23rd March, 1925.

General Sir Arthur Currie, G.C.M.G., K.C.B.,
Principal, McGill University,
Montreal.

Sir:-

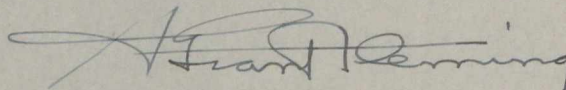

I am instructed to inform you that at the annual meeting of the Montreal Anti-Tuberculosis and General Health League you were appointed to the Board of Directors for the ensuing year.

The Board will meet on the fourth Wednesday of each month at twelve o'clock noon. A notice reminding you of the meeting will be posted each month.

As we are moving on May first to Coursol Street, where our English Health Centre is to be organized, the directors decided to accept your kind offer to hold the meetings in your office at the University, this being a central point.

The first meeting will be held on April twenty-second.

Yours truly,

A. Grant Fleming, M. B.
Secretary.
