

The Sporting World

Toronto Claims to Have a Winning Ball Team.

St. Thomas' Pitcher Hardy—Spalding's Guide Published—Other Sporting News.

BASEBALL.
EMERSON OF PORT STANLEY ORGANIZED.

A very enthusiastic baseball meeting was held in the Commercial House, Port Stanley, for the purpose of organizing the Erie baseball club. The following officers were elected: President, C. Cronwell; vice-president, H. Gough; manager, A. Elison; treasurer, G. L. Gray; secretary, A. E. Gough. The meeting was largely attended. A first-class team will be placed in the field, and will be ready for all comers as soon as the weather permits. The boys intend giving a concert at an early date for the benefit of the club.

SPALDING'S GREAT GUIDE.

The popular manual of the national game, "Spalding's Official Baseball Guide," has just been issued as the March number of Spalding's Athletic Library, and contains everything relating to the national game. That it is the most complete work of the kind published goes without saying, as it was edited by the veteran writer, Henry Chadwick, the "Father of Baseball," than whom a more competent authority exists.

A resume of the campaign of 1937 in the National League gives very full particulars of what each club did in the season progressed. The records of all the league players who took part in fifteen games or more are appended. A feature of the guide which has attracted most favorable comment is the handsome half-tone pictures of the leading teams of the league, embracing all told, nearly 500 portraits of individual players.

A very good portrait of Anson, with an interesting article on his long and honorable career, is a feature. The most important feature of the guide, however, is the fact that it was subjected to a great deal of revision to recent league meeting. The amendments, as usual, are printed in italics, and can be noted at a glance.

The guide is for sale by all newsdealers, or will be sent postpaid in the United States or Canada on receipt of 10 cents by the American Sports Publishing Company, 241 Broadway, New York.

ST. THOMAS' PITCHER.

Hardy, the St. Thomas southpaw twirler, is visiting his home here, and will stay for a couple of weeks. When the weather will permit he will put in his time practicing on the grounds over the Don. Apart from a tendency to be wild, Hardy is a rattling line pitcher. He has great speed, sharp curves, and can change his pace when necessary.—Toronto News.

TORONTO'S FINE TEAM.

The Toronto Globe says: If anything Toronto will be stronger than they were at any stage of a season ago. Perhaps there is a weakness behind the bat, but that can easily be remedied. Besides Casey and Reid, Manager Irwin has two other catchers on his string, and though he intends to give Reid a thorough trial, if he does not come up to the mark he will get his walking papers in quick order. As far as pitchers are concerned no club in the league is as well provided. No fewer than eight twirlers are under contract, as follows: Williams, Gaster, Lipp, Kinsinger, McFarland, Sutherland, Baker and Johnson. Carney, on first, according to report, is very fit as good as St. Gann, and if records count for anything he is a better fielder. The old reliable Taylor will hold down second, while either Cockman or Fox will play third. As for the outfield, Gray, the star fielder of Buffalo last year, will play either left or center, and he will have for his side partners Sheehan and Freeman, two of the heaviest hitters in the business. The Toronto will be strong all the way around, and if they don't win the championship, they will be close up.

MONTREAL'S GOOD SHOWING.

Tuehmond, Va., April 7.—Montreal put up a gilt-edged game today, a much better one than their opponents, and yet through the hardest kind of hard luck they missed a victory by one run. The Canadians batted harder, ran bases better, and fielded quite as sharply as the home team, yet luck was against them.

Free Trial To Any Honest Man

The Foremost Medical Company
In the World in the Cure of
Weak Men Makes This Offer.

HEALTH AND ENERGY ASSURED.
HAPPY MARRIAGE, GOOD
TEMPER, LONG LIFE.

In all the world today—in all the history of the world—no doctor has ever made as many cures as the famous Dr. J. C. Williams of Buffalo, N. Y. This is due to the fact that his company controls some of the most powerful and effective medicines in the world.

SCIENCE TRIMMING THE LAMP OF LIFE.

So much deception has been practiced in advertising that this grand old company now for the first time makes this offer:

They will send their costly and magnificent effective medicine and a whole bottle of the same to every man who writes to them, and who will not be asked to pay a cent for it.

Not a dollar more and no more than a penny will be asked for the medicine.

The Erie Medical Company's medicine and medicine have been talked about and written about all over the world, and every man who writes to them, will receive a free trial of the same.

They restore or create strength, vigor, healthy blood and new life.

