

## Export and Investment Promotion Planning System

MISSION: 658 BRIDGETOWN

COUNTRY: 525 BARBADOS

The Trade Office reports that the following factors influence Canadian export performance in this market for this sector (sub-sector).

- the degree of import duty protection of local industry tends to be low

In the Trade Office's opinion, Canadian export performance in this sector (sub-sector) in this market is lower than optimum mainly because of:

- market prospects which are relatively new and have not yet been explored adequately by Canadian exporters

Some Canadian exporters to this market in this sector (sub-sector) have enjoyed success previously as a result of a variety of factors which the trade office reports to include:

- aggressive marketing on the part of Canadian Exporters
- support provided by the PEMD program
- use of Canadian Government export promotion activities
- the presence of CIDA programs which have opened the market to Canadian companies
- competitive export pricing for this market
- strong sectoral capability in Canada

For the next fiscal year, the Trade Office is planning to undertake the following new export support initiative(s) in this sector (sub-sector):

Activity: GATHER MARKET INTELLIGENCE ON REQUIREMENTS UNDER IFI FUNDED PROJECTS.

Results Expected: INCREASE AWARENESS OF CANADIAN CAPABILITIES WITH SECTOR.
