Debate was resumed on the motion of Mr. Pringle, seconded by Mr. Robinson,—That in the light of the damage in Canada and the United States arising from the recent oil spill at the Cherry Point Refinery this House support the urgency of a reference to the International Joint Commission of the environmental consequences of the movement of oil in the narrow waters of the Straits of Juan de Fuca, Georgia Strait, and Puget Sound both now and in the future and of the measures necessary to minimize the hazards, and requests the Secretary of State for External Affairs to immediately convey the terms of this motion to the Government of the United States.

And debate continuing;

Mr. Nielsen, seconded by Mr. Woolliams, moved in amendment thereto,—That the motion be amended by adding at the end thereof:

“and that the International Joint Commission have a mandate to utilize and requisition such financial and other resources of Canada and the United States as will best and soonest restore the ecology and environment on the West Coast to pre-spill conditions.”

And debate arising thereon;

Mr. MacEachen, seconded by Mr. Sharp, moved,—That the debate be now adjourned.
