TRAGIC DEATH OF G.T.R. ENGINEER SHIELDS

Judge Morgan Has Busy Day at Junction—Wedding at Earlscourt—County Items.

EAST TORONTO, July 23.—Charles Shields, a G.T.R. engineer, living on Main-street, met with a tragic death at the foot of Spadina-avenue shortly after 8 o'clock to-night. Shields is an engineer on a passenger train running between Yorkville and Belleville, and was to-day taking the place of Engineer Ireland, who was laid off with rheumatism.

Just how the accident occurred will probably never be known, as no one saw it happen, but Shields, who was engaged in running his engine on a turntable, when he evidently missed his footing, or was struck by some projection and fell his head and arms. He was at once found, but lived only 10 minutes after the accident.

Dr. Riordan was at once summoned, but could do nothing, and notified Coroner Johnson, who instructed Dr. Graham to hold an inquest, which will take place at F. W. Matthews' undertaking rooms, 457 West Queen-street, whither the body was removed at 11:30 o'clock to-morrow morning.

Shields was 30 years of age, and leaves a widow and three small children. He has resided in East Toronto for about five years, coming from Brockville, where his parents reside. He was personally very popular, and his tragic death has cast a gloom over the town.

TORONTO JUNCTION. Judge Morgan Holds Court of Revision—Ladies Let Thief Go.

TORONTO JUNCTION, July 23.—In the court of revision held this morning in the council chamber, Judge Morgan heard the six appeals on the assessment roll. In the case of James Limited, the business tax was reduced by \$15,000. Mr. Wilcox had the assessments on his real estate reduced from \$900 to \$600. The assessments of Drs. Uren and Hackett and of Mr. Levack were confirmed. The Union Stock Yard appealed for reduction from \$324,000 to \$300,000, but the judge decided that their assessment should be in accordance with the agreement entered into with the town, and raised it to \$400,000.

Sentence was suspended in the case of Robt. H. Ager, who was found guilty of breaking into C.P.R. freight cars. His father has promised to get him a position in the country.

Albert Kight was fined \$2 for drunkenness. In police court to-day in the case against Alex. Kitchin and Fred Dixon, the two pickets of the striking plumbers on the new residence of Dr. Chas. Gilmore, corner Keele and Adelaide-streets, who were charged July 9 with trespassing, and intimidation of the workmen employed, the case was allowed to rest on the ground that the men will be sent for trial. Police Magistrate Ellis allowed them to go on their own recognizance of \$200.

Michael Conway, the boy who was remanded for stealing the purse at the Lamilton picnic, was allowed to go on suspended sentence. Margaret Spence, a girl about 20 years old, was charged by Joseph Bingham of Willoughby-avenue with stealing \$100 in cash on April 28, and also a cheque for some \$20 on Jan. 20. The evidence showed that Bingham's conduct towards the girl had not been above reproach, and the case was dismissed.

A father peculiar person named Wm. Cornthwaite of 181 Elizabeth-street appeared in police court to-day charged with disorderly conduct. Police Magistrate Ellis believed his mind was slightly affected by heat, so remanded him for examination by Dr. Richardson of the Jail, and Dr. F. Hopkins, charged his driver, Arthur Piquet, with appropriating \$22. The evidence showed that \$22 was remanded till the \$3 was settled for.

The funeral of the youngest child of W. E. O'Brien of Ontario-street, who died yesterday, was buried today in Prospect Cemetery. The court of revision of the council meets on Friday, July 25. Shortly before 12 o'clock to-day a respectable dressed young man, about 25 years old, called at the back door of Mrs. Leonard, 26 St. Clair-avenue. Apparently there was no one at home, so he took a purse containing \$4, which he found in a chandelier on the table, and which belonged to Mrs. Brad, who was upstairs with Mrs. Leonard. Hearing a noise downstairs he went back to see what was on the table, and discovered that the purse had disappeared. The young man was discovered in a vacant lot opposite Gunns' Limited, disposing of some cheese, cake and lemon sour, which he had purchased and the two ladies, with the assistance of one of the employees of Gunns, Limited, succeeded in catching him. He returned the purse, and explained that he had called for something to eat, and on seeing the purse could not resist the temptation of taking it. The money was returned with the exception of 25 cents, so the ladies in sympathy let him go without getting his name. Manager W. J. Dalton received word this afternoon that the Woodbridge Juniors C.L.A. had defaulted to Shamrock II. in their league game scheduled for next Saturday afternoon.

