The members of the Hamilton Gun Club paid a visit to the National Gun Club paid a visit to the National Gun Club on Saturday and everyone enjoyed the sport of breaking the clusive clays. The weather was ideal for the sport, but for those who were not used to the traps. However, some very good scores were made. This is the biggest shoot this club has had for years of any single afternoon, 4000 targets being shot at and 43 trap-shooters shot The scores made during the afternoon were:

Soccer Football in Russia Flourishes

writes to The London Sporting Life as I follows: "The Russians and the English in Moscow are treating us right royally, and we are extremely comfortable. We played at Orechovo, a place sixty miles from Moscow, on Monday, against the champions of the Moscow League, and won, 5-1. Lockton scored twice, Bruhl King's College) twice, and B. J. Bateman once. The occasion was the opening of a new ground by the Orechovo team, and the ceremony in connection with this was of a most elaborate kind. I shall not attempt to describe it, but I may mention that the Russian priests blessed the ground, and there was not anything incongruous in this, for it was all very solemn. There were about 7000 people present, and I am sure they thoroly enjoyed the football. Our opponents know how to play, but they have not yet mastered the art of finishing properly, and there is also room for much improvement so far as the science of the game is concerned, The football, however, is much better than we expected to find it, and I understand that it has improved immensely in recent years."

BOYS' OWN CLUB.

At the regular weekly meeting, the Boys' Own Club decided unanimously that a mentor was not needed, as it is strictly a boys' club, Several important communications are awaited, which will put the club on a much firmer basis, among these being a letter concerning a symnasium which the club hopes to use. Charles H. David, who presided, gave the members some very sound advice. In the first game of the checker tournament, M. Searle defeated A. Lewis,
