

	PAGE		PAGE
<i>Murphy</i> on operations on jejunum ..	33	<i>Paton</i> on peristalsis ..	15
<i>Murphy and Cannon</i> on peristalsis ..	51	Pepsin, relation to diet ..	39
Myxedema and atheroma ..	15	Peristalsis in colon ..	40
— experimental ..	2, 5	— gastric ..	33
— treatment of ..	15	<i>Perronatto</i> on regeneration of nerve ..	132
Nerve Anastomosis ..	135	Phloridzin and glycosuria ..	104
— grafting ..	135	Pituitary extracts, feeding or injecting with ..	29
— injuries, effects of ..	123	— for shock ..	91
— regeneration ..	125	— gland, effects of removal of ..	19
— roots, development of ..	132	— — functions of ..	23
— — distribution, table of ..	145	— — structure of ..	18
— — effects of division of ..	135	— — operations for removal of ..	22
— — surgical indications for dividing posterior ..	139	Pons, tumours of ..	159
— section, effects of incomplete ..	125	Post-central convolution, function of ..	159
— suture, on bridging gaps ..	135	Posterior columns of Goll and Burdach ..	141
— recovery after ..	134	Posterior nerve-roots, effects of division of ..	138
— transplantation ..	135	Posterior nerve-roots, surgical indications for dividing ..	139
Newt, regeneration in the ..	140	Precentral convolution, function of ..	160
Nissl's degeneration in anterior horn cells after division of posterior nerve-roots ..	139	Prevention of shock ..	62
Nitrites for hæmoptysis ..	97	Proteins, absorption of ..	46
Nitrogen output on nutrient enemata ..	157, 174	Prothrombin ..	69
Novocain injected into nerves to prevent shock ..	62	— at fault in hæmophilia ..	74
— as local anæsthetic ..	175, 176	Protopathic sense ..	123, 124
Nucleoprotein and purin bodies ..	83	Pulmonary circulation ..	66
Nutrient enemata ..	40, 53, 157, 181	Parathyroids, anatomy of ..	4
Nystagmus, cerebellar ..	155	Purin bodies, effects of ..	87
— labyrinthine ..	155	— — estimation of in urine ..	90
O'BRYNE, Patrick, the giant ..	21	— — in food ..	83
Occipital lobe, function of ..	155	Purinometer ..	90
Olive oil, action on bile flow ..	46	Pyloric spasm ..	37
Operations on diabetics ..	111	Pylorus, movements of ..	33
Opium as local analgesic ..	178, 181	— stenosis of ..	35
Optic neuritis, cause of ..	150	Pyramidal tract ..	140
<i>Ord</i> on myxedema ..	2	Pyrosis ..	37
<i>Osborne and Kilvington</i> on nerve-anastomosis ..	136	QUADRILATERAL, Marie's ..	168
<i>Oster</i> , cases of hæmophilia ..	72 n.	REACTION of degeneration after nerve section ..	123
Oxaluria ..	90	— — — partial nerve section ..	125
— prevention of ..	92	Recurrent sensibility ..	129
PAIN sense, conduction in spinal cord ..	141	Reflexes lost from division of posterior nerve-roots ..	138
Pancreatic diabetes ..	105	Regeneration of nerve ..	125
— fistule ..	44	— not in the spinal cord ..	149
— juice, secretion of ..	42	Respiratory movements, influence on blood-pressure ..	59
Parathyroids, effects of removal of ..	5	Rhubarb, oxaluria from ..	91
<i>Paterson</i> on gastro-jejunostomy ..	41	<i>Richardson</i> on thyroid and parathyroid glands ..	1
— — hyperchlorhydria ..	39	Riva-Rocci sphygmometer ..	57
<i>Paulsen</i> on removal of pituitary ..	18, 19	<i>Roos</i> on iodothyrim ..	8
<i>Paulsen</i> on gastric juice ..	27	— — thyroid feeding ..	6
— — pancreatic secretion ..	43
