is within one-fourth of a mile of the Miller Creek Company's property; down hill. Easily reached by a gravity tram. Kaslo and Slocan Railway at Sandon, one and one-half miles distant. A good trail is now built to the property from the wagon road on Carpenter Creek, and can be easily and cheaply converted into a wagon road.

DEVELOPMENT.

There is about one hundred feet of work done where Miller Creek crosses the vein and a few prospect holes. Where Miller creek crosses the property it has made a deep gorge, and exposed the vein at the point described by Mr. Field; it is here the company propose doing the first work, and they will be enabled to drive both east and west on the vein and gain considerable depth from Miller Creek without sinking any shaft or requiring pumps or machinery, except an air compressor and drills which if supplied will enable the work to be done in one-half the time required by hand.

While the company does not claim to have a developed mine, they do believe they have a very valuable property and one which on proper development will take rank with the best of them. And as they own their property in fee, and are absolutely out of debt, and with the assurance that all money received from the sale of treasury stock will be honestly and judiciously expended in developing the property, they offer their shares to the investing public with the fullest confidence that they will be readily taken up by investors, and those who buy this stock now and hold it until the property can be developed, will undoubtedly find themselves shareholders in one of the big mines of the famous Slocan.

Following is a letter from Richard Shea, Esq., superintendent of the Rambler-Cariboo property, giving his opinion of the property of the Miller Creek Mining Company:

H. C. BELL, Esq., Sec'y Wonderful Group Mining Co.,
311-312 Hyde Block, Spokane, Wash.

RAMBLER MINE, MCGUIGAN SIDING, B.C.
February 24, 1897.

DEAR SIR: - Yours of February 12th at hand. You must excuse my delay in answering as I was away when it came. I beg to report as follows on the New Springfield, Sampson and Wonderful Fraction: - There are two (2) ledges running across the Springfield, namely, the Queen Bess and Palmetto which I sold the other day. My opinion of the property is that it is as good a prospect as there is in this country. Hoping to hear from you soon, I remain, yours respectfully,

RICHARD SHEA, Supt. Rambler-Cariboo.

A limited number of Treasury Shares are now offered at 7½c. per share.
