Argentine.—Dreyfus cable says crop fail-ure talk is not true; need rain, but if frost keeps away good crop is assured. Danver cables from Buenos Ayres: Frost reports unfounded. Hot weather unfavor-ably affecting crops. Estimate quantity of wheat available for export, 32,000,000

Broomhail's Cable.

LIVERPOOL, Nov. 23.—The effect of the strong American cables, the firmness at Winnipes yesterday was offset here by speculative realizing and selling by yesterday's buyers, and opening values were unchanged to ½ lower. Pressure was due to private reports of threatening rain in Southern Buenos Ayres market, after opening sharply higher, lost the advance during the day, and the closing was disappointing.

Lemieux Returning.

LONDON. Nov. 22.—(C.A.P. Cable.)—
Hon. Rodolphe, Lemieux sailed to-day
from Durban. He tours Egypt and
Italy before returning home.

ANOTHER RECOVERY SHORTLY

A temporary decline in COBALTS is now in effect and it may take a short while longer before the liquidation is complete. We already see signs of nearing the bottom in several of the mining securities and feel that purchases can now be made with the assurance of profits in the near future.

BEAVER, HARGRAVE, PETERSON LAKE and GOULD will certainly make money for buyers at present prices.

Porcupine's Future No Longer in Doub It is already a gold camp of exceptional wealth. We advise the immediate purchase of Unite I Porcupine Gold Mines Limited, at the present price—10 c:nts per share.
