

Mr. Foster: This is supposed to be one that all the time.

Mr. Foster: How many conditions have you registered in the last 10 years for people bringing plant material into Canada?

Mr. Weiler: I am sorry, we do not have an answer for you. I do not think we have any, hardly—maybe two or three.

Mr. Foster: Would you be opposed to restricting these tickets to say \$100 or \$200?

Mr. Weiler: It would be reviewed. The first two would definitely be reviewed. Generally the limits are between \$300 and \$1,000. The idea is to restrict, if you can. If you watch the levels too high, it's going to encourage a lot of court appeals and reduce of such a high level. Again, the idea of the ticket is more to limit a 100% amount. People that they have to spend
