RARE, OLD, ARTISTIC FURNITURE

What is undoubtedly the finest and most recherche sale of rare and costly household furnishings ever offered in Toronto will take place on Duesday, Wednesday and Thursday, April 2, 3 and 4, in the art galleries of C. M. Henderson & Co., \$7-89 East King-st. Apart altogether from other considerations these galleries will be well worth a visit to-day (Saturday) and Monday, when the collection will be on view and arranged in a manner that will appeal to the most exacting aesthetic sensibility. Messrs. Henderson & Co. deserve all credit for the introduction of a system which enables intending purchasers to inspect articles to their best advantage, while at the same time providing an opportunity to the general public to learn for themselves the many and various lines of art and applied art which are favored by connoisseurs.

This collection is recultative to the sentence of the sente nderson & Co., 87-89 East King-st.

noisseurs.

This collection is peculiarly rich in objects of art furniture belonging to the period of Louis XV. Specially worth notice is the magnificent set of carved walnut settees and chairs, upholstered in old gold silk brocade, which are of exceptional quality. In consonance with them is a finely carved walnut prie-dieu and chair, which alone would redeem any auction sale from insignificance. In addition, the numbers catalogued include splendid specimens of Sheraton and Chippendale work. The solid silverware is no less important and the china and articles of virtu and bric-a-brac in many of the most famous styles are a delight to the eye. The collection also includes a particularly fine old grandfather's clock and other old English clocks and many other ornaments.

Along with these will be offered a number of oil paintings and water colors by well-known Canadian, Brit-

colors by well-known Canadian, Britcolors by well-known Canadian, British and foreign artists. They include representative works by A. F. De Bremski, E. Nevil, F. C. V. Ede, H. Schafer, Van Staaten, Jacobi and others. Of special interest are the examples of good old engravings, mezzotints and prints, and of the latter the sporting subjects are of special appeal. In the miscelfaneous, section are a number of Chinese silk pieces, including a genuine mandarin coat. These will be found of unusual interest both in texture and quality. Head Broke Out. Spread to Arms, Legs and Entire Body. Itched So He Would Scratch Until Blood Ran. One Box of Cuticura Ointment and Nearly One Cake of Cuticura Soap Cured Him. Has Had No Return.

"When my boy was about three months old, his head broke out with a rash which was very itchy and ran a watery fluid. We tried everything we could but he got worse all the time, till it spread to his arms, legs and then to his entire body. He got so bad that he came near dying. The rash would itch so that he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to prevent him tearing his skin. He was so weak and run down that he took fainting spells as if he were dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura Remedies. I had not laid him down in his cradle in the daytime for a long while. I washed him with Cuticura Soap and put on one application of Cuticura Cointment and he was so soothed that he could sleep. You don't know how glad I was he felt better. It took one box of Cuticura Cintment and pretty hear one cake of Cuticura Soap to cure him. I think our boy would have died but for the Cuticura Remedies and I shall always remain a firm friend of them. He was cured more than twenty years ago, and there has been no return of the trouble. I shall be glad to have you publish this true statement of his cure." (Signed) Mrs. M. C. Maitland, Jasper, Ontario, May 27. 1910.

For more than a generation mothers have found a speedy, agreeable and economical treatment for their skin-tortured little ones in Cuticura Soap and Ointment. Although they are sold by druggists and dealers everywhere, a liberal sample of each may be obtained free, from the Potter Drug & Chem. Corp. sole props., 53 Columbus Ave., Boston, U.S.A.

"I served in office under Gov. McCallum for several months in 1899, and then on a question of policy I again ceased to be a member of the government of Newfoundland. Then, free from office, I once more became Reid's legal adviser, entering into a contract for my exclusive professional services. I acted under it till 1906, when it was terminated by agreement, under the following circumstances:

Basis of Compensation.

"It was represented to Mr. Reid that his relation with the government could never be friendly and that the political opposition of the Rt. Rev. Dr. Howley, a strong supporter of the government, would not cease while I was Reid's legal adviser. Mr. Reid came from Montreal, where he resided to solve the difficulty after consultation with me. I had abandoned my private practice to become his legal adviser, and had a moral and legal claim for my unexpired time. Mr. Reid had also promised me extra remuneration for what he was pleased to regard as pemy unexpired time. Mr. Reid had also promised me extra remuneration for what he was pleased to regard as peculiarly good work done for him by me in a large arbitration. He was anxious to compensate me properly, but he desired to avoid the further friction which he feared might occur if I remained in the colony. Knowing that I had long contemplated a return to this, my native country, he offered to commute my claim on him by paying to me annually, if I resided in Canada, a portion of the yearly salary ada, a portion of the yearly salary which I was entitled to under my con-tract for serving him in Newfound-
