# MASSEY'S MAGAZINE

**A** NEW, popular, illustrated literary Magazine for home reading everywhere. High-class throughout—elegant illustrations—contributors of high standing—fine paper—beautifully printed—standard magazine size (6½ x 9½). Why should not Canadians have a standard, popular monthly magazine of their own? Heretofore, because of the large capital involved, and the risks of such a venture, no publisher cared to undertake it. It was left for the MASSEY PRESS to supply the need, and with considerable courage they have decided upon this enterprise. With the same hearty co-operation of the public which has won so much popular favor for *McClure's*, *Munsey's*, and other monthlies published in England and the United States, we may hope to make MASSEY'S MAGAZINE worthy a place in every reading home. The January number (the first issue) will be full of good things. The illustrations will be the very best. Amongst the contributors are some of Canada's ablest writers.
