Name of the Stock-Cattle, 31/20 for good to choice steers; sheep, 4@41/20; hogs, \$4.23/6 \$4.55 off cars., according to weight and quality.

The Apple Crop.

During the three days' sittings of the National Apple Shippers' associa-tion at Cleveland, Ohio, letters and telegrams were received from every tolegrams were received from every fruit growing section of the country, and from these it is estimated that the apple crop this year will be the largest in the history of the United States, exceeding that of 1896, when sixty million barrels were gathered. In Canada there will be a fair to good crop, according to latest reports, but not such a record-breaking yield as reported in the United States. Owing to the enormous crop across the border, however, prices here will be ruled a great deal thereby, which means that they will be necessarily low. It is thought that a dollar per barrel for is thought that a dollar per barrel for the fruit will be all that should be paid for contracts of winter stock in view of the heavy supplies expected on the market.—Montreal Trade Bul-

Trade With Great Britain.

Trade With Great Britain.

The London, Eng., Board of Trade returns for the seven months of the present year, ending July 31, show the following increases in imports from Canada during that period:

J. H. Ingram, of Henderson, Matheson & Ingram, Brandon, has just returned from Dawson City and speaks in glowing terms of the trip. The trip over the White Pass road is a revelation in railroad athletics, and the sail down the Yukon is remarkably beautiful and interesting, especially so when taken during the season of the "midnight sun." Business is very brisk at Dawson and along the creeks. brisk at Dawson and alorg the creeks, where mining is being vigorously pushed.