A. J. Heydon is adding three brick stores to the Campbell block on Keele-street, back of the Molsons Bank. Men are now at work taking out the foundation.

UNIONVILLE. Many Friends Attend Funeral of the Late Mr. Miller.

UNIONVILLE, July 23.—(Special.)—SUMMER NECKLETS \$2.50 to \$5.00 Each. WANLESS & CO. 168 YONGE STREET.

The funeral of the late Simon Miller took place at 10 o'clock this morning at Knox Church Cemetery at Agincourt. The service at the house was conducted by Rev. Mr. Rae, and Rev. Mr. Brown. The attendance at the house, and at the graveside, was very large, many lifelong friends of the deceased being present. The pall bearers were Lyman Kennedy, Henry Kennedy, John Kennedy, William Hood, Adam Hood, and John Young. The chief mourners were the widow, the sons, Henry and William, and the three daughters.

NORTH TORONTO. Waterworks Committee Alter Plans on Finding Good Spring.

NORTH TORONTO, July 23.—The water, fire and light committee some time ago decided to drain the spring into the main well and to place flats below the wells already established, so as to make it a solid waterbed. The commissioner hired laborers employed to build a reservoir 150 feet long and 10 feet wide, and to place the spring to be drained in the main well when it was discovered that this particular spring is by far the strongest of the town.

Chairman Lawrence decided that instead of building a dam and spending money in that direction to use that money for enlarging the originally planned reservoir three times, namely, 16 feet wide, 64 feet long and 5 feet deep. This reservoir would hold 57,000 gallons of water, and the town would be assured of a plentiful supply of the purest spring water.

William Smith, market gardener of concession 2, East York, was able to supply the city's stores with out-door vegetables, and is also the first to supply the first to supply the stores with home-grown sweet corn.

John Leach of Beresford-avenue is contemplating a trip to Cobalt next Thursday to visit his son Thomas. Mrs. Horace Hughes of Don St. Lac, Wisconsin, and Miss Gertrude Harvey of Soudan-avenue. Thomas Ryan and John McHughan, Metropolitan Railway employees, went on a fishing expedition to Lake Simcoe, last night. Jack Terry and William Ramsay followed them this evening.

James McAteer of Frederick-street has started to build a new house on that street.

Mrs. Lawrence, mother of ex-Chief Constable Henry Lawrence, Davisville-avenue, is seriously ill.

AM. MINING ENGINEERS OPEN TORONTO SESSION

Welcomed by Cabinet Ministers at Reception in Parliament Buildings.

The annual convention of the American Institute of Mining Engineers was formally opened at the King Edward Hotel yesterday afternoon. Representatives from all parts of the United States and Canada were present.

The Ontario government held a reception in the honing at the parliament building last night, during which a brilliant and interesting ceremony.

The legislative chamber was filled with leading citizens and well-wishers of the institute. The band of the 48th Highlanders added considerably to the evening's enjoyment.

His Hon. Chief Justice Mosely, administrator, presided and was supported by Hon. Frank Cockburn, who was master of ceremonies. Hon. Dr. Reaume, Hon. J. J. Foy, Hon. Col. Matneson, Hon. W. J. Hanna, Hon. Dr. E. J. Ryan, Hon. Thomas Crawford, J. L. Bagnall, chairman of T. & N. O. Railway; Sir W. R. Meredith, Aid. J. J. Graham.

His honor the administrator, the attorney-general, and Hon. Frank Cochrane welcomed the guests. Mr. Hammond responded.

John Hayes Hammond, president of the institute, in returning thanks, said they one and all highly appreciated the great reception accorded them by the Canadian government, Toronto, and as a body they desired to express their hearty appreciation of the great work done by their Canadian colleagues, who were held in the highest respect, and took a pre-eminent position in mining circles throughout the whole world.

The engineer of to-day was the real pioneer of civilization. Canada was deeply indebted to her engineers, who had done so much to develop her illimitable resources. The great opportunities Canadian engineers had almost made those who lived in the States envious, but they were handicapped together in one great universal brotherhood, ever strong to emulate each others great feats, and to promote the advancement of science, which was for the benefit of all mankind.

