## Carpets and Curtains

The biggest home - furnishing event of the week - of the season, too, for that matter-is

our selling of Curtains and Carpets. Brand new goods, up-to-date in design and patterns, from the best manufacturers within reach, are

selling at a fourth, a third and even a half less than regular values. Already hundreds of wide-awake homeowners have been here to profit by these savings. You, too, can prove their merit by these lines, which we have reserved for Saturday:

#### New Lace Curtains.

900 pairs Nottingham Lace Curtains; 54 inches wide; 3½ yards long; all cord-edge finish; mostly single borders; nearly all in white; the designs are wrought in very pretty floral and spray effects; reg. value \$1.25 and \$1.50 per pair; Saturday one price. 

Carpets and Rugs. 

30 only Union Reversible Squares; sizes 3x3½ yards; all woven in one piece, with 18-inch interwoven border; artistic designs, with pretty colorings of crimson, green, blue, fawn and brown; suitable for bedrooms, etc.; regular price \$4.25 each; special sale price on 3.15

### More Good Boot News

This offering is beyond the realm of advertising description. Bargain adjectives fail miserably to do it justice, and the common run of store language is lacking in strength to set the powerful inducement properly before the people. We'll simply preface a plain statement of facts with the words, "Read, mark, inwardly digest," and leave the rest to you.

## Men's Clothing Needs

We think every man, boy and child in Toronto ought to buy clothing at this store. We believe those who buy here fare better than those who don't.

Because our assortments are so complete and comprehensive that no one need be disappointed;
Because styles here are sensible, worthy and up-to-date, and reflect the very newest fashion fancies that well-dressed men would select; Because qualities, in material as well as making, are free from all that is cheap, nasty and unworthy;
Because values here are always pleas ing, while prices cover such a wide range that buyers of every circum-stance are easily suited and satisfied.

The proof is easy. Come and judge for yourself. Be free to ask for goods to be shown you. Look around and make comparisons. The more you do the

better we'll like it.

Saturday they made one good 1 were just starting to emerge from the real estate depression when we were real estate depression when we were taken down with the mining craze. We were green in this business, and it cost us several millions to gain the valuable experience which we now possess. It looks now as if we had all the symptoms of another attack of the fever, this time the centre of the disturbance being the stock exchange. The number of investors and speculators on the stock exchange is increasing daily, both in the city and is contemplating a baby show as a one-day feature of this year's Exposition. His idea includes a perambulator parade—or as he calls it, a parade of horseless carriages—and he hopes to bring out emough babies to show what a grand climate is on tap here all the time for infants.

Mr. Hill says his difficulty will be most apparent when he has to choose speculators on the stock exchange is increasing daily, both in the city and thruout the province. Prices in some specialties have risen very rapidly, and if we are to believe the records of the stock exchange, fortunes are being made, not only every month and week, but almost hourly. Speculators week, but almost hourly. Speculators in steel and iron stocks find themselves richer by hundreds of dollars est men in Canada to accept the poevery time they take a walk around sition of judges. a block. The pace is becoming very = swift, and the mining craze of a few years ago threatens to be duplicated. A HEALTH POLICY It is just possible that the increase in the prices of the shares of iron and Mr. Sabin insures himself against the ravsteel companies may be warranted by the condition of the companies' properties at Sydney. It is known for a fact that they have immense deposits of coal, and it is also generally conceded that iron and steel can be made cheaper at Sydney than at any other place in the world. A large number of capitalists at any rate seem to entertain this idea, and it is they who are leading in the upward movement. On the other hand a great prescription.
