On no occasion has a Sharp's Rake  
been known to fail to perform its work  
in a highly satisfactory manner, though  
thousands of them are used all over the  
world, in all sorts of hay crops and for  
stubble raking.

It is in every sense a model **Self and  
Hand Dump Rake**, and fully meets  
every requirement of such an implement.  
None but the best of material enters its  
construction, and it is made by skilled  
workmen with special tools and ma-  
chinery, designed after years of ex-  
perience, for the purpose.

It operates so easily, either as a **hand  
or foot discharging Rake**, that an eight  
or ten year old child can work it.

Over 40,000 have already been manu-  
factured, which speaks for the immens-  
popularity of this famous Rake. Its  
special merits may be briefly summe-  
up as Simple, Light, Strong and Durable.

### BOYS FOR FARM HELP.

The managers of DR. BARNARD'S HOMES desire to ob-  
tain good situations with farmers throughout the country for  
boys they are sending out from time to time from their Lon-  
don Homes. There are at present nearly 2,000 children  
these Homes, receiving an industrial training and education  
to fit them for positions of usefulness in life; and those who  
are sent to Canada will be selected with the utmost care, with  
a view to their moral and physical suitability for Canadian  
farm life. Farmers requiring such help are invited to apply  
to MR. ALFRED E. OWEN, Agent Dr. Barnard's Homes,  
214 Farley Avenue, Toronto.