They induce sleep on the system that is the essence of health.

They cure nervousness, despondency and all the effects of evil living, excessive drinking, and every other ailment that is due to the system.

Failure is impossible and age is no barrier. This free trial, without expense, is offered to every man who writes to them, and who will not be asked to pay a cent for it.

No O. D. return, no bogus pills, no deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the **ERIE MEDICAL COMPANY**, BUFFALO, N. Y., and receive the complete details of this offer in this paper.

against them. Sowers was in the box for Montreal, and outside of the first innings pitched admirable ball. Conniff did the twirling for the home team. It was his first professional appearance. He was hit hard and steadily, but the fine work of the home team, which meant runs and victory, Score: Montreal 3, Sowers 1.

THE SAN FRANCISCO MEET.
San Francisco, April 7.—Weather clear, track fast. Results:

First race, purse, 5 furlongs—Sailcoy 1, Candieblack 2, Roscormond 3. Time, 1:02.

Second race, purse, 2-year-olds, half mile—Reina de Cuba 1, Seacato 2, Rante H. 3. Time, 1:49.

stations are kept nearer and cleaner than those presided over by men. Of the eighteen now in the service six are unmarried, and of the other twelve a play of the railroad."

They Will Get More Money.

Question of Salaries of Substitute Teachers Discussed.

Recommendations to the Board of Education—Applications and Appointments—Other Matters.

No. 1 committee of the board of education, at its meeting last night, passed a resolution, which, if adopted by the board, will prevent in future any dispute between principals and substitute teachers. This has led to no little trouble. According to the rules heretofore, substitutes for principal teachers were allowed \$1 per day, while the principals were allowed to retain the balance of their salaries. This Dr. Teasdale considered an injustice. He thought that where a teacher was qualified to take a place worth \$3 per day, he should receive at least \$2 of the same. In accordance with his resolution, the following resolutions were passed unanimously:

"That gentlemen teachers holding first or second class certificates receive \$2 per day for substituting in Third or Fourth Book classes."

"That lady teachers holding first or second class professional certificates receive \$1.50 per day while substituting for a regular teacher in attendance at the Normal School."

The flag day question was put through in short order, and the secretary ordered to write Mr. Fessenden, of Hamilton, and Hon. George W. Ross, expressing the board's sympathy with the movement. In the meantime, if the idea is approved of throughout the province, the minister of education will be asked to fix a day. Inspector Carson suggested May 24 or Dominion Day.

Miss Williams and Miss Piewes were recommended for the position of assistant to Miss McMechan at the Queen's street school. The matter was sent to the board for their recommendation.

The application of Miss Down to a position on the kindergarten staff was laid over, awaiting the reply of the board. The matter was sent to the board for their recommendation.

Miss Nichol was appointed transition teacher in Osborne street south school. Miss Hanson, of the Collegiate Institute staff, was granted another month's leave of absence.

The school supplies caused some discussion. Trustees Strong and Macpherson advocated that the school should buy their own supplies, and that the board should buy their own supplies.

His Lordship's Narrow Escape

Close Call.

His Carriage Struck by a Trolley on Richmond Street.

The Bishop Unable to Liberate Himself Until the Horses Were Stopped—The Street Car System Tied Up in Consequence—A Prayer of Gratitude.

The Bishop of Huron had an unpleasant experience last evening just before 8 o'clock.

He was being driven to St. Paul's Cathedral by Captain Jas. Stone. When the carriage turned from the west to the east clear the tracks in time, and the carriage was struck by a trolley car going north. Both the hind wheels of the carriage were knocked off, and the driver was hurled to the pavement.

The situation was very serious for the bishop, as he was practically imprisoned in the closed carriage. The horses started on a gallop, and another trolley car was approaching, and a second collision seemed inevitable, when a pedestrian ran out and plucked the horse by the bridle, and the trolley car was stopped in time. Mr. Harry Archer, of the Advertiser, was passing at the time and ran to the aid of the bishop, and was the first to get into the carriage. He had an abson over his eye and was much shaken up and bruised. His condition was such that he was unable to proceed to his residence. The Dean of Huron officiated in his place, the bishop taking a seat among the horses. The latter were informed of his experience, and a second collop was a heartfelt prayer of gratitude for the bishop's escape. Canon Dunn read the scripture lesson.

The trolley car was so much damaged that it could not proceed. As a result, the street car system of the city was tied up for half an