In this spirit they desired to cooperate with their Canadian friends and to achieve greater results. The wealth of Great Britain and the United States practically controlled the industries of the world, certainly the whole of the mineral interests. The objects and aspirations of the whole of the Anglo-Saxon race were identical no matter which flag they lived under, and he considered it was the duty of them all to foster and maintain the good relations that now existed between them.

Mining engineering was looked upon with disfavor by many in consequence of the nefarious practices adopted by a certain class of people; these, however, were not the engineers who desired to pursue their avocations honestly, with skill and intelligence. As a body they would strongly oppose overcapitalization and the floating of worthless concerns, and they desired the co-operation of all, both in Canada, to the attainment of Great Britain to carry on this campaign.

Dr. Raymond, secretary of the institute; Dr. Douglas, past president; Professor Blake Arzoum, who spoke; Hon. Frank Cochrane invited all to visit Cobalt and New Ontario.

NOTORIOUS DISS DE BAR ARRESTED IN ENGLAND?

Detroit "Flying Roller" Thinks So—Had Planned to Defraud Toronto Man.

DETROIT, July 23.—(Special.)—It has just been discovered that Diss de Bar, who posed in Detroit and Windsor as Mother Elinor, head of the Flying Rollers, had planned to swindle Col. Lewis F. Newman, a mining stock broker, with offices in Toronto, out of \$50,000 worth of Cobalt mining stock, by representing herself as a sister of J. Pierpont Morgan.

She should have succeeded, members of the Flying Rollers say, had they not refused to go into the matter. Trustee Preston of the Flying Rollers says that Mrs. Josephine Leslie, arrested in Newmarket, England, for using the name of J. Pierpont Morgan to defraud prominent people out of large sums of fictitious stock deals, is no other than Diss de Bar, and will sail for England at once to identify her.

deal her delight. She gave all the credit for her victory to her many staunch friends, and asked that expression of her gratitude should be conveyed to them.

She also wanted to thank The World for its liberality in affording such a delightful trip, and to compliment it on the enterprise shown. Miss Board, who is employed in the business office of The Herald, said as soon as she was nominated she called on her friends and asked them to speak to their friends in her behalf.

"I didn't do much myself," she modestly observed, "but my friends became greatly interested and worked early and late."

She added that she was a member of Wesley Methodist Church and the Epworth League of the church.

Men's Pearl Grey Soft Hats, latest styles, fine English and American fur felt, regular \$1.50, Thursday 1.50

Men's Straw Sailor Hats, fine split braids, black silk bands, regular \$2 and \$2.50, Thursday 1.35

A Private Safe Robbed. \$20,000 in Jewels Stolen. Detectives are working on a \$20,000 jewel robbery from the private safe of J. W. Ceballos and brokers, who failed not long ago for something like \$4,000,000.

The moral is that most private safes are NOT safe for keeping valuables in. To the modern burglar they are but toys to play with.

Repeated happenings such as the above behoove Toronto citizens with jewels and other valuables to take no chances. Only the modern safety vault can circumvent the modern burglar.

Pinkertons in Plot to Convict Haywood

FOISE, Idaho, July 23.—Forsaking the theory of vengeance as Orchard's motive for the murder of former Governor Steunenberg, E. F. Richardson argued to-day that Orchard was in the employ of the Pinkerton Detective Agency, when he killed Steunenberg, and that the murder was a part of a conspiracy to hang Haywood.

This sudden departure was followed by a tremendous denunciation of the Pinkertons and passionate vituperation of Orchard, Governor Gooding of Idaho, Senator Borah, Governor Peabody of Colorado and in fact all who have acted on the side of the prosecution of Haywood came in for a share of the avalanche of Richardson's peroration.

Mr. Richardson denounced and charged the Pinkerton Detective Agency with a systematic plot to secure the conviction of Haywood, Meyer and Pettibone as a means to the desired extermination of the Western Federation of Miners.

THE TRAGEDY AT THE 800.

DETROIT, Mich., July 23.—The Canadian government has engaged Attorney E. S. B. Hutton to represent the crown at the Cadenhead inquest. The military, following regulations, decline to hand the prisoner over to the civil authorities.
