

## THREE RECORDS GO AT TOLEDO TRACK

New World's Marks Established on Second Day at Fort Miami Track.

Toledo, O., July 24.—Three world's harness records were broken on the Fort Miami track here this afternoon, the second day of the Grand Circuit meeting. The first new mark was made when Bertha McGuire, in the Fort Miami stake event for 2.08 trotters, trotted a mile in 2.04, making a new world's record for four-year-old fillies. The former record of 2.04, made at Lexington, was held jointly by Joan and Mary Putnam.

The race went six heats before a decision was reached. Esperanza and Blanche Carter fighting it out after the rest of the horses had been sent to the barn. It was the fastest six-heat race on record and the fastest sixth heat.

Wilkes Brewer, a heavy favorite in the Fort Miami, driven by Pop Geers, was ruled out after the third heat. It was only the race of the day that Driver Murphy was unable to win. Riding behind Ante-Guy in the 2.11 trot, he won after losing the first heat to Earl Reeper with Geers in the sulky. Murphy also drove The Problem, a winner in the 2.11 race against a field of seven. The Problem's reinsman also put in a bid for the Fort Miami 6000 stake, but finished fifth in the second heat after being in third place in the first, and withdrew from the race.

Geers was picked to win the big event with Wilkes Brewer, but the veteran driver was unable to make the mare behave.

Lucky Clover and Glenwood 3, got into a bad tangle in the second heat of the 2.11 trot. Neither was hurt, but Lucky Clover finished the mile on the trot and went around again running.

The summary:

## DUKE REILLEY NOW HITTING IN FORM

Leafs' Fielder Has Been Making Himself Famous Around the Circuit.

By Ida L. Webster.

During the last few games at the island the flags have been raised immediately after the umpire announces the batter's name, but, strange to say, there appears to be some uncertainty among the fans as to just what is expected of them at that particular time. It is customary, and for that matter, merely an act of respect, for the fans to stand up and stand while the emblem is raised, the men, of course, uncovering. Few people in the stands have been doing this, but probably this is owing to the newness of it all. Indeed, we heard one man at the game on Tuesday and his friend, if the Brooklyn players went thru the game with their caps off, as it was just at that time that the flags were being raised, and the men on the field had all uncovered.

The raising of the flag is symbolic with the playing of the National Anthem, and who would sit or sit while the flag is being played? This is one of the most reverent customs of the game through the United States, and it is just the time when the fans know that the ceremony will be gone thru each and every day, and that the umpire makes his first announcement. For the first couple of times you will be able to get your bearings by keeping your eyes glued to the flag pole, and after that it will come just as naturally as the game itself. The men in the press box might make a note of this event, and in the future not fail to get on their feet, no matter how exciting the corner game may be, in fact, right here and now, we would like to appoint Charlie Guerin the leader.

Well, of course you will be glad when Friday arrives and the Leafs trip lightly around the old island diamond once again. They have certainly been making a name for themselves this trip, and right now the change from the weather may possibly be a war among themselves, when anything will result, but if conditions keep any one from shouldering the load, it will be about the hardest babies in the league to get a game away from.

Duke in His Stride.

Duke Reilly has been back in his old-time hitting form. Getting from two to four hits a day, and when he has been getting on with hits, he has been making passes, or beating out fielders' choices. For his hitting, the Leafs around the circuit are unanimous in de-

## Solving the Truck Tire Problem

Keep your deliveries on schedule—try the Dunlop Truck tire way—Always in Service.

The tread design of both our Quick-Removable and Pressed-On Tires, and the quality of rubber, are the same.

A shoulder on either side of the tire releases the rubber under pressure. The broad, flat tread ensures utmost tractive power.

The edges of the channel prevent injury to tire from contact with road obstacles or curb.

Whenever the tire test is, "What have you done in cutting out delivery delays?" the truck goes out Dunlop equipped.

On request one of our representatives will be glad to furnish you with some interesting figures.

## LACROSSE

Despite the fact that the 17 to 0 beating the Beaches L.C. players handed the Maitlands last week was probably the worst trimming that any team from the north and ever suffered, it is quite likely that the return game, which will be played at Cottingham Square on Friday night of this week will be a battle royal, as Manager Scotty Mitchell of the Maitlands has not been idle since the last game was played and has signed up several new players. Included amongst them are Spring and "Duke" McCurry of De La Salle hockey fame, who are both adepts at the great summer pastime, and also Conacher, who played several games with Aura Lee Juniors. Manager Mitchell, who is a former player of the Beaches, is, however, not worrying as he has his boys working out nightly at Scarborough Beach, and they are all showing good form in practice. He is especially pleased with the shooting of Oakley Kay and McLean, who, although new to the team this year, are playing like veterans. The boys who are new to the team are: Spring, who is a goal and Martin, Bird and Haskings on the defence. The defence has been improved since the last game was played and has signed up several new players.
